IMPARTIAL ANALYSIS OF MEASURE "U"

Overview of Measure U. Measure U is a referendum regarding City of Banning Ordinance No. 1618 which was adopted by the Banning City Council on April 14, 2026, (the "Ordinance"). The Ordinance amends the City's official zoning map and approves a zoning change for property located south of Interstate 10 and the Union Pacific Railroad, and west of Sunset Avenue. The Measure was placed on the ballot by a referendum petition signed by the requisite number of voters. If Measure U is approved, the Ordinance will become effective. If the Measure U is not approved, the Ordinance will not become effective.

Ordinance and Zoning Change. The Ordinance amends the City's official zoning map and approves zone change 20-3502 and more specifically applies to Assessor Parcel Numbers (APNs) 537-110-003 through -005 and 537-110-011 through -014 as well as pre-zoning of property located in the City of Banning's Sphere of Influence located south of the northern boundary of Western Avenue and west of Sunset Avene (APNs 537-120-013, 537-120-025, and 537-120-028 through -036), which is subject to annexation into the City of Banning subject to the approval of the Local Area Formation Commission ("LAFCO").

The Ordinance amends the zoning for the property from High Density Residential, Medium Density Residential, Low Density Residential, General Commercial and Open Space - Resource and Open Space — Parks, where applicable, to "Specific Plan - Sunset Crossroads" to General Commercial (GC), Industrial (I), Open Space — Parks (OS-P), and Open Space — Resources (OS-R) land uses pursuant to the Sunset Crossroads Specific Plan adopted pursuant to Resolution 2026-29.

If the Ordinance is approved by the voters the owner of the property, NP Banning Industrial, LLC will be able to build a project that includes General Commercial (GC), Industrial (I), Open Space - Parks (OS-P), and Open Space - Resources (OS-R) land uses pursuant to the Sunset Crossroads Specific Plan adopted pursuant to Resolution 2026-29. If the Ordinance is not approved by the voters, the Ordinance will not become effective and the property will remain zoned High Density Residential, Medium Density Residential, Low Density Residential, General Commercial and Open Space - Resource and Open Space — Parks.

Summary:

A "Yes" vote by a majority of those voting on Measure U means Ordinance No. 1618 will become effective.

A "No" vote by a majority of those voting on Measure U means Ordinance No. 1618 will not become effective.

The above statement is the impartial analysis of Measure "U." If you desire a copy of the Ordinance or Measure, please call the City Election Official's Office at (951) 922-3102 and a copy will be mailed to you at no cost.

_____

John O. Pinkney, City Attorney

ARGUMENT IN FAVOR OF MEASURE "U"

Vote YES on Measure U to bring new jobs, much needed retail shopping, investment, and economic opportunity to Banning.

Yes on Measure U approves the commercial, parks, and open space components of Sunset Crossroads, a nearly $1 billion privately funded, master-planned project for Banning.

Sunset Crossroads will create more than 3,700 permanent jobs, generating nearly $189 million in annual wages and providing new employment opportunities for Banning residents and families.

Yes on U will also bring new shopping and dining options closer to home. Sam's Club has confirmed that it will serve as the project's anchor retail tenant, giving residents more shopping choices in Banning instead of traveling to neighboring communities for their everyday shopping needs.

Sunset Crossroads will also provide approximately $39 million in transportation and road improvements, along with 98 acres of new parks and open space, a new fire station, and nearly $3 million in new annual revenue for the City to support basic public services including police, fire, and emergency medical services.

Yes on U is an opportunity to attract significant private investment, strengthen Banning's local economy, and create a destination where residents can work, shop, and dine in their own community.

Banning residents deserve more local jobs, shopping choices, and greater economic opportunity.

Vote YES on Measure U to move Sunset Crossroads forward and invest in Banning's future.

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE "U"

Only You Can Protect Banning Against Mega-Warehouses
The devil is in the details. This is what Measure U really does.

They Left Out the Mega-Warehouses
Their argument never tells voters that Measure U rezones land to allow nearly 5 million square feet of mega-warehouses.

That means more semi-trucks, diesel pollution, traffic, and noise.
Measure U provides the industrial zoning to build mega-warehouses next to homes.

