ARGUMENT IN FAVOR OF MEASURE H

Vote YES on Measure H to repair and upgrade classrooms and school facilities in the Jamul-Dulzura Union School District without increasing existing tax rates.

Some of our classrooms and school facilities were built so long ago that underground pipes and infrastructure are failing, resulting in gas leaks, water leaks, and sewage backups. We need to fix these problems. ***Out of 61 roofs across our schools, 58 are leaking and need replacement, and five portable classrooms are more than 25 years old, falling apart, and plagued by mold.***

Measure H requires a transparent system of accountability, including a project list describing how the money will be spent, a citizens' oversight committee, and independent audits and public disclosure of how all funds are spent.

Measure H will give the Jamul-Dulzura Union School District **access to millions of dollars in State matching funds** that we would otherwise not qualify for, maximizing the impact of the community's investment in our schools.

Vote YES on H to:

- **Replace wood and support beams that have extensive termite damage and dry rot**
- **Repair or replace deteriorating roofs, plumbing, gas lines, sewer lines, and electrical systems**
- **Renovate classrooms and facilities to support high-quality instruction in math, science, reading, writing, and technology**
- **Upgrade older classrooms to meet current health codes and building safety codes**
- **Improve student safety and campus security systems, including fencing, cameras, fire alarms, smoke detectors, and emergency communication systems**

Measure H has built-in taxpayer safeguards:

- **Will not increase existing tax rates**
- **All money stays local to repair JDUSD classrooms and facilities**
- **Independent citizens' oversight and annual audits**
- **No funds can be used for administrator salaries or pensions**

Even if you don't have school-age children, improving local schools is a wise investment that protects our quality of life and our property values.

Vote YES on H to support high-quality education in Jamul-Dulzura Union School District schools – without increasing taxes!

FULL TEXT OF MEASURE H

JAMUL-DULZURA UNION SCHOOL DISTRICT

BOND AUTHORIZATION

By approval of this measure by at least 55 percent of the registered voters voting on the measure, the Jamul-Dulzura Union School District (the "District") of San Diego County (the "County") will be authorized to issue and sell general obligation bonds in the aggregate principal of up to $18,000,000 at interest rates not to exceed legal limits and to provide financing for the specific types of school facilities projects listed in the Bond Project List described below, subject to all the accountability requirements imposed by law and specified below.

ACCOUNTABILITY REQUIREMENTS

Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIIIA, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following).

Evaluation of Needs. The Board of Education of the District (the "District Board") hereby certifies that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Bond Project List shown below.

Independent Citizens' Oversight Committee. Following approval of this measure, the District Board will establish an Independent Citizens' Oversight Committee, under Education Code Sections 15278 and following, to ensure bond proceeds are expended only on the specific types of school facilities projects listed below. The Oversight Committee will be established within 60 days of the date when the results of the election appear in the minutes of the District Board. No employee or official of the District and no vendor, contractor or consultant of the District shall be appointed to the Oversight Committee.

Performance Audits. The District Board will conduct annual, independent performance audits to ensure that the bond proceeds have been expended only on the school facilities projects listed below.

Financial Audits. The District Board will conduct annual, independent financial audits of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed below.

Government Code Accountability Requirements. As required by Section 53410 of the Government Code, (1) the specific purpose of the bonds is set forth in this Full Text of the Measure, (2) the proceeds from the sale of the bonds will be used only for the purposes specified in this measure, and not for any other purpose, (3) the proceeds of the bonds, when and if issued, will be deposited into a building fund to be held by the San Diego County Treasurer, as required by the California Education Code, and (4) the Superintendent of the District shall cause an annual report to be filed with the District Board, which report shall contain information regarding the amount of funds collected and expended, as well as the status of the projects listed in this measure, as required by Sections 53410 and 53411 of the Government Code.

NO TEACHER OR ADMINISTRATOR SALARIES

Proceeds from the sale of bonds authorized by this measure shall be used only for the purposes specified in Article XIII A, Section 1(b)(3), those being for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and the acquisition or lease of school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

STATE MATCHING FUNDS

The following statement is included in this measure pursuant to Education Code Section 15122.5: Approval of this measure does not guarantee that each of the proposed projects that are the subject of bonds under this measure will be funded beyond the local revenues generated by this

measure. The District's proposal for the project or projects described below may assume or require the receipt of additional funds such as State matching funds, which, if available, could be subject to appropriation by the Legislature or approval of a statewide bond measure.

