Rebuttal Argument to Argument Against Measure L

Don't let the opponents mislead you. As local residents and community leaders, we have done our homework and know that Measure-L is needed for North-Monterey-County-Unified-School-District students.

Here are the facts:

FACT: The State is an unreliable partner in funding public education and provides very limited funding for facilities improvements. **Measure-L provides local funding and helps our schools qualify for State-matching funds.**

FACT: By law, **every penny from Measure-L must stay in North-Monterey-County** to repair and upgrade NMCUSD classrooms and school facilities. No money can be taken away by the State or used for administrator salaries.

FACT: Measure-L has a **project list that identifies where Measure-L dollars MUST BE SPENT.** Additionally, an independent **citizens' oversight committee** of local residents must review the use of funds and report their findings to the community. **Annual public audits** *are required.*

FACT: Kids cannot be expected to learn in classrooms that leak when it rains or classrooms that do not have adequate HVAC systems. **Measure-L will ensure our schools meet current health and safety codes.**

FACT: Updated schools are less costly to operate. Replacing inefficient HVAC systems and repairing leaky roofs, windows, and decaying water and sewer pipelines creates savings that can be used for classroom programs to enhance student learning.

We need to move on from past administration's mistakes. The NMCUSD Teachers' Union has endorsed Measure-L, trusting new leadership to move our district forward and do what's best for our kids. Please follow our teachers' lead and **Vote YES on Measure-L for Local Kids!**