Projected Jobs Aren't Guaranteed
They promise jobs and millions in annual wages.
Measure U guarantees neither.
Measure U sets no job target, wage standard, or requirement to hire Banning residents.
Their job numbers are wishful thinking, not guarantees.

Low-pay, dead-end warehouse jobs shouldn't be Banning's future.

Sam's Club Doesn't Require Measure U
Measure U does not name or guarantee Sam's Club.
Voting NO does not stop Sam's Club from coming to Banning.
Banning's original land use plan already allowed shopping, so Measure U doesn't give us more or better shopping.

Promises Without Guarantees
Proponents sell Measure U with broad claims of benefits and City revenue, but Measure U guarantees none of them.
Even their annual revenue number is only an estimate at full buildout of the mega-warehouse plan.

Only You Can Protect Banning Against Mega-Warehouses.
Banning can have shopping, homes, parks, open space, and better long-term jobs without nearly 5 million square feet of mega-warehouses.

Vote NO on U.
Vote NO on V.
Vote NO on W.

ARGUMENT AGAINST MEASURE "U"

Vote No On Mega-Warehouses
Vote No On Measure U

Banning can have shopping, homes, parks, open space, and better long-term jobs without nearly 5 million square feet of mega-warehouses. We don't need Measure U to build a better Banning.

There is a better choice.

Before Measure U, Banning's plan already allowed shopping and included homes, parks and open space. Voting NO on Measure U does not prevent Sam's Club from coming to Banning.

We can have better, long-term jobs and the development Banning wants without the mega-warehouses we don't need.

Nearly 5 million square feet of mega-warehouses means more heavy trucks, more diesel pollution, more traffic, more noise, and more harm to our families' quality of life.

Vote No On Mega-Warehouses
Vote NO on Measure U

The Riverside County Civil Grand Jury recently called Banning "A City Alarmingly Mismanaged," finding serious failures in City management and oversight.

Residents appointed to Banning's Planning Commission recommended denying Sunset Crossroads. But four City Councilmembers approved it anyway.

Four people voted to change how nearly 32,000 Banning residents live and work, and the kind of community we call home. Now Banning voters have the final say.

Thousands of residents from across the city fought back and signed petitions to put these decisions before the voters.

Banning can grow without mega-warehouses. Measures U, V and W are all part of the same mega-warehouse plan. Stopping it takes three NO votes.

Why sacrifice our families' quality of life and Banning's future when we don't have to?

Choose the better plan. Choose better growth.

Protect our families. Protect our air. Protect our neighborhoods. Protect Banning's future.

Vote No On Mega-Warehouses
Vote NO on U. Vote NO on V. Vote NO on W.

REBUTTAL TO ARGUMENT AGAINST MEASURE "U"

If you want Sam's Club to come to Banning, along with the new jobs, shopping, and dining options included in the Sunset Crossroads project, vote **YES on Measure U.**

Opponents claim Banning can still have these benefits without Measure U, including Sam's Club. **That's false.** Without Sunset Crossroads, Sam's Club won't come.

In fact, this property has been zoned for retail and residential for over a decade, yet remains undeveloped.

Opponents falsely claim Sunset Crossroads will "sacrifice" Banning's quality of life and future. In truth, it includes strong neighborhood protections, such as barriers to keep heavy trucks off residential streets and strict operating requirements.

Sunset Crossroads will secure Banning's financial future and deliver lasting benefits.

Here's how: 3,700+ permanent jobs, nearly $1 billion in private investment, $39 million in road improvements, 98 acres of parks and open space, a new fire station, and new shopping and dining options.

These benefits are especially important as the City of Banning has officially declared a fiscal emergency and proposed severe cuts to essential City staff and services.

Sunset Crossroads will generate nearly $3 million in annual City revenue to support essential services, including police, fire, and emergency medical services. These much-needed funds will come without raising taxes on residents.

Opponents offer no plan to replace the jobs, investment, shopping, or City revenue Sunset Crossroads will bring to Banning.

The better choice is to vote **YES on Measure U** to move Sunset Crossroads forward and invest in Banning's future.
