ARGUMENT IN FAVOR OF MEASURE G

URGENTLY NEEDED REPAIRS WITHOUT RAISING TAXES
Measure G will NOT raise our taxes. Measure G extends the tax rate authorized by voters in 2002, enabling our Colleges to make fire safety repairs and urgently needed renovations.

KEEP COLLEGE AFFORDABLE
The cost to attend California's public universities is six times that of community college. Tens of thousands of East County students rely on Grossmont College and Cuyamaca College to earn college credits and learn job skills. **Measure G will help East County students continue attending local community colleges and transfer to four-year colleges/universities without generating crushing debt.**

REDUCE WILDFIRE RISK
Recent wildfires burned thousands of acres in East County, and the threat keeps growing. Grossmont College needs to increase water storage to be able to fight a major fire. Measure G adds water storage, pressure, and sprinklers to protect both campuses and surrounding neighborhoods and keeps Cuyamaca College available as an East County evacuation center.

REPAIR AGING BUILDINGS AND REPLACE WIRING
Measure G replaces frayed wiring and leaky roofs; renovates outdated electrical/heating systems; and fixes deteriorating bathrooms and broken plumbing.

TRAIN NURSES
Up-to-date labs and training equipment are necessary for Grossmont College to continue providing registered nurses for East County hospitals. Facing a statewide nursing shortage, we can't allow training facilities to fall behind. Measure G will enable these life-saving professionals to acquire these needed skills.

ASSIST VETERANS
The Grossmont-Cuyamaca Community College District assists Veterans seeking to learn new skills and rejoin the civilian workforce. Measure G provides new teaching facilities to upgrade programs that serve Veterans.

PROTECT TAXPAYERS

- No increase in current tax rate
- Funds cannot be taken by Sacramento and spent elsewhere
- Annual independent audits and citizens' oversight committee
- Full public disclosure of all spending
- No money for administrator salaries or pensions
- **Endorsed by the San Diego County Taxpayers Association**

Vote YES on Measure G. Keep our colleges safe, affordable, and open for the next generation – without raising our taxes.

Member, California Nurses Association

No Argument Against Measure G was filed with the Office of the Registrar of Voters

FULL TEXT OF MEASURE G

The full text of bond measure to be printed in the election material begins below the following line.

BOND AUTHORIZATION

By approval of this measure by at least 55% of the registered voters voting on the measure, the Grossmont-Cuyamaca Community College District (the "District") will be authorized to issue and sell bonds of up to $624,000,000 in aggregate principal amount, at interest rates not to exceed legal limits and to provide financing for the specific types of facilities projects listed in the Bond Project List included below, subject to all the accountability requirements specified below.

ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in this measure in order that the voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIIIA, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following.)

Bonds authorized by this measure may be issued under the provisions of the California Education Code (starting at Section 15100), under the provisions of the California Government Code (starting at Section 53506), or under any other provision of law authorizing the issuance of general obligation bonds by community college districts. The bonds may be issued in series by the District, from time to time, and each series of bonds shall mature within the legal limitations set forth in the applicable law under which the bonds are issued.

Evaluation of Needs. The Governing Board of the District (the "Board") has identified detailed facilities needs of the District, and has determined which projects to finance from a local bond. The Board hereby certifies that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Bond Project List described below.

Independent Citizens' Oversight Committee. Following approval of this measure, the Board will establish an independent citizens' oversight committee, under Education Code Sections 15278 and following, to ensure bond proceeds are expended only on the types of facilities projects listed below. The committee will be established within 60 days of the date when the results of the election appear in the minutes of the Board.

Performance Audits. The Board will conduct annual, independent performance audits to ensure that the bond proceeds have been expended only on the facilities projects listed below.

Financial Audits. The Board will conduct annual, independent financial audits of the bond proceeds until all of those proceeds have been spent for the facilities projects listed below.

Government Code Accountability Requirements. As required by Section 53410 of the Government Code, (1) the specific purpose of the bonds is set forth in this Full Text of the Measure, (2) the proceeds from the sale of the bonds will be used only for the purposes specified in this measure, and not for any other purpose, (3) the proceeds of the bonds, when and if issued, will be deposited into a building fund to be held by the San Diego County Treasurer, as required by the Education Code, and (4) the Chancellor of the District shall cause an annual report to be filed with the Board of the District, which report shall contain pertinent information regarding the amount of funds collected and expended, as well as the status of the projects listed in this measure, as required by Sections 53410 and 53411 of the Government Code.

Bonding Capacity. Issuance of each series of bonds authorized by this measure is required to conform with all applicable legal requirements. This includes issuance within applicable bonding capacity limitations, which
