BOND MEASURE Z
SAN BERNARDINO CITY UNIFIED SCHOOL DISTRICT

IMPARTIAL ANALYSIS OF BOND MEASURE Z

This Impartial Analysis of Bond Measure Z has been prepared by County Counsel pursuant to Section 9500 of the California Elections Code.

This Measure was placed on the ballot by a resolution adopted by the Board of Education of the San Bernardino City Unified School District (District). A "yes" vote by at least fifty-five percent of the voters voting on this Measure will authorize the District to issue bonds in the amount of up to $345,000,000 to be used solely for the purposes set forth in this ballot Measure. A "no" vote means that the District will not be authorized to issue and sell the up to $345,000,000 in bonds set forth in the Measure.

The District's Resolution was adopted pursuant to California Education Code sections 5304, 5322, 15100 et seq., 15266, and Articles XIIIA and XVI of the California Constitution. The bond proceeds may only be used for specific projects listed in the "Bond Project List." The "Bond Project List" section contains the specific projects the District proposes to finance with proceeds from the sale of the bonds authorized by this ballot Measure and the bond proceeds may only be used for those specific projects. These projects include: renovation and construction projects to replace portable classrooms with permanent facilities; construction or acquiring and installing additional classrooms; modernizing all classrooms for current educational standards, including upgrading technology equipment; improvement to school grounds to create innovative indoor and outdoor learning areas; construction, replacement, improvement, renovation, or acquisition and installation of restrooms, warming kitchens, Early Learning Centers, Transitional Kindergarten facilities, Career Technical Education classrooms, auditoriums, performing arts classrooms, physical education facilities, green spaces, playgrounds, playfields, and other projects; energy-efficient upgrades to equipment; construction of a new school to reduce overcrowding; and various other projects. Some of the projects listed in the Measure may assume the receipt of matching State funds which may or may not be approved by the State Legislature.

The District will conduct financial and performance audits annually and all bond expenditures will be monitored by an Independent Citizens' Oversight Committee to ensure that the bond proceeds are spent as promised and specified as required by Education Code section 15278 et seq. in order to ensure bond revenues are used for proper purposes and that no funds are used for any teacher or administrative salaries or other operating expenses. No District employees or vendors will be allowed to serve on the Citizens' Oversight Committee. The District will also take all actions necessary to establish an account in which proceeds from the bond measure will be deposited in accordance with state law.

The bonded debt will be a general obligation of the District and will be financed by taxes levied annually on taxable property located within the District.

LAURA FEINGOLD
County Counsel
s/ JOLENA E. GRIDER
Deputy County Counsel

ARGUMENT IN FAVOR OF BOND MEASURE Z

This Argument in Favor of Bond Measure Z was submitted pursuant to Section 9501 of the California Elections Code. It is the opinion of the author(s), and has been printed exactly as submitted.

San Bernardino students deserve safe schools. Your YES vote on Measure Z will deliver essential repairs and safety upgrades.

Many of our local schools were built over 55 years ago and need major repairs and updates. Underground pipes and infrastructure are deteriorating, 25+ year-old AC units leave students sitting in temperatures that can reach 90+ degrees. Last year, there were 734 roof leaks across SBCUSD campuses, resulting in expensive repairs.

In the long term, it costs us more to patch up deteriorating portable classrooms and leaky roofs than it does to replace them. We cannot afford more band aid solutions.

That is why we need Measure Z.

Measure Z is a cost-effective investment that will help repair our schools now, attract and retain quality teachers in classrooms, and ensure students can focus on learning in safe, comfortable classrooms.

ARGUMENT IN FAVOR – Continued on next page

The Math is Simple. Measure Z = Essential Repairs and Upgrades:

- Repair leaky roofs
- Repair 25 year-old heating, AC, and ventilation units
- Upgrade classrooms, labs, and technology to meet modern academic standards
- Upgrade older schools to meet current health and building safety codes

A vote for Measure Z is a vote for safe, high-quality schools and career technical education for every one of our local students, setting them up for success in college and good-paying jobs.

