MEASURE H
CITY OF ONTARIO

IMPARTIAL ANALYSIS OF MEASURE H

This Impartial Analysis of Measure H has been prepared by the City Attorney pursuant to Section 9280 of the California Elections Code.

On August 7, 2026, the City Council voted to place Measure "H" on the November 3, 2026 General Municipal Election ballot.

If approved by a majority of Ontario voters, this Measure would authorize a one-half percent (1/2%) retail transactions and use (sales) tax within the City of Ontario. A one-half percent (1/2%) rate equates to an extra 50¢ per $100 purchased. It is estimated that Measure "H" will provide an additional $32,500,000 in annual local funding that could be used for maintaining general City services such as 911 fire, paramedic and police response, anti-gang programs, cleaning and maintaining public areas, repairing streets and potholes, addressing homelessness, increasing access to affordable housing for seniors, families and individuals, and retaining and attracting local businesses. This tax would be a "general tax," meaning that revenues raised from the tax would go into the City's general fund to pay for any lawful City program, improvement, or service.

California Proposition 218 and Revenue and Taxation Code section 7285.9 authorize the City to levy a general transactions and use/sales tax at a rate of one-half percent (1/2%) so long as the tax is approved by a majority of the voters voting in an election on that issue. If approved, the tax would start being collected on April 1, 2027 and would remain in effect until repealed by voters at a subsequent election.

The tax would be paid in addition to current sales taxes and would be collected at the same time and in the same manner as existing sales taxes. All revenues raised by the tax would remain in the City and would not be shared with the State, County or any other agency.

A "yes" vote on Measure "H" will authorize the 1/2% transactions and use (sales) tax.

A "no" vote on Measure "H" will not authorize the 1/2% transactions and use (sales) tax.

The above statement is an impartial analysis of Measure "H". If you desire a copy of the Measure, please call the City's elections official at (909) 395-2000 and a copy will be mailed at no cost to you.

City Attorney

ARGUMENT IN FAVOR OF MEASURE H

This Argument in Favor of Measure H was submitted pursuant to Section 9282 of the California Elections Code. It is the opinion of the author(s), and has been printed exactly as submitted.

Yes on Measure H for a Safer, Stronger Ontario

Vote YES on Measure H to maintain a safe, strong Ontario for all residents. Quality of life matters. Having safe neighborhoods, streets in good repair and strong public safety services helps ensure we maintain it.

Fast emergency response times save lives. Whether it's a medical emergency or house fire, every second counts. Ontario families deserve to know help is on the way.

Measure H helps maintain fire, paramedic, and 911 emergency services so first responders are there when we need them most.

Measure H keeps parks, playgrounds, trails, and public spaces maintained, safe and clean, giving children safe places to play and families clean recreational areas.

Reducing traffic, repairing potholes and investing in drinking water infrastructure is a priority. **Measure H makes our roads safer** for children and drivers, and provides locally controlled funding so we have clean, reliable water and avoid costly repairs.

Measure H expands affordable housing for veterans, seniors, and working families struggling with the rising cost of living, and supports proven programs connecting homeless residents to shelter, treatment, and outreach services.

ARGUMENT IN FAVOR – Continued on next page

Measure H has a clear system of transparency and accountability.
Every dollar of Measure H stays under local control and cannot be taken by the state or county. Independent audits and public disclosure ensure every penny is spent as promised.

Essential purchases like groceries, prescription medications, and diapers are exempt.

Measure H protects public safety and the essential services residents rely on every day.

- Maintain fire, paramedic, police, and 911 emergency response
- Repair streets and potholes, and reduce dangerous speeding
- Keep neighborhoods and public spaces safe, clean, and well maintained
- Expand affordable housing for seniors, veterans, and working families
- Support proven programs addressing homelessness

Firefighters, Police Officers, Neighbors, and Small Business Owners all agree – Vote Yes on Measure H!

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE H

This Rebuttal to Argument in Favor of Measure H was submitted pursuant to Section 9285 of the California Elections Code. It is the opinion of the author(s), and has been printed exactly as submitted.

Highest Sales Tax Rate
Measure H is another Forever Tax. It raises Ontario's sales tax from 8.75% to 9.25%, with no end date, giving Ontario the highest sales tax rate in San Bernardino County.

Wrong Tax - Worst Time
Families face rising costs; small businesses fight to stay competitive. Measure H makes shopping in Ontario more expensive, pushing shoppers elsewhere.

Taxing You Is Unnecessary
Other Inland Empire cities pursue warehouse and industrial taxes instead of raising your sales tax. Ontario City Council should consider those options before asking families and small businesses to pay more.