INFORMATION ABOUT ESTIMATES AND PROJECTIONS INCLUDED IN BALLOT

Voters are informed that any estimates or projections in the bond measure or ballot materials, including relating to estimated tax rates, the duration of issued bonds and related tax levies and collections are provided as informational only. Such amounts are estimates and are not maximum amounts or limitations on the terms of the bonds, the tax rate or duration of the tax supporting repayment of issued bonds. Such estimates depend on numerous variables which are subject to variation and change over the term of the District's overall facilities and bond financing plan, including but not limited to the amount of bonds issued and outstanding at any one time, the interest rates applicable to issued bonds, market conditions at the time of sale of the bonds, when bonds mature, timing of project needs and changes in assessed valuations in the District. In addition, the District currently expects that due to scheduled amortization of its outstanding general obligation bonds, the expected timing of property tax levies required to amortize bonds issued pursuant to this measure (commencing in fiscal year 2029-30), and taking into account reasonable assessed valuation growth estimates, that if this measure is successful and bonds are issued, the tax rate required to be levied for bonds pursuant to this measure will extend, but not cause an increase, in the aggregate tax rate that applied for District general obligation bonds from the rate placed on the 2025-26 property tax roll (which is the most current tax roll available at the time of placing this measure on the ballot). While such estimates and approximations are provided based on information currently available to the District and its current expectations, such estimates and approximations are not limitations or maximums on the terms of bonds or the related tax levies. In addition, the abbreviated and condensed statement of the bond measure presented to voters on the ballot label which is subject to a 75-word count limitation imposed by State law does not limit the full scope and broader, more complete meaning of the measure provided in this Full Text of Bond Measure and related ballot materials.

BOND PROJECT LIST

Scope of Projects. Bond proceeds will be expended on the construction, modernization, reconstruction, rehabilitation, replacement, or otherwise improve school facilities of the Jamul-Dulzura Union School District including furnishing and equipping, and the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries or other school operating expenses, in compliance with California Constitution Article XIIIA, Section 1(b)(3).

This measure authorizes bond projects to be undertaken at all current and future District sites, properties and facilities.

Specific School Facility Project List. The items presented on the following list identify the specific school facility projects authorized to be financed with voter-approved bond proceeds. Authorized projects are:

- **Repair and/or Replace Roofs.** Includes replacement and repair of failing, leaky and/or deteriorating roofing.
- **Modernize, Expand and Rehabilitate Aging Classrooms, Labs and other Facilities at all Sites Providing Modern and Quality Educational Environments for District Students.** Supporting student achievement in math, science, technology, reading and writing by repairing and/or replacing interior finishes such as floors, carpeting, ceiling finishes, paint, lighting, new doors and windows, window treatments, replacing/repairing casework, wall treatments including white boards and other wall coverings, and acquiring updated furnishings and equipment, and upgrading exteriors such as paint, lighting, ramps and walkways, and updating lighting, electric infrastructure and other network conductivity to support modern technology.

FULL TEXT OF MEASURE H (CONTINUED)

- **Facilities Improvements and Modernizations to Ensure Student and Staff Safety and Security.** Includes acquiring and installing security and access control systems securing the campus, surveillance systems, fire sprinkler systems, alarm systems, modern communication systems and public address systems, and interior and exterior lighting.
- **Address Safety and Health Concerns.** Includes all upgrades required by laws, regulations and building codes, including the Field Act, to provide a safe and healthy environments including improvements to improve air quality and seismic improvements, address dry rot and termite damage, and includes addressing unforeseen conditions revealed in connection with construction including structural issues.
- **Improvements to Front Entrances and Drop-off/Pick-Up Areas.** Includes installing shade structures, parking lot re-paving/grade work, install adequate lighting, curbing, gates, signage, creating safe sidewalks, pathways, walkways and ramps.
- **Improvements to School Bus/ Student Transportation Areas.** Includes installing shade structures, seating, re-paving/grade work, install adequate lighting, curbing, ramps and signage.
- **Ensure ADA Accessibility and Compliance With All Legal Requirements.** Includes ensuring barrier free access, updates to restrooms, drinking fountains, and other facilities, and upgrades to ensure compliance with all applicable building and other legal codes and standards for school facilities.
- **Replace Aging Portables.** Upgrade with new permanent classrooms or other modular or new and modern portable structures.
- **Renovation and Modernization of Restrooms.** Ensure restrooms meet all legal and regulatory requirements, replace failing or aging facilities, tiles, sinks, toilets and floors.
- **Create Outdoor Learning and Gathering Spaces.** Includes outdoor classrooms, shade structures, seating and tables, lighting, and related site improvements.
- **Improvements to School Grounds and Sitework.** Includes ensuring walkways, pathways, ramps and parking lots are repaired and safe, installing retaining walls, improving grading, adding school signage, railings, updates to landscaping, irrigation and exterior lighting.
- **Upgrading and Construction of Indoor and Outdoor Physical Education (P.E.) Facilities.** Includes upgrading playgrounds, providing adequate outdoor shade structures, installing modern fall surfaces and play equipment including ball walls, field improvements including for baseball field with dugout and all other related facilities, install courts including for volleyball, changing spaces and restrooms, seating/bleachers, turf, landscaping and irrigation, construction/installation of fitness lab and all related facilities such as water, restrooms and lighting, and other improvements to facilitate physical education and recreation programs.
- **Improvement to Infrastructure Serving the District.** Includes upgrades to or new electrical, gas, utility, plumbing and sewer, including energy efficiency projects such as solar/charging stations.
- **Furnishing and Equipping of School Facilities.** Includes all related furnishing, equipping and incidental project costs as further described below.

