FULL TEXT OF THE SPECIAL TAX MEASURE FOR
MAMMOTH UNIFIED SCHOOL DISTRICT

This Measure may be known as Measure "P".

"With funds that cannot be taken by the State and spent elsewhere, shall Mammoth Unified School District's replacement parcel tax measure to attract and retain experienced teachers, preserve smaller class sizes, and maintain and enhance high quality programs including technology, art, music, math, science, and athletics at Mammoth Elementary School, Mammoth Middle School, Mammoth High School, and Sierra High School be adopted at $99 per parcel raising $1.1 million annually for six years with independent oversight, audits, senior exemptions, and public disclosure of all spending?"

PURPOSE

To provide local revenue that cannot be taken by the State and to maintain high-quality public education in schools in the Mammoth Unified School District (the "District"), the District proposes to levy and collect an education parcel tax annually for 6 years as more fully described below under "EDUCATION PARCEL TAX AND PROCEDURES," and to implement accountability measures in connection with the education parcel tax and to provide oversight and accountability to ensure that funds are used only for the following specific purposes:

- Enhance math and science classes
- Provide students with books and supplies
- Attract and retain qualified, high-performing teachers
- Provide updated technology, including software, hardware and support
- Keep class size small for early grades
- Enhance student counseling programs
- Maintain library staff and services
- Maintain and enhance District language programs
- Maintain and enhance the District music, arts and enrichment programs
- Maintain extracurricular activities and athletic programs
- Maintain and advance needed educational programs

The Board of Education will not fund any program other than those listed above from the proceeds of the education parcel tax. The Board of Education will allocate at least 10% of the annual parcel tax proceeds to maintaining extracurricular activities and athletic programs.

EDUCATION PARCEL TAX AND PROCEDURES

Amount of Education Parcel Tax.

Subject to two-thirds approval of the voters, the education parcel tax of $99 per parcel (except exempt parcels, as described below) shall be effective for 6 years commencing with fiscal year 2027-28 and be collected by the Mono County Tax Collector at the same time as and along with, and shall be subject to the same penalties as general ad valorem taxes collected by said tax collector.

The existing qualified special tax approved by voters as Measure G in 2020 shall cease to be levied and expire on June 30, 2027. This Measure will replace the expired Measure G, commencing with fiscal year 2027-28. In the event this Measure is not approved, the existing Measure G qualified special tax shall continue in effect until its scheduled expiration date.

Definition of Parcel.

A parcel shall be defined as any unit of land in the District that receives a separate tax bill from the Mono County Tax Collector's Office.

Exemptions.

The following exemptions shall apply to the levy of the qualified special tax.

- Otherwise Exempt Property. All property that would otherwise be exempt from property taxes shall also be exempt from the education parcel tax.
- Senior Citizen Exemption. An exemption shall be available to persons who are 65 years or older and own and occupy as a principal residence a parcel subject to the education parcel tax.

Property owners seeking the senior citizen exemption must apply to the District for such exemption under procedures established by the District or otherwise as required by law or by the Mono County Tax Collector. However, property owners who have already qualified for a senior citizen exemption under the District's current parcel tax measure approved by voters in November 2020 will be automatically qualified for an exemption under this Measure.

Exclusive Procedures.

The procedures described herein with respect to the levy and collection of the education parcel tax and exemptions, and any additional procedures established by the Board of Education of the District, shall be the exclusive claims procedure for claimants seeking an exemption, refund, reduction, or recomputation of the qualified special tax. Whether any particular claim is to be resolved by the District or by the County shall be determined by the District, in coordination with the County as necessary. The District's Board of Education may adopt such additional or supplemental procedures as it deems necessary or convenient for the administration of the education parcel tax.

ACCOUNTABILITY MEASURES

Government Code Accountability.

In accordance with the requirements of California Government Code sections 50075.1 and 50075.3, the following accountability measures, among others, shall apply to the qualified special taxes levied in accordance with this Measure:

- the specific purposes of the education parcel tax shall be those purposes identified above under the heading "PURPOSES,"
- the proceeds of the education parcel tax shall be applied only to those specific purposes identified above under the heading "PUR-

POSES," a separate, special account shall be created into which the proceeds of the education parcel tax must be deposited; and

- the Chief Business & Financial Officer of the District shall file an annual written report with the Board of Education of the District showing (1) the amount of funds collected and expended from the proceeds of the education parcel tax and (2) the status of any projects, programs, or purposes identified above under the heading "PURPOSES."

Citizens' Oversight Committee.

In addition to the accountability measures required by the Government Code, an independent Citizens' Oversight Committee shall be appointed by the Board of Education to advise the Board on the expenditures funded by the measure in order to ensure that said funds are spent for the purposes approved by the voters. The Citizens' Oversight Committee will monitor the expenditures of these funds by the District and will report on an annual basis to the Board and community on how these funds have been spent.

Annual independent audits.

The District will engage a third-party independent auditor to conduct annual audits reviewing the revenues and expenditures of the education parcel tax to confirm that funds are spent for the purposes described in the measure.

