"Promises made, promises kept"? Not on sidewalks.

Supporters boast that Measure P/S funded **$7.4 million in sidewalk repairs.** But, city records show approximately **$6.18 million — more than 80% — had already been spent by the end of 2023**, before City Hall publicly emphasized homeowners' responsibility for sidewalk repairs in January 2024.

More recently, Measure P/S sidewalk spending has **plummeted** — FY2024/25 spending was lower than any of the previous five fiscal years, and spending fell another **42% through June 15, 2026.**

Meanwhile, City Hall actively enforces property owners' responsibility for adjoining sidewalks. After notice, homeowners can be required to arrange repairs and pay the costs themselves — even as Measure S promises another eight years of taxes for "repairing sidewalks."

So which sidewalks will taxpayers fund — and which will homeowners be required to fund themselves?

Supporters proclaim "No Tax Increase" and say the "majority" is paid by non-residents. But visitors don't pay this tax for us — they pay it alongside us. **Monterey residents live here, shop here and pay the same 1% on taxable purchases every day.** Measure S would continue that tax for eight more years, collecting approximately **$96 million more.**

Their argument also omits the latest Oversight report's **$27.5 million fund balance**, with approximately **$18.26 million not appropriated.**

Taxpayers deserve answers: **Why is sidewalk spending plummeting? Why are millions still unappropriated? Why are homeowners separately paying for sidewalks this tax promises to repair?**

That isn't "promises kept."

VOTE NO ON MEASURE S.