Strict Fiscal Accountability:

- All funds must be spent on our local schools and cannot be taken by the State
- Annual independent audits and a citizens' oversight committee will ensure funds are spent as promised
- A detailed project list describing how bond funds will be used

San Bernardino City Unified School District serves nearly 45,000 students. Every student deserves a school that is safe, secure, and sets them up for success. Vote YES on Measure Z for essential repairs and safe schools.

s/ Barbara Pastuschek-Cox, President of the San Bernardino Teachers Association
s/ Richard Imbriani, Former SBCUSD Athletic Director

TAX RATE STATEMENT FOR BOND MEASURE Z

An election will be held in the San Bernardino City Unified School District (the "District") on November 3, 2026, to authorize the sale of up to $345,000,000 in bonds of the District to finance school facilities as described in the measure. If the bond measure is approved by at least 55% of the voters of the District voting on the bond measure, the District expects to issue the bonds in multiple series over time. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400 through 9405 of the California Elections Code.

1. The best estimate of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of filing this statement, is $45.00 per $100,000 of assessed valuation. The final fiscal year in which the tax to be levied to fund this bond issue is anticipated to be collected is fiscal year 2056-57.

2. The best estimate of the highest tax rate that would be required to be levied to fund this bond issue, based on estimated assessed valuations available at the time of filing this statement, is $45.00 per $100,000 of assessed valuation in fiscal year 2027-28.

3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all of the bonds are issued and sold is approximately $670,286,938.

Voters should note that estimated tax rates are based on the *ASSESSED VALUE* of taxable property on the County's official tax rolls, ***not*** on the property's market value, which could be more or less than the assessed value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon the District's projections and estimates only, which are not binding upon the District. The average annual tax rate, the highest tax rate, the final fiscal year in which the tax is anticipated to be collected and the year or years in which they will apply, and the actual total debt service, may vary from those presently estimated for a variety of reasons, including, without limitation, due to variations in the timing of bond sales, the amount or amortization of bonds sold, market conditions at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount or amortization of bonds sold at any given time will be determined by the District based on need for project funds and other factors, including the legal limitations on bonds approved by a 55% affirmative vote. Market conditions, including, without limitation, interest rates, are affected by economic and other factors beyond the control of the District and will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process. The growth or decline in assessed valuation is the result of a number of economic and other factors outside the control of the District.

Dated: July 21, 2026.

s/ Mauricio Arellano
Superintendent
San Bernardino City Unified School District

FULL TEXT FOR BOND MEASURE Z

SAN BERNARDINO CITY UNIFIED SCHOOL DISTRICT
SAFE SCHOOLS RENOVATION AND CONSTRUCTION MEASURE

This school improvement bond measure may be known and referred to as the "San Bernardino City Unified School District Safe Schools Renovation and Construction Measure" or as "Measure Z".

BOND AUTHORIZATION

By approval of this school improvement bond measure by at least 55% of the voters of the San Bernardino City Unified School District (the "District") voting on the measure, the District shall be authorized to issue and sell bonds of up to $345,000,000 in aggregate principal amount to provide financing for the specific school facilities projects listed under the heading entitled "BOND PROJECT LIST" below (the "Bond Project List"), and allow the District to qualify to receive potential State of California matching grant funds, subject to all of the accountability safeguards specified below.

ACCOUNTABILITY SAFEGUARDS

The provisions in this section are specifically included in this school improvement bond measure in order that the voters and taxpayers of the District may be assured that their money will be spent to address specific school facilities needs of the District, all in compliance with the requirements of Article XIIIA, Section 1(b)(3) of the Constitution of the State of California (the "California Constitution"), and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Sections 15264 and following of the California Education Code).