PROTECTION OF FUNDING

Current law forbids any decrease in State or Federal funding to the District because of the District's adoption of an education parcel tax. However, if any such funds are reduced because of the adoption of this education parcel tax, then the amount of the education parcel tax will be reduced annually as necessary in order to restore such State or Federal funding.

PROTECTION OF FUNDING

Funds generated by this Special Tax shall remain under local control and shall not be taken by the State of California. If the State or Federal Government reduces funding to the District as a result of this Measure, the Special Tax rate shall be reduced as necessary to restore such funding levels.

SEVERABILITY

The Board, and the voters by approving this Measure, declare that each section and part of this Measure has independent value. If any portion is held invalid by a court of competent jurisdiction, the remaining portions shall remain in full force and effect to the fullest extent permitted by law.

Impartial Analysis of Measure P

This analysis was prepared by the Mono County Counsel.

Measure P would authorize the Mammoth Unified School District ("the District") to levy a replacement education parcel tax, succeeding the District's existing Measure G parcel tax, which expires on June 30, 2027. A "parcel" is defined as any unit of land with an Assessor's Parcel Number that receives a separate property tax bill from Mono County. This measure was placed on the ballot by the Board of Education of the Mammoth Unified School District, as required by Elections Code section 9051.

The Proposed Tax

If approved, Measure P would authorize a tax of $99 per parcel, per year, for six years, beginning with fiscal year 2027-28 and ending with fiscal year 2032-33. The District estimates the tax would generate approximately $1.1 million annually. Passage of Measure P requires approval by at least two-thirds (66.67%) of the voters voting on the measure.

A "YES" vote on this measure is a vote to authorize the tax. A "NO" vote is a vote not to authorize the tax. If Measure P fails, the existing Measure G tax will continue in effect until it expires on June 30, 2027.

Use of Tax Revenue

Revenue from this tax can only be used for specific educational purposes and cannot be taken by the State. The measure requires the District to use the funds for purposes including attracting and retaining qualified, high-performing teachers; keeping class sizes small in early grades; enhancing math, science, counseling, and language programs; maintaining library staff and services; maintaining and enhancing music, arts, and enrichment programs; providing updated technology, books, and supplies; and maintaining extracurricular and athletic programs. The measure specifically requires that at least 10% of annual proceeds be used for maintaining extracurricular and athletic programs.

Tax Exemptions

Measure P provides two exemptions from the tax: (1) an exemption for any parcel owned and occupied as a primary residence by a person aged 65 or older, with property owners who already hold a senior exemption under Measure G automatically exempted from Measure P without reapplying; and (2) an exemption for any property that is otherwise exempt from ad valorem property taxes, such as property owned by government agencies.

Accountability and Oversight

The measure requires specific accountability provisions. All tax revenue must be deposited into a separate account and applied only to the purposes stated in the measure. The District must conduct annual independent audits and publish an annual report detailing the amount of funds collected and spent and the status of funded programs. The measure also requires the creation of an independent Citizens' Oversight Committee, composed of one Board member, the Superintendent, the Chief Business & Financial Officer, two teachers, parents, and community members, not to exceed ten members total, to monitor expenditures and report its findings to the public.

This analysis is a summary. For the full text of the measure, including the complete list of purposes and procedures, please see "Measure P" printed in this pamphlet.

Argument in Favor of Measure P

Mammoth Elementary, Mammoth Middle, Mammoth High, and Sierra High are the heart and soul of our community – where every child learns, grows, and gets the support to thrive. Strong public schools support home values, local businesses, and everything we love about life in Mammoth Lakes.

Measure P is an investment in our students' future. **Every dollar is guaranteed to stay in Mammoth classrooms – it cannot be taken by the State or Federal government and spent elsewhere.**

Measure P comes with **strict taxpayer protections:**

- **Guaranteed Local Funding:** Every dollar stays right here, in Mammoth's own classrooms, to directly benefit our students.
- **Transparency and Accountability:** Public disclosure of **all spending**, plus independent citizen oversight and third-party audits.
- **Focused Spending:** Funds may be used only for the specific purposes approved by voters. **No** funds may be spent on administrator salaries, pensions, or benefits.
- **Senior Exemptions:** Homeowners 65 and older can apply for an exemption.

Within these strict limits, Measure P supports:

- **PEOPLE:** Attracting and retaining highly qualified teachers, counselors and staff who know our students and are dedicated to helping them succeed.
- **FOUNDATIONS:** Strengthening core academics – reading, math and science-and keeping class sizes small in the early grades, when strong foundations matter most.
- **PROGRAMS:** Protecting student counseling, music, arts, language, athletic, extra-curricular, and after-school programs and services that keep students engaged.

Measure P protects taxpayers and seniors, helps retain dedicated, qualified teachers in Mammoth classrooms, and safeguards the academic programs our students rely on every day. Every dollar raised will stay local and cannot be taken by the State and Federal government.

Join parents, teachers, seniors, business owners, and community leaders in voting YES on Measure P.
