ARGUMENT IN FAVOR OF MEASURE E

Vote YES on Measure E to extend California's pet-store sourcing protections to birds in Lemon Grove.

California prohibits pet stores from selling commercially sourced dogs, cats, and rabbits. Measure E applies that humane, adoption-focused approach to birds.

Under Measure E, Lemon Grove pet stores may offer birds only through an animal shelter, humane society, or qualifying nonprofit rescue. They may no longer obtain birds from commercial breeders for retail sale.

Measure E will:

- End the sale of commercially sourced birds in Lemon Grove pet stores;
- Create more opportunities for shelter and rescue birds to find homes; and
- Give consumers confidence that birds offered through pet stores come from legitimate animal-welfare organizations.

Measure E is limited.

It does not ban bird ownership or prevent residents from adopting, buying, selling, or responsibly breeding birds. It does not apply to poultry, backyard flocks, or agricultural birds.

It regulates only the source of birds offered by retail pet stores in Lemon Grove.

Birds are intelligent, social animals that can require decades of specialized care. When owners can no longer provide that care, shelters and rescues often must find new homes. Measure E gives these birds a better opportunity to be seen and adopted instead of adding more commercially bred birds to the marketplace.

"Extending California's adoption-focused pet-store policy to birds is a humane and practical step, and San Diego Humane Society is proud to support this measure."
— Dr. Gary Weitzman, President & CEO, San Diego Humane Society

Measure E aligns Lemon Grove's pet-store policies with California's approach for dogs, cats, and rabbits while preserving the rights of bird owners and responsible breeders. This narrow, reasonable measure supports rescue, responsible placement, and animal welfare.

Please vote YES on Measure E.

FULL TEXT OF MEASURE E

CHAPTER 6.10 — RESCUE-ONLY PET STORE STANDARDS; EXTENSION TO BIRDS

6.10.001 Adoption of State Rescue-Only Standards

The City of Lemon Grove hereby incorporates and adopts the rescue-only requirements established under California Health and Safety Code §122354.5, which regulate the sourcing of dogs, cats, and rabbits offered for sale in pet stores. These provisions establish the State of California's rescue-only model for pet stores, requiring that covered animals be obtained exclusively from animal shelters, humane societies, or nonprofit rescue organizations.

6.10.005 Purpose and Findings

A. The City of Lemon Grove finds that California has adopted a statewide rescue-only pet store model applicable to dogs, cats, and rabbits (Health and Safety Code §122354.5) to address concerns relating to animal welfare, breeding practices, consumer deception, and transparency in sourcing.

B. The purpose of this chapter is to **extend California's rescue-only pet store model to include birds**, thereby promoting consistency with state policy, strengthening consumer protections, and ensuring that birds offered to the public in Lemon Grove pet stores are obtained exclusively from humane, noncommercial sources.

C. The City further finds that complaints from Lemon Grove residents and animal control inspection records demonstrate recurring welfare concerns associated with the retail sale of commercially bred birds.

D. This chapter does not regulate poultry or birds sold for agricultural or backyard flock purposes.

E. The City further finds that adopting and extending the California rescue-only model to birds will reduce abandonment, protect consumers, and advance the humane treatment of companion birds within the City of Lemon Grove.

6.10.010 Definitions

For the purposes of this chapter, the following definitions apply:

"Animal control agency" means a public agency or department of a city or county, or an entity acting under contract with a city or county, that enforces animal-related laws and regulations, including the investigation of animal welfare complaints.

"Animal control facility" means a facility operated by or under contract with a city or county for the purpose of impounding, caring for, or placing stray, abandoned, or relinquished animals, including birds.

"Animal rescue organization" means a nonprofit organization, as defined under Section 501(c)(3) of the Internal Revenue Code, that rescues, rehabilitates, and rehomes animals and does not breed animals.

"Animal shelter" means a municipal or county-operated animal shelter, or a duly incorporated nonprofit organization engaged in the rescue, care, or adoption of stray, abandoned, or surrendered animals, and which does not breed animals.

"Bird" means any member of the class *Aves* commonly kept as companion animals, including but not limited to parrots, parakeets, cockatiels, finches, doves, and similar species.
"Bird" does not include poultry sold for agricultural or backyard flock purposes, including chickens, ducks, geese, or turkeys.

"Humane society" means a nonprofit organization incorporated under California law that is dedicated to the prevention of cruelty to animals and the rescue, care, or adoption of animals, and that does not breed animals.

"Pet store" means any retail establishment open to the public that sells, offers for sale, or displays for sale any live animal, whether or not compensation is involved.
