**Argument In Favor Of Measure ____**

**REPEAL OF LEGACY MEASURE A (1997) ANNUAL SPECIAL TAX FOR POLICE AND DISPATCH SALARIES AND BENEFITS IN ORDER TO PAVE A PATH FOR AN UPDATED AND MODERNIZED SPECIAL TAX MEASURE.**

Voting YES repeals the outdated $80 legacy Measure A special tax for police and dispatch salaries and benefits.

Bear Valley's legacy and outdated police tax must be modernized and updated. The legacy tax measure includes no citizen oversight or fiscal audits or reports. Legacy tax revenues are limited to salaries and benefits and may not be used for operational costs, facilities and other necessary police expenses.

A modernized tax measure planned to be submitted to voters in early 2027 will fix these shortcomings. The modernized tax will require citizen oversight, audits, reporting and will authorize broad use of revenue for police needs including rural crime prevention, welfare checks and wildlife safety.

While the Board of Directors claims modernization is unnecessary because BVCSD audits are performed annually, there is no specific oversight or audits built into the legacy tax. The District intends to include these elements in its forthcoming tax proposal. Why would the District include audits and oversight in the new tax if it is unnecessary?

Voting YES prevents having TWO separate unconsolidated taxes. Voters will have opportunity to approve or reject ONE SINGLE new police tax when the Board of Directors moves forward to place it on a ballot.

It is necessary to repeal the existing, outdated legacy tax measure so voters can consider a single updated tax measure in 2027 not subject to the limits and shortcomings of the legacy Measure A special tax. Modernization will ensure a police tax that is unified under a single transparent umbrella instead of piece-meal.
