CITY ATTORNEY'S IMPARTIAL ANALYSIS OF MEASURE P

AMENDING THE CITY'S SPECIAL PARCEL TAX TO FUND STREET PAVING AND STORM DRAINAGE IMPROVEMENTS, PROGRAMS AND SERVICES

In 2006, Albany voters approved Measure "F", a special parcel tax on property within the City to fund street paving and storm drainage improvements, programs and services. The parcel tax is currently levied annually at $167.65 per equivalent residential unit (ERU), as defined therein, allows annual rate adjustments subject to a 5% annual cap, and incorporates a 100% exemption for residential parcels owned by qualifying very low-income residents, as defined therein.

On July 20, 2026, the City Council voted to place Measure "P" on the November 3, 2026 General Municipal Election ballot. If approved by two-thirds (2/3) of Albany voters, this Measure would amend the tax as follows:

- Retain the 100% exemption for residential parcels owned by qualifying very low-income residents, and add a 50% exemption for qualifying low-income resident owners; and
- Add a 100% rebate to qualifying very low-income renters of tax imposed on a unit where they reside, and add a 50% rebate to similarly qualifying low-income renters, as defined therein; and
- Maintain annual Consumer Price Index (CPI) adjustments, but with a 3% annual cap instead of 5%; and
- Maintain the rate at $167.65 per ERU, annually adjusted by CPI, unless any parcel 500,000 square feet or larger is sold, leased or transferred to make it tax exempt, at which point the City Council may levy this tax at the maximum rate of $0.0638 per lot square foot for all parcels in the City, annually adjusted by CPI, subject to a 3% annual cap. The Council may levy the tax at a lower rate in any year and restore it back to a prior rate, provided this maximum voter approved rate isn't exceeded.
- Clarify that this tax applies to possessory interests (i.e. leaseholds) on a parcel where the owner is exempt from parcel taxation.

The tax is estimated to generate $1,400,000 annually until repealed by voters at a subsequent election. The revenue from this tax will continue to be deposited into a dedicated "Street Paving and Storm Drain Facility Improvement Fund". The purposes for this tax would not change and funds would remain dedicated to the repair, rehabilitation, and other improvements for streets and storm drains. This parcel tax would be collected the same and be subject to the same requirements as other property taxes collected by the County of Alameda on behalf of the City of Albany.

This Measure would continue requiring the City's Finance Director to prepare an annual accountability report showing: (i) parcel tax revenues collected and spent; and (ii) status of projects/work funded with tax revenues.

A "yes" vote on Measure "P" will approve this amendment to the street paving/storm drainage parcel tax.

A "no" vote on Measure "P" will not approve this amendment to the street paving/storm drainage parcel tax.

The above statement is an impartial analysis of Measure "P". If you desire a copy of the Measure, please call the Office of the City Clerk at (510) 528-5710 and a copy will be mailed at no cost to you.

ARGUMENT IN FAVOR OF MEASURE P

Measure P protects funding for our streets and storm drains if Golden Gate Fields becomes a park, while also making immediate improvements.

Measure P protects Albany's streets and storm drains. In the next year, the State and other entities, not including the City, may buy Golden Gate Fields for hundreds of millions of dollars to transfer to the East Bay Regional Park District. This doubling of our shoreline park is what we have wanted for decades. But public ownership also means a fifth of the local tax funding to repair road pavement and prevent flooding would be lost. If and only if this occurs, Measure P would restructure the tax to maintain this funding.

Measure P immediately closes a tax loophole. Since starting operation about a decade ago, Belmont Village, a high-end senior living facility, Sprouts Market, Starbucks, and other retailers operating on UC property have not paid Albany's parcel taxes. Measure P closes this loophole so they will contribute to repairing pavement and preventing flooding, like other businesses that benefit from Albany's streets and storm drains.