Evaluation of Needs. The Board of Education of the District (the "Board") has evaluated the facilities needs of the District to determine which projects to finance from a local bond at this time. To address the facilities needs of the District, the Board deems it necessary and advisable to fund the specific school facilities projects listed in the Bond Project List. The Board hereby certifies that it has evaluated safety, class size reduction and information technology needs in developing the Bond Project List.

Limitations on Use of Bonds. Proceeds from the sale of bonds authorized by this school improvement bond measure shall be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses. More specifically, the Bond Project List provides for the specific projects the District proposes to finance with proceeds from the sale of bonds authorized by this school improvement bond measure and such proceeds shall be applied only to those specific purposes.

Independent Citizens' Oversight Committee. In accordance with and pursuant to California Education Code Section 15278 *et seq.*, the Board shall establish an independent citizens' oversight committee, within 60 days of the date that the Board enters the election results on its minutes pursuant to Section 15274 of the California Education Code, to ensure that (a) bond revenues are expended only for the purposes specified in Article XIIIA, Section 1(b)(3) of the California Constitution, and (b) that no funds are used for any teacher or administrative salaries or other school operating expenses. In accordance with Section 15282 of the California Education Code, the citizens' oversight committee shall consist of at least seven members and shall include a member active in a business organization representing the business community located within the District, a member active in a senior citizens' organization, a member active in a bona fide taxpayers' organization, a member that is a parent or guardian of a child enrolled in the District, and a member that is both a parent or guardian of a child enrolled in the District and active in a parent-teacher organization. The committee may be comprised of the same members of the citizens' oversight committees for other District bond measures. No employee or official of the District and no vendor, contractor or consultant of the District shall be appointed to the citizens' oversight committee.

Annual Performance Audits. In compliance with the requirements of Article XIIIA, Section 1(b)(3)(C) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000, the Board shall conduct an annual, independent performance audit to ensure that the proceeds from the sale of bonds authorized by this school improvement bond measure have been expended only on the school facilities projects listed in the Bond Project List. These audits shall be conducted in accordance with the Government Auditing Standards issued by the Comptroller General of the United States for performance audits. The results of these audits shall be made publicly available and shall be submitted to the citizens' oversight committee in accordance with Section 15286 of the California Education Code.

FULL TEXT – Continued on next page

Annual Financial Audits. In compliance with the requirements of Article XIIIA, Section 1(b)(3)(D) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000, the Board shall conduct an annual, independent financial audit of the proceeds from the sale of bonds authorized by this school improvement bond measure until all of those proceeds have been spent for the school facilities projects listed in the Bond Project List. These audits shall be conducted in accordance with the Government Auditing Standards issued by the Comptroller General of the United States for financial audits. The results of these audits shall be made publicly available and shall be submitted to the citizens' oversight committee in accordance with Section 15286 of the California Education Code.

Special Bond Proceeds Account; Annual Report to Board. In compliance with the requirements of California Government Code Section 53410 and following, upon approval of this school improvement bond measure and the sale of any bonds approved, the Board shall take actions necessary to establish an account in which proceeds of the sale of bonds authorized by this school improvement bond measure shall be deposited. In compliance with the requirements of California Government Code Section 53411, as long as any proceeds of the bonds remain unexpended, the chief fiscal officer of the District shall cause a report to be filed with the Board at least once a year, stating (a) the amount of funds collected and expended in that year, and (b) the status of any project required or authorized to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the chief fiscal officer of the District shall determine, and may be incorporated into the annual budget, audit, or other appropriate routine report to the Board.

FURTHER SPECIFICATIONS

Joint-Use Projects. The District may enter into agreements with other public agencies or nonprofit organizations for joint use of the school facilities financed with the proceeds from the sale of bonds authorized by this school improvement bond measure in accordance with California Education Code Section 17077.42 (or any successor provision). The District may seek State grant funds for eligible joint-use projects as permitted by law, and this school improvement bond measure hereby specifies and acknowledges that, subject to the limitations on the uses provided for herein, the proceeds from the sale of bonds authorized by this school improvement bond measure will or may be used to fund all or a portion of the local share for any eligible joint-use projects identified in the Bond Project List or as otherwise permitted by California State regulations, as the Board shall determine.

