MESA COMMUNITY SERVICES DISTRICT SPECIAL PARCEL TAX FOR FIRE PROTECTION

This measure would adopt an ordinance establishing a special parcel tax within the Mesa Community Services District (the "District") to fund fire protection and related safety services.

Purpose and Use of Funds. The measure states that revenues may only be used to fund a service agreement with Bishop Fire Protection District or other fire protection service provider for fire suppression and related services.

Taxable Property and Exemptions. The tax would be imposed on each parcel of real property within the District for which there is a fee simple interest, except property belonging to federal or state government agencies.

The rate would be up to $500 per developed parcel and up to $250 per undeveloped parcel. This measure also allows the per-parcel rate to include up to a 3.5% annual tax increase if such an escalator is included in the service agreement.

Collection and Administration. The County of Inyo would collect the tax on the County property tax roll, subject to the same penalties, fees, and procedures as other property tax roll charges.

Accountability and Local Control. The District must comply with Government Code sections 50075.1 and 50075.3, including annual reporting of revenues and expenditures and annual verification that funds were used only for authorized purposes.
