MEASURE "I" - HEMET UNIFIED SCHOOL DISTRICT

HEMET UNIFIED SCHOOL DISTRICT
NO-TAX-RATE-INCREASE
SCHOOL REPAIR, IMPROVEMENT, HEALTH AND SAFETY MEASURE

This measure may be known and referred to as the "Hemet Unified School District No-Tax-Rate-Increase School Repair, Improvement, Health and Safety Measure" or as "Measure I".

BOND AUTHORIZATION

By approval of this measure by at least 55% of the voters of the Hemet Unified School District (the "District") voting on the measure, the District shall be authorized to issue and sell bonds of up to $225,000,000 in aggregate principal amount to provide financing for the specific school facilities projects listed under the heading entitled "BOND PROJECT LIST'' below (the "Bond Project List"), and allow the District to qualify to receive potential State of California matching grant funds, subject to all of the accountability safeguards specified below.

ACCOUNTABILITY SAFEGUARDS

The provisions in this section are specifically included in this measure in order that the voters and taxpayers of the District may be assured that their money will be spent to address specific school facilities needs of the District, all in compliance with the requirements of Article XIIIA, Section 1(b)(3) of the Constitution of the State of California (the "California Constitution"), and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Sections 15264 and following of the California Education Code).

Evaluation of Needs. The Governing Board of the District (the "Board") has evaluated the facilities needs of the District to determine which projects to finance from a local bond at this time. To address the facilities needs of the District, the Board deems it necessary and advisable to fund the specific school facilities projects listed in the Bond Project List. The Board hereby certifies that it has evaluated safety, class size reduction and information technology needs in developing the Bond Project List.

Limitations on Use of Bonds. Proceeds from the sale of bonds authorized by this measure shall be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses. More specifically, the Bond Project List provides for the specific projects the District proposes to finance with proceeds from the sale of bonds authorized by this measure and such proceeds shall be applied only to those specific purposes.

Independent Citizens' Oversight Committee. In accordance with and pursuant to California Education Code Section 15278 *et seq*., the Board shall establish an independent citizens' oversight committee, within 60 days of the date that the Board enters the election results on its minutes pursuant to Section 15274 of the California Education Code, to ensure that (a) bond revenues are expended only for the purposes specified in Article XIIIA, Section 1(b)(3) of the California Constitution, and (b) that no funds are used for any teacher or administrative salaries or other school operating expenses. In accordance with Section 15282 of the California Education Code, the citizens' oversight committee shall consist of at least seven members and shall include a member active in a business organization representing the business community located within the District, a member active in a senior citizens' organization, a member active in a bona fide taxpayers' organization, a member that is a parent or guardian of a child enrolled in the District, and a member that is both a parent or guardian of a child enrolled in the District and active in a parent-teacher organization. The committee may be comprised of the same members of the citizens' oversight committees for other District bond measures. No employee or official of the District and no vendor, contractor or consultant of the District shall be appointed to the citizens' oversight committee.

Annual Performance Audits. In compliance with the requirements of Article XIIIA, Section 1(b)(3)(C) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000, the Board shall conduct an annual, independent performance audit to ensure that the proceeds from the sale of bonds authorized by this measure have been expended only on the school facilities projects listed in the Bond Project List. These audits shall be conducted in accordance with the Government Auditing Standards issued by the Comptroller General of the United States for performance audits. The results of these audits shall be made publicly available and shall be submitted to the citizens' oversight committee in accordance with Section 15286 of the California Education Code.

Annual Financial Audits. In compliance with the requirements of Article XIIIA, Section 1(b)(3)(D) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000, the Board shall conduct an annual, independent financial audit of the proceeds from the sale of bonds authorized by this measure until all of those proceeds have been spent for the school facilities projects listed in the Bond Project List. These audits shall be conducted in accordance with the Government Auditing Standards issued by the Comptroller General of the United States for financial audits. The results of these audits shall be made publicly available and shall be submitted to the citizens' oversight committee in accordance with Section 15286 of the California Education Code.

Special Bond Proceeds Account; Annual Report to Board. In compliance with the requirements of California Government Code Section 53410 and following, upon approval of this measure and the sale of any bonds approved, the Board shall take actions necessary to establish an account in which proceeds of the sale of bonds authorized by this measure shall be deposited. In compliance with the requirements of California Government Code Section 53411, as long as any proceeds of the bonds remain unexpended, the chief fiscal officer of the District shall cause a report to be filed with the Board at least once a year, stating (a) the amount of funds collected and expended in that year, and (b) the status of any project required or authorized to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the chief fiscal officer of the District shall determine, and may be incorporated into the annual budget, audit, or other appropriate routine report to the Board.

FURTHER SPECIFICATIONS

No-Tax-Rate-Increase Measure. The District is required by law to make its best estimates of the *ad valorem* property tax rate required to be levied on all taxable property in the District to pay debt service on the proposed bonds. These estimates and the factors that might cause the tax rate to vary from these estimates in the future are described in the tax information statement that the County Registrar of Voters is required to print in the voter information guide to be distributed to voters in connection with the election. It is the District's current plan to structure the proposed bonds so that the tax rate necessary to pay debt service on those bonds, when combined with the tax rate necessary to pay debt service on currently outstanding bonds in each year, will not exceed the rate levied in fiscal year 2025-26 to pay debt service on the currently outstanding bonds alone.

Joint-Use Projects. The District may enter into agreements with other public agencies or nonprofit organizations for joint use of the school facilities financed with the proceeds from the sale of bonds authorized by this measure in accordance with California Education Code Section 17077.42 (or any successor provision). The District may seek State grant funds for eligible joint-use projects as permitted by law, and this measure hereby specifies and acknowledges that, subject to the limitations on the uses provided for herein, the proceeds from the sale of bonds authorized by this measure will or may be used to fund all or a portion of the local share for any eligible joint-use projects identified in the Bond Project List or as otherwise permitted by California State regulations, as the Board shall determine.