Single Purpose. All of the purposes enumerated in this school improvement bond measure shall be united and voted upon as one single measure, pursuant to California Education Code Section 15100, and all the enumerated purposes shall constitute the specific single purpose of the bonds, and the proceeds from the sale of bonds authorized by this school improvement bond measure shall be spent only for such purpose, pursuant to California Government Code Section 53410.

Other Terms of the Bonds. When sold, the bonds shall bear interest at an annual rate not exceeding the statutory maximum, and that interest shall be made payable at the time or times permitted by law. The bonds may be issued and sold in several series, and no bond shall be made to mature more than the statutory maximum number of years from the date borne by that bond.

BOND PROJECT LIST

The Bond Project List below lists the specific projects the District proposes to finance with proceeds of the bonds. The Bond Project List shall be considered a part of this school improvement bond measure and shall be reproduced in any official document required to contain the full statement of the school improvement bond measure. Listed projects will be completed as needed at a particular school or school facility site according to Board-established priorities, and the order in which such projects appear on the Bond Project List is not an indication of priority for funding or completion. Insofar as permitted by law, each project is assumed to include its share of costs of the election and bond issuance, construction-related costs, such as project and construction management, architectural, engineering, permitting and entitlements, inspection and similar planning and testing costs, demolition and interim facility costs, legal, accounting and similar fees, costs related to the independent annual financial and performance audits, a contingency for unforeseen design and construction costs, and other costs incidental to or necessary for completion of the listed projects (whether the related work is performed by the District or third parties). The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. In addition, certain project funds expected from non-local bond sources, including State of California grant funds for eligible projects, have not yet been secured. Therefore, the Board cannot guarantee that the bond proceeds will provide sufficient funds to allow completion of all listed projects. Alternatively, if the District obtains unexpected funds from non-local bond sources with respect to listed projects, such projects may be enhanced, supplemented or expanded to the extent of such funds. Some projects may be subject to further government approvals, including by State officials and boards and/or local environmental or agency approval. Inclusion of a project on the Bond Project List is not a guarantee that the project will be completed (regardless of whether bond funds are available).

FULL TEXT – Continued on next page

The specific projects authorized to be financed with proceeds from the sale of bonds authorized by this school improvement bond measure are as follows:

DISTRICTWIDE SAFE SCHOOLS
RENOVATION AND CONSTRUCTION PROJECTS

The following projects are authorized to be financed at or for the benefit of all school facilities sites Districtwide:

