Proposed Amendment No. 4	Do you support an amendment to prohibit a person who has served more than one and one-half terms as governor from being elected as governor for any future term?
	2026 Regular Session, ACT 414 (HB 225) Existing constitution provides that a person who has served as governor for more than one and one-half terms in two consecutive terms shall not be elected governor for the succeeding term. Proposed constitutional amendment provides that a person who has served as governor for more than one and one-half terms shall not be elected governor. Provides for submission of the proposed amendment to the voters at the statewide election to be held November 3, 2026. (Amends Const. Art. IV, §3(B))
Proposed Amendment No. 5	**Do you support an amendment to authorize a state retirement system to apply any nonrecurring state monies it receives to any of its unfunded accrued liability rather than requiring application to its oldest unfunded accrued liability?**
	2026 Regular Session, ACT 606 (HB 27) Existing constitution requires the legislature to appropriate to state retirement systems at least 25% of any monies designated as nonrecurring in the Revenue Estimating Conference's official forecast. Further requires these monies to be applied to the receiving system's unfunded accrued liability (UAL). Present constitution requires the receiving system to apply any nonrecurring monies to its oldest UAL first. Proposed constitutional amendment removes this requirement. Provides for submission of the proposed amendment to the voters at the statewide election to be held November 3, 2026. (Amends Const. Art. VII, §10(D)(2)(b)(iii))
Proposed Amendment No. 6	**Do you support an amendment to authorize parishes and municipalities to extend an additional property tax exemption for property subject to the homestead exemption that is owned and occupied by a person who is at least sixty-five years of age and who qualifies for the special assessment level?**
	2026 Regular Session, ACT 274 (HB 514) Existing constitution requires property subject to ad valorem taxes (property taxes) to be listed on the assessment roles at its assessed value which is a percentage of its fair market value. Requires all property subject to property tax to be reappraised and valued at intervals of not more than four years. Existing constitution exempts from certain property taxes, the first $7,500 of the assessed valuation ($75,000 of fair market value) of a homestead. Proposed constitutional amendment authorizes parishes and municipalities to extend an additional property tax exemption to property receiving the homestead exemption that is owned and occupied by a person 65 years of age or older who qualifies for the special assessment level. The amount of the exemption is as follows: (1) For a person 65 years of age but not yet 69 years of age, $6,000 of the assessed valuation of the property ($60,000 of fair market value).

Proposed Amendment No. 6 ***continued***	(2) For a person 69 years of age but not yet 73 years of age, $12,000 of the assessed valuation of the property ($120,000 of fair market value). (3) For a person 73 years of age but not yet 77 years of age, $18,000 of the assessed valuation of the property ($180,000 of fair market value). (4) For a person 77 years of age but not yet 81 years of age, $24,000 of the assessed valuation of the property ($240,000 of fair market value). (5) For a person 81 years of age and older, $30,000 of the assessed valuation of the property ($300,000 of fair market value). Proposed constitutional amendment extends eligibility for the exemption to a surviving spouse if the surviving spouse of a property owner claiming the exemption continues to occupy and own or retain a usufruct on the property and is not more than five years younger than the owner. Proposed constitutional amendment authorizes a parish or a municipality to implement the exemption, if it is approved by a majority of the electors of the parish or municipality voting at an election called for the purpose of enacting the exemption. Proposed constitutional amendment requires a taxing authority to absorb any decrease in the amount of property tax collected as a result of the exemption, prohibits creation of additional tax liability for other taxpayers as a result of subsequent reappraisal and valuation or millage adjustment, and provides that the implementation of the exemption is not cause for a reappraisal of property or an adjustment of millages. Proposed constitutional amendment extends eligibility for the exemption to property in trust. Effective January 1, 2028, and applicable to all tax years beginning on or after January 1, 2028. Provides for submission of the proposed amendment to the voters at the statewide election to be held November 3, 2026. (Adds Const. Art. VII, §21(P))
