ARGUMENT IN FAVOR OF MEASURE K

WITHOUT raising your tax rate, VOTE YES on Measure K to repair aging TK-8 neighborhood schools, protect student safety, and improve the quality of education in Fallbrook Union Elementary School District.

Our neighborhood elementary and junior high schools are aging and in DIRE need of repairs. Five of FUESD's ten schools are nearly 60 years old, while Fallbrook STEM Academy is 77 and Maie Ellis Elementary School is now 88! Time has taken its toll. Repairs to roofs, plumbing, electrical, HVAC and water systems are desperately needed.

In fact, it's been nearly 25 years since we passed a FUESD bond. Measure K provides a prudent, responsible plan to fix OUR schools. NO other funding currently exists to address the magnitude of need!

Passage of Measure K will:

- **Repair** our neighborhood schools **WITHOUT increasing tax rates**
- **Remove** asbestos
- **Replace** decaying water pipes
- **Upgrade** failing roofs, plumbing, and electrical systems
- **Renovate** classrooms for modern science, technology, engineering, arts and math instruction
- **Improve** school safety/security

Measure K WON'T raise your tax rate. It simply extends WITHOUT increasing the soon-to-expire bond authorization originally approved by FUESD voters in 2002. VOTING YES continues locally controlled funding to address needed school repairs and upgrades, **keeping your existing tax rate FLAT.**

Taxpayer protections are MANDATORY:

- **ALL funds STAY LOCAL**. The State CANNOT take this funding away
- **NOTHING** is allowed for administrators' salaries/pensions
- Required Citizens' Oversight and independent audits ensure proper spending

With prudent steps that Fallbrook Union Elementary School District has taken as a good steward of taxpayer dollars, the **San Diego County Taxpayers Association urges a "YES VOTE" on Measure K.**

Passing Measure K qualifies Fallbrook Union Elementary School District **to receive millions in State matching funds, leveraging local taxpayer dollars even further.**

Please, join the **San Diego** County Taxpayers Association, teachers, parents, children's advocates and residents across Fallbrook **VOTING YES** for OUR children and neighborhood schools **WITHOUT raising tax rates.**

VOTE YES on K.

No Argument Against Measure K was filed with the Office of the Registrar of Voters.

FULL TEXT OF MEASURE K

The following is the full proposition presented to the voters by the Fallbrook Union Elementary School District.

"To update local elementary and middle schools without increasing tax rates; replace failing roofs, plumbing and electrical systems; improve school safety; construct/repair/acquire classrooms, labs, facilities, equipment, and sites; and qualify for State matching funds; shall Fallbrook Union Elementary School District's measure be adopted, authorizing $76,000,000 in bonds at legal rates, levying a projected $30 per $100,000 assessed value while bonds are outstanding, generating $5,000,000 annually, with public oversight, audits, no funds for administrators, all funds staying local?"

PROJECT LIST

The Governing Board of the Fallbrook Union Elementary School District is committed to **maintaining the quality of education** in our local public schools by **repairing and upgrading local elementary and middle schools** and providing safe, secure, modern classrooms, labs and technology needed to support high-quality instruction in **science, technology, engineering, arts** and **math**. To that end, the Board evaluated the District's urgent and critical facility needs, including safety issues, class size reduction, **basic repairs,** and computer and information technology, in developing the types of projects to be funded by this measure as described below.

This bond includes strict accountability requirements to make sure public funds are used appropriately. These requirements include public disclosure of all spending, independent annual financial and performance audits, and the formation of a committee of local citizens and business owners to ensure all spending is in line with the promises made in the measure. What's more, by law, all funds must be used to improve our local schools and cannot be taken by Sacramento, the federal government, the County, or anyone else.

In approving this Project List, the Board of Education determines that the District **must:**

(i) Update local elementary and middle schools without increasing tax rates; and

(ii) Replace failing roofs, plumbing, and electrical systems; and

(iii) Improve school safety; and

(iv) Adhere to specific fiscal accountability safeguards such as:

(a) REQUIRE ALL FUNDS USED FOR LOCAL ELEMENTARY AND MIDDLE SCHOOLS,

(b) Prohibit the State from taking any of the funds raised,

(c) Require annual independent audits, and

(d) Require public disclosure of all spending.

The Project List includes the following types of upgrades and improvements at District schools, facilities and sites:

LOCALLY CONTROLLED FUNDING FOR SCHOOL IMPROVEMENTS

School Repair, Safety and Upgrade Projects

Goals and Purposes:

Some school buildings are approaching 90 years old, well past their expected lifespan. This measure will replace school roofs, windows, plumbing, HVAC, and energy systems now to avoid ongoing costly repairs.

There is nothing more important than keeping our young children safe at school. This measure will improve student safety by protecting pick-up and drop-off zones from nearby traffic, adding more controlled campus access, and replacing old fire alarms and emergency communication systems.