- Replace portable classrooms with permanent classrooms.
- Construct or acquire and install additional classrooms and related facilities.
- Renovate, construct, replace and/or modernize all classrooms for current educational standards, including acquiring, installing and/or upgrading technology equipment, fixtures and infrastructure.
- Construct, reconfigure, modify and/or acquire and install school facilities and improvements to school grounds to create innovative indoor and outdoor learning areas and spaces, including outdoor learning areas, shade structures, and walkways.
- Construct, replace, improve, renovate and/or acquire and install restrooms.
- Construct, replace, improve, renovate and/or acquire and install warming kitchens.
- Modernize, upgrade, renovate, rehabilitate, re-configure, expand and/or upgrade classrooms, classroom buildings, restrooms, common areas and school support facilities (including library, multipurpose room/auditorium, food storage, preparation and service, cafeteria and office/staff support facilities), whether permanent, portable or modular, including interior and exterior (as applicable) doors, windows, door and window hardware, roofs, rain gutters and downspouts, pillars, structural supports, walls, ceilings and floors and finishes, paint, siding, insulation, casework, surfaces, cabinets, secured storage, carpets, drapes, window coverings, infrastructure, lighting, sinks, drinking fountains, fixtures, signage, furniture and equipment.
- Remove, repair, and refinish building and site areas damaged by dry rot, water, termites, etc.
- Erosion mitigation improvements to grounds and buildings.
- Construct, replace, improve, renovate and/or acquire and install Early Learning Centers and construct, improve and/or expand Transitional Kindergarten facilities and learning spaces.
- Construct, replace, improve, renovate and/or acquire and install Career Technical Education classrooms and labs.
- Make energy-efficiency upgrades and acquire and install energy efficient equipment and systems to reduce carbon footprint, to promote energy efficiency, reduce maintenance costs and promote climate resiliency and sustainability, including sustainable building improvements (e.g., windows, lighting, electrical systems panels, HVAC, water systems, distribution and storage systems, energy efficiency/management monitoring systems, networks, fixtures, equipment and controls, etc.).
- Repair or replace roofs.
- Construct, replace, improve, renovate and/or acquire and install auditoriums and performing arts classrooms, centers and related facilities.
- Construct, replace, improve, renovate and/or acquire and install physical education facilities and grounds, including gymnasiums, locker rooms, fields, courts, turf, outside instructional areas, paved and other hard surfaces, and replace, acquire and/or install furniture, equipment and fixtures in such facilities and areas.
- Construct, replace, improve, renovate and/or acquire and install green spaces, including hard and softscapes, irrigation and drainage, and shade structures.
- Construct, replace, improve, renovate and/or acquire and install playgrounds, playfields and other play spaces, including replacing turf and installing new irrigation and drainage systems, and acquire, improve, replace and/or upgrade playground equipment and fixtures.
- Renovate, replace, upgrade, expand, and/or install walls, gates, fencing, and landscaping.
- Reconfigure, renovate, repair, resurface, improve and/or expand parking lots and related areas, including ingress and egress areas, student pick-up/drop-off areas, and parking areas.

FULL TEXT – Continued on next page

- Renovate, replace, upgrade, acquire, install and/or integrate major site/building/utility systems, equipment and related infrastructure and casing, including lighting, electrical (including wiring and related infrastructure for modern technology), heating, refrigeration, cooling and ventilation (including HVAC), plumbing, water, sewer, gas, irrigation, drainage, and energy efficiency/management monitoring systems, networks, fixtures, equipment and controls.
- Upgrade, construct, expand and/or acquire and install safety and security improvements, equipment, fixtures and systems, including fencing, gates, master key and lock systems, lighting, alarm systems, fire detection and suppression systems, emergency signage, safety doors, camera and video surveillance systems, and emergency communication systems.
- Make safety and accessibility improvements and/or eliminate or mitigate health and safety risks and/or comply with local, state and federal building, health, safety, access and other related requirements, including requirements of the Field Act and the Americans with Disabilities Act (ADA).
- Wildfire hardening and prevention improvements to school facilities and grounds.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the California Education Code (or any successor provision).

CONSTRUCTION OF A NEW SCHOOL

Acquisition and construction of a new school and related facilities, based on projected student demographics, designed to meet student housing needs and reduce student overcrowding, combined with special education administration facilities, including:

- Acquisition of land and any rights-of-way and easements made necessary by construction of such facilities.
- Planning, designing and constructing the school and related facilities.
- Associated onsite and offsite development and other improvements made necessary by construction of such facilities.
- Acquisition and installation of furnishings and equipment related to the newly constructed facilities.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the California Education Code (or any successor provision).

MISCELLANEOUS

All listed bond projects include the following as needed:

- Planning and designing necessary for listed bond projects.
- The inspection, sampling and analysis of grounds, buildings and building materials to determine the presence of hazardous materials or substances, including asbestos, lead, etc., and the encapsulation, removal, disposal and other remediation or control of such hazardous materials and substances.
- Seismic and historical evaluations, site surveys (including topographic, geological and utility surveys), and infrastructure analyses.
- Necessary onsite and offsite preparation or restoration in connection with new construction, renovation or remodeling, or installation or removal of relocatable buildings or other temporary buildings, including demolition of structures; removing, replacing, or installing irrigation, drainage, utility lines (gas, water, sewer, electrical, data and voice, etc.), trees and landscaping; and relocating fire access roads or ingress/egress pathways.
- Address other unforeseen conditions revealed by construction, renovation or modernization (including plumbing or gas line breaks, dry rot, seismic and structural deficiencies, etc.).