Promises Without Guarantees
Measure H doesn't dedicate one dollar to firefighters, paramedics, police or 911. The Ontario City Council can spend all $32.5 million elsewhere and still comply.

A $32.5 Million City Council Piggy Bank
Measure H puts about $32.5 million a year into the Ontario City Council's piggy bank. Police, fire, potholes, parks, housing and homelessness are promised, but there are no funding guarantees.

Audits Don't Guarantee Spending
The Argument in Favor claims audits ensure "every penny is spent as promised." Audits show where money goes; they can't force the Ontario City Council to spend it as promised.

Ontario Residents and Businesses Don't Agree
The Argument in Favor claims neighbors and small business owners "all agree." They don't. Ontario residents and business owners oppose this tax and signed the official Argument Against. None of the Argument in Favor signers lives in Ontario.

If Public Safety Is the Promise, Put It in the Law.
They don't.

Vote NO on Measure H.

ARGUMENT AGAINST MEASURE H

This Argument Against Measure H was submitted pursuant to Section 9282 of the California Elections Code. It is the opinion of the author(s), and has been printed exactly as submitted.

Stop Another Ontario City Council Sales Tax Increase
VoteNoOnH.com

In 2022, the Ontario City Council promised Measure Q would meet the City's needs. Voters approved a 1% sales tax bringing City Hall $60 million a year.

Four years later, they're back with the same promises, demanding another permanent tax. What happened to the first one?

Highest Sales Tax
Measure H would raise Ontario's sales tax to 9.25%, giving Ontario the highest sales tax in San Bernardino County.

The City Council wants Ontario taxpayers to pay the County's highest sales tax.

Another "Forever Tax"
Measure H has no expiration, just like Measure Q.

Another Blank Check
Measure H gives the City Council another $32.5 million every year to spend however it wants.

Vanity Projects, Not Neighborhoods
Instead of promised neighborhood services, the City Council poured Measure Q money into massive projects, including the Ontario Sports Empire, estimated at nearly $500 million.

They got their luxury box. We got the bill.

No Independent Oversight
Again, City Hall monitors City Hall. No Independent Citizens' Oversight. No guarantee politicians spend the money as promised.

Measure H comes down to trust. Can we trust this City Council with another blank check?

FBI Raids In Ontario
The FBI searched Councilmember Alan Wapner's home and Ontario International Airport. Ontario City Hall received a federal subpoena.

This is the worst time to give the City Council millions more in unrestricted tax money.

Wrong Time For Another Tax
Families and small businesses are struggling with higher costs. The City Council shouldn't make everything we buy even more expensive.

Warehouses Should Pay
Ontario is a warehouse and logistics powerhouse. Redlands taxes large distribution centers. Perris is pursuing a warehouse and industrial tax.

The Ontario City Council never considered making big warehouse operators pay more before taxing everyone again.

Ontario families make tough choices. The City Council should too.

Vote No on the Ontario City Council Sales Tax.

REBUTTAL TO ARGUMENT AGAINST MEASURE H

This Rebuttal to Argument Against Measure H was submitted pursuant to Section 9285 of the California Elections Code. It is the opinion of the author(s), and has been printed exactly as submitted.

Ontario's quality of life depends on delivering the essential services to our residents—fast emergency response times, clean parks, and safe roads.

This truth is lost on our opponents, who didn't even take the time to do their homework and learn the facts about Measure H.

Here are the facts:

- **Measure H requires a transparent, clear system of accountability.** Public disclosure of all spending and annual independent financial audits ensure accountability. That's not a talking point; it's built into the text of the measure to make sure every penny is accounted for.
- **Measure H ensures everyone pays their fair share.** Warehouses and commercial activity will pay, but so will visitors, workers, shoppers, and anyone else passing through Ontario—helping fund the essential services residents depend on.
- **Measure H funds rapid, reliable fire, paramedic, and 911 response.** In an emergency, every second counts. Measure H ensures first responders are there when we need them most.
- **Measure H makes our roads safer.** Fixing potholes, repairing roads, and reducing traffic can make our streets safer while helping avoid costly repairs later.
- **Measure H expands affordable housing.** As the cost of living continues to rise, Measure H helps veterans, seniors, and working families through programs that reduce homelessness and make Ontario more affordable.

Don't just take our word for it. Trust the firefighters and police officers who keep us safe. Carpenters, laborers, and small business owners who fuel our economy. Trust the working-class, blue-collar people who live in Ontario. They all did their homework. Vote Yes on H!