The order in which the foregoing projects are listed does not suggest an order of priority. Project prioritization is vested in and will be determined by the District Board.

Furnishing and Equipping; Incidental Expenses. Each of the bond projects described on the above Bond Project List include the costs of furnishing and equipping such facilities, and all costs which are incidental but directly related to the types of projects described above. Examples of incidental costs include, but are not limited to: costs of design, engineering, architect and other professional services, facilities assessments and updates to master plan documents, inspections, site preparation, utilities, landscaping, construction management and other planning and permitting, legal including litigation, accounting and similar costs; independent annual financial and performance audits; a customary construction contingency; demolition and disposal of existing structures; the costs of interim housing and storage during construction including relocation and construction costs incurred relating to interim facilities; rental or construction of storage facilities and other space on an interim basis for materials and other equipment and furnishings displaced during construction; costs of relocating facilities and equipment as needed in connection with the projects; interim classrooms and facilities for students, administrators, and school functions, including modular and parking facilities; federal and state-mandated safety upgrades; addressing unforeseen conditions revealed by construction/modernization and other necessary improvements required to comply with existing building codes, including the Field Act; access requirements of the Americans with Disabilities Act; costs of the election; bond issuance and compliance costs; and project administration during the duration of such projects, as permitted by law.

Alterations to Scope; New Construction; Real Property Interests. The scope, nature and priority of any of the specific projects described above may be altered by the District Board. Project priorities may change. These events may occur due to unforeseen conditions that may arise during the course of planning, design and construction, or due to other compelling factors which become apparent in the course of project planning and execution, such as changing cost considerations, safety considerations, programmatic considerations or other considerations that arise or become apparent over the several years of undertaking bond financed projects. In the event that a modernization or renovation project is determined by the Board to be more economical or otherwise in the best interests of the District to be undertaken as new construction, this bond measure authorizes land acquisition, relocation and construction at a new or alternative site, and/or demolition and reconstruction and/or repurposing on the original site, including an expanded site, and all costs relating thereto. In addition, this measure authorizes the acquisition of interests in real property, including necessary rights of ways or other real property interests, required to expand District facilities, to provide access to school or other District facilities, or to provide additional school or related facilities. This measure also authorizes payment of costs related to consolidation of facilities or campuses.

Interim Financing Included; Joint Use Projects Authorized. In addition, authorized projects include reimbursements for paid project costs and paying and/or prepaying interim or previously obtained financing for the types of projects included on the project list, such as bond anticipation notes or lease financings relating to projects and/or equipment previously financed. Finally, projects on this list may be undertaken and used as joint use projects with other public agencies.

Other Funding Sources. The Bond Project List presents more projects than are expected can be addressed with proceeds of this bond measure. The District Board will determine project prioritization and there is no guarantee that all projects will be addressed. Additional funds for facilities projects are expected to be pursued from the State's facilities matching funds program, if and to the extent available and qualifying, to provide additional funding to complete additional facilities projects.

Unforeseen Circumstances. Many factors which the District cannot predict or control may impact its ability to address each of the projects, including but not limited to construction cost issues, supply chain issues which can cause project delays, labor shortages, and unknown environmental factors or site conditions, among others. The District is unable to anticipate all unforeseen circumstances which may limit or prevent some of the projects listed above from being undertaken or completed.

FULL TEXT OF MEASURE H (CONTINUED)

Interpretation**.** The terms of this Bond Measure and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this proposition within the authority provided by law, including Article XIIIA, Section 1(b)(3) of the California Constitution, Education Code Section 15000 *et seq*. and the Strict Accountability in Local School Construction Bonds Act of 2000. Examples included on the project list are not intended to limit the broader types of projects described and authorized by this measure. Words used in the Project List such as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used to describe school facilities projects in plain English but are not intended to expand the nature of such projects beyond what is authorized by State law. The Bond Project List only authorizes capital expenditures.

Severability**.** The District Board hereby declares, and the voters by approving this Bond Measure concur, that every section and part of this bond proposition has independent value, and the District Board and the voters would have adopted each provision hereof regardless of every other provision hereof. Upon approval of this measure by the voters, should any part be found by a court of competent jurisdiction to be invalid for any reason, all remaining parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the provisions of this bond measure are severable.