FULL TEXT – Continued on next page

- Acquire or construct other improvements required to comply with building codes, including seismic safety requirements, the Field Act, and access requirements.
- Acquisition of any rights-of-way, easements, licenses and/or real property made necessary by listed bond projects, or lease of real property made necessary by the listed bond projects.
- Acquire or construct storage facilities and other space on an interim basis, as needed to accommodate construction materials, equipment, and personnel.
- Furnishing and equipping of classrooms and other school facilities; furnishing and equipping shall include initial purchases, and scheduled and necessary replacements, upgrades and updating of technology.
- Acquisition of all or a portion of any school site or facility, or an interest therein, or make lease payments with respect to any school site or facility, encumbered in order to finance or refinance the listed school facilities projects.
- All other costs and work necessary or incidental to the listed bond projects.

PROJECTS INVOLVING RENOVATION, REHABILITATION OR REPAIR

For any project involving renovation, rehabilitation or repair of a building or the major portion of a building, the District shall be authorized to proceed with new replacement construction instead (including any necessary demolition) if the Board determines that replacement new construction is more practical than renovation, rehabilitation or repair, considering the building's age, condition, expected remaining life, comparative cost and other relevant factors.

GENERAL PROVISIONS

Interpretation. The terms of this school improvement bond measure and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this school improvement bond measure within the authority provided by law, including Article XIIIA, Section 1(b)(3) of the California Constitution, California Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. Without limiting the generality of the foregoing, such words as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used in the Bond Project List to describe school facilities projects in plain English and are not intended to expand the nature of such projects beyond, or have an effect on, and shall be interpreted to only permit, what is authorized under Article XIIIA, Section 1(b)(3) of the California Constitution, California Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. In this regard, the Bond Project List does not authorize, and shall not be interpreted to authorize, expending proceeds of the sale of bonds authorized by this school improvement bond measure for current maintenance, operations or repairs. The school facilities projects on the Bond Project List only authorize capital expenditures.

Estimated Ballot Information. The Board hereby declares, and the voters by approving this school improvement bond measure concur, that the information included in the statement of the bond measure to be voted on pursuant to Section 13119 of the California Elections Code is based upon the District's projections and estimates only and is not binding upon the District. The amount of money to be raised annually and the rate and duration of the tax to be levied for the bonds may vary from those presently estimated due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for project funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Headings. The headings or titles of the sections of the bond measure, including any headings or titles included in the Bond Project List, are solely for convenience of reference and shall not affect the meaning, construction or effect of the bond measure.

FULL TEXT – Continued on next page

Severability. The Board and the voters hereby declare that every portion, section, subdivision, paragraph, clause, sentence, phrase, word, application and individual project (individually referred to as "Part" and collectively as "Parts"), of this school improvement bond measure has independent value, and the Board and the voters would have adopted each Part hereof regardless of whether any other Part of this school improvement bond measure would be subsequently declared invalid. Upon approval of this school improvement bond measure by the voters, should any Part of this school improvement bond measure be found by a court of competent jurisdiction to be invalid for any reason, all remaining Parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the Parts of this school improvement bond measure are severable.

STATEMENT REQUIRED UNDER EDUCATION CODE SECTION 15122.5

Approval of Bond Measure Z does not guarantee that the proposed project or projects in the San Bernardino City Unified School District that are the subject of bonds under Bond Measure Z will be funded beyond the local revenues generated by Bond Measure Z. The District's proposal for the project or projects may assume the receipt of matching State funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.