Measure P immediately helps Albany's economically vulnerable residents. It provides very low-income renters the same relief long available to very low-income homeowners. It also reduces the tax by half for low-income homeowners and renters. These help Albany's less well-off continue to make it in Albany.

Measures P and Q together result in a small tax increase if needed. Together with Measure Q, which restructures another tax if Golden Gate Fields becomes publicly owned, the average tax per residence would increase $12 per month. Condominium owners would continue to pay about half as much in total as house owners. With protections for households with very low- and low-incomes, this is a small amount for the benefit of a historic expansion of the park on our waterfront.

Your City Councilmembers unanimously ask you to **Vote YES on Measure P.**

NOW THEREFORE, THE PEOPLE OF THE CITY OF ALBANY DO ORDAIN AS FOLLOWS:

SECTION 1: AUTHORITY.

This Ordinance is enacted in accordance with the authority granted to cities by Article XI, Section 7, Article XIII A, Section 4 and Article XIII C, Section 2 of the California Constitution and the California Elections Code.

SECTION 2: AMENDMENT OF SECTION 4-10 TO THE ALBANY MUNICIPAL CODE.

Section 4-10 of Chapter 4 of the Albany Municipal Code is hereby amended to read as follows:

This Section 4-10 may be cited as the "City of Albany Street Paving and Storm Drain Facility Improvement Tax."

4-10.2 Necessity, Authority and Purpose.

a. The City Council (the "Council") of the City of Albany (the "City") hereby determines as follows:

1. That the cost to maintain streets and storm drains throughout the City at the level required to provide for the health, safety, and general welfare of the residents of the City exceeds the amount of revenues generated from other sources;

2. That additional revenues or sources of revenue are needed to fund necessary improvements such as the repair and rehabilitation of streets and storm drains;

3. That the levy of a City-wide special tax as hereinafter provided is necessary to fund the foregoing municipal improvements and services.

b. This section was approved by the voters of the City at the consolidated State election held on June 6, 2006 by the following vote:

Yes: 3,119 No: 1,266;

and was again approved by the voters of the City at the General Municipal Election held on November 3, 2026 by the following vote:

Yes:_____ No:_____;

Accordingly, the City of Albany Street Paving and Storm Drain Facility Improvement Tax (the "Tax") is levied under this chapter pursuant to the City's Charter, Section 37100.5 of the California Government Code, and other applicable laws. Under the Charter, it is hereby expressly provided that, as an exercise of its municipal affairs powers, the City shall be authorized to use all or a portion of the tax allocated for capital improvements to pay installments of principal and interest on leases or similar instruments for the purposes of providing financing for any capital improvements hereunder.

4-10.3 Tax Levied.

a. Unless and until the tax rate adjustment in subsection b. occurs, ~~T~~the tax not exceeding the maximum amounts set forth in this subsection 4-10.3 a. is hereby levied, commencing in the fiscal year 20~~06~~27-20~~07~~28, on all taxable properties, improved or unimproved, within the boundaries of the City at the maximum flat rate of ~~ninety-six~~one-hundred sixty seven ~~($96.00)~~ dollars and sixty-five cents ($167.65), indexed per subsection c. below, per Single Family Equivalent Residential Unit ("ERU"). For the purposes of defining an Equivalent Residential Unit, the following categories are established:

~~a~~1. Single-family residential (1);

~~b~~2. Multi-family residential unit (.75);

~~c~~3. Condominium (.75);

~~d~~4. Nonresidential: For nonresidential parcels the minimum tax rate shall be equal to one (1) ERU, ~~ninety-six~~one hundred sixty seven ~~($96.00)~~ dollars and sixty-five cents ($167.65), indexed per subsection c. below, for every parcel of three thousand (3,000) square feet or less. The ERU for nonresidential parcels over three thousand (3,000) square feet will be based on parcel square footage and by land use category as follows:

Land Use Category	Area (ERU)
Commercial	3,000
Industrial	3,000

Vacant land at one-half (1/2) the developed rate

Example: Assessment calculation for a commercial parcel with an area of 4000 Sq. Ft.:

4000 SF / 3000 SF = 1.25 ERU

1.25 ERU * ($96) = $120.00

For purposes of this chapter, "taxable" properties are those not owned by the City, the State of California, any other public district or agency of the State or the United States of America. "Improved" properties are those other than those devoid of any structure as of June 1 of any fiscal year. "Vacant" properties are those which are unimproved, but shall not include unimproved parcels which are dedicated as open space or parklands. ~~The tax shall not exceed the maximum amounts set forth in this subsection 4-10.3, except that the tax may be increased annually by the annual~~

~~percent increase for the prior calendar year, if any, in the All Urban Consumer All Items Consumer Price Index (CPI-U, 1982 — 1984 = 100) for San Francisco-Oakland-San Jose, California.~~ For the purposes specified in subsection 4-10.4 a below, the tax shall be levied so long as it is necessary to pay for any financing of capital improvements, and so long as necessary for services as specified in subsection 4-10.4 b.

b. Notwithstanding subsection a. above, in the event that any parcel located in the City that is 500,000 square feet or more in size, is sold, leased or transferred such that the parcel becomes wholly exempted from the payment of this tax, including parcel taxation on any possessory interests pursuant to section 4-10.5, the City Council shall thereafter be authorized to levy this tax at the following maximum rate:

1. $0.0638 per lot square foot for all parcels.

2. The adjusted maximum rate of this tax shall become operative in the next fiscal year after a parcel described above is determined by the City Manager or designee to be exempt from this tax.

c. ~~It is further provided that in no event shall the tax rate adjustment imposed hereby exceed, on an annual basis, five (5%) percent of the tax rates imposed by the City of Albany during the immediately preceding fiscal year.~~Either of the rates set forth in subsections a. and b. above shall be annually adjusted commencing with the first fiscal year after this ordinance is adopted, as set forth herein to reflect any increase in the Consumer Price Index. The tax rate per year on each parcel for each fiscal year shall be an amount determined as follows:

Tax rate for the current year

Tax rate for the current year	=	Tax rate for the preceding year	X	Change in Consumer Price Index from April of the immediately preceding year to April of the current year or 1.03, whichever is less

"Consumer Price Index" or "CPI" means the Consumer Price Index for All Urban Consumers (CPI-U) for San Francisco-Hayward as published by the U.S. Department of Labor, Bureau of Labor Statistics. If the Consumer Price Index is discontinued or revised, such other government index or computation with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the Consumer Price Index had not been discontinued or revised. The adjustment identified above shall be subject to an annual cap of 3%. In no event shall the special tax rate for any type of parcel for any year be less than the amount established for the preceding year. If, in any such Consumer Price Index measurement period, the Consumer Price Index increase exceeds three percent (3%), the amount above three percent (3%) shall carryover to any subsequent fiscal year in which the applicable Consumer Price Index increase is less than three percent (3%), provided that the total increase in that fiscal year (the CPI-based increase for that year and any carried over increase from prior years) does not exceed three percent (3%).

4-10.4 Purposes and Uses of Tax.

The proceeds of the tax shall be deposited in a special Street Paving and Storm Drain Facility Improvement fund, maintained by the City, which proceeds, together with any interest and penalties thereon, collected each fiscal year (collectively, the "tax proceeds"), shall be used for the repair, rehabilitation, and other improvements needed for streets and storm drains.

If the claim is approved by the Finance Director, the excess amount collected or paid may be refunded or may be credited against any amounts then due and payable from the person from whom it was collected or by whom paid, and the balance may be refunded to such person, ~~his/her~~ their administrators or executors.

It is hereby declared to be the intention of the City that this section would have been adopted had such unconstitutional, illegal or invalid provision, sentence, clause, section or part thereof not been included herein.
