REBUTTAL TO ARGUMENT AGAINST MEASURE N

Opponents of Measure N mischaracterize its purpose and impact. Measure N is not about national inflation, foreign debt, or politics. It is a local solution to maintain Clayton's landscaping, parks, trails, and open spaces, helping keep our community safe, clean, and attractive. The question before voters is how to responsibly fund these services in the years ahead.

The cost of maintaining more than 500 acres of open space, 27 miles of trails, landscaping, tree trimming, irrigation systems, weed abatement, fire mitigation, and other public areas has increased significantly over time. When funding remains fixed while labor, water, fuel, materials, and contract costs rise, service levels can decline. Measure N is designed to provide a sustainable local funding source that helps maintain existing service levels as costs change.

Suggestions that volunteers or sponsorships can replace dedicated funding are unrealistic. While community involvement is valuable and appreciated, it cannot provide the consistent resources required for year-round maintenance. These services depend on trained personnel, specialized equipment, insurance, accountability, and reliable funding.

Concerns about ballot language should be evaluated based on the actual text of Measure N and applicable election law. California law provides procedures for resolving disputes regarding ballot language and compliance.

Ultimately, Measure N is about stewardship and community responsibility. It will provide a stable, transparent funding source dedicated to preserving Clayton's parks, trails, landscaped areas, and open space. Voting **Yes on Measure N** helps ensure that Clayton continues to reflect the pride residents take in their community and remains a place where families and businesses can thrive.

The undersigned proponent(s) or author(s) of the Rebuttal to Argument Against Measure M at the General Election for the City of Clayton, to be held on 11/3/2026, hereby state that this argument is true and correct to the best of (his/her/their) knowledge and belief.