Single Purpose. All of the purposes enumerated in this measure shall be united and voted upon as one single measure, pursuant to California Education Code Section 15100, and all the enumerated purposes shall constitute the specific single purpose of the bonds, and the proceeds from the sale of bonds authorized by this measure shall be spent only for such purpose, pursuant to California Government Code Section 53410.

Bonds may be Issued in Excess of Statutory Bonding Limit. Issuance of all of the authorized bonds might require the outstanding debt of the District to exceed its statutory bonding limit (currently 2.50% of the total assessed valuation of taxable property in the District). In that event, the District intends to seek a waiver of its bonding limit from the State Board of Education, which has the power to waive certain requirements of the California Education Code applicable to the District. By approval of this measure, the voters have authorized the District to seek such a waiver, and to issue authorized bonds in excess of the District's statutory bonding limit as the State Board of Education may approve. No such waiver has yet been sought or granted.

Other Terms of the Bonds. When sold, the bonds shall bear interest at an annual rate not exceeding the statutory maximum, and that interest shall be made payable at the time or times permitted by law. The bonds may be issued and sold in several series, and no bond shall be made to mature more than the statutory maximum number of years from the date borne by that bond.

BOND PROJECT LIST

The Bond Project List below lists the specific projects the District proposes to finance with proceeds of the bonds. The Bond Project List shall be considered a part of this bond measure and shall be reproduced in any official document required to contain the full statement of the bond measure. Listed projects will be completed as needed at a particular school or school facility site according to Board-established priorities, and the order in which such projects appear on the Bond Project List is not an indication of priority for funding or completion. In so far as permitted by law, each project is assumed to include its share of costs of the election and bond issuance, construction-related costs, such as project and construction management, architectural, engineering, permitting and entitlements, inspection and similar planning and testing costs, demolition and interim facility costs, legal, accounting and similar fees, costs related to the independent annual financial and performance audits, a contingency for unforeseen design and construction costs, and other costs incidental to or necessary for completion of the listed projects (whether the related work is performed by the District or third parties). The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. In addition, certain project funds expected from non-local bond sources, including State of California grant funds for eligible projects, have not yet been secured. Therefore, the Board cannot guarantee that the bond proceeds will provide sufficient funds to allow completion of all listed projects. Alternatively, if the District obtains unexpected funds from non-local bond sources with respect to listed projects, such projects may be enhanced, supplemented or expanded to the extent of such funds. Some projects may be subject to further government approvals, including by State officials and boards and/or local environmental or agency approval. Inclusion of a project on the Bond Project List is not a guarantee that the project will be completed (regardless of whether bond funds are available).

The specific projects authorized to be financed with proceeds from the sale of bonds authorized by this measure are as follows:

DISTRICTWIDE SCHOOL REPAIR, IMPROVEMENT, HEALTH AND SAFETY PROJECTS

The following projects are authorized to be financed at all District facilities sites:

- Renovate, replace, upgrade, acquire, install and/or integrate major site/building/utility systems, equipment and related infrastructure and casing, including lighting, electrical (including wiring and related infrastructure for modern technology), heating, refrigeration, cooling and ventilation (including air conditioning/HVAC), plumbing, water, sewer, gas, irrigation, drainage, and energy efficiency/management monitoring systems, networks, fixtures, equipment and controls.
- Make safety and accessibility improvements and/or eliminate or mitigate health and safety risks (including installing shade structures to protect students from the impacts of extreme heat) and/or comply with local, state and federal building, health, safety, access and other related requirements, including requirements of the Field Act and the Americans with Disabilities Act (ADA).
- Construct or acquire and install additional classrooms and related facilities (permanent, modular or portable) so students are prepared for college, in-demand careers like health sciences, engineering, public safety and skilled trades, and to support high-quality instruction in music, visual, and performing arts.

- Acquire, purchase and/or install furniture, equipment, fixtures and infrastructure to support science, technology, engineering, arts, and mathematics (STEAM)/science, technology, engineering, and mathematics (STEM) instructional programs, including interactive educational technology and projection systems, computers, printers, scanners, digital projectors and cameras, audio systems, video systems, phone and sound projections systems, peripherals, smart boards, monitors, network equipment (including servers, network interface devices, network switches and routers, wireless network equipment, firewalls, network security equipment, racking, power and cooling equipment, wiring and uninterruptible power supplies); furnishing and equipping shall include initial purchases, and scheduled and necessary replacements and upgrades and updating of technology.
- Upgrade, construct, expand and/or acquire and install safety and security improvements, equipment. fixtures and systems. including fencing, gates, master key and lock systems, lighting, alarm systems, fire detection and suppression systems, emergency signage, safety doors, camera and video surveillance systems, and emergency communication systems.
- Renovate, construct, replace and/or modernize all classrooms for current educational standards, including acquiring, installing and/or upgrading technology equipment, fixtures and infrastructure.
- Improve student access to computers and modern technology by updating and/or acquiring and installing technology equipment, fixtures and infrastructure, including computers, tablets, mobile devices, software, interactive educational technology, digital projectors and cameras, monitors, audio systems, video systems, network equipment (including servers, network interface devices, network switches and routers, wireless network equipment, firewalls, network security equipment, racking, power and cooling equipment, wiring and uninterruptible power supply equipment and systems), backup power systems, etc.; rehabilitate and replace such equipment, fixtures and infrastructure as needed in the future. Technology equipment, fixtures and infrastructure includes existing technology equipment, fixtures and infrastructure as well as technology equipment, fixtures and infrastructure developed in the future.
- Construct, replace, improve, renovate and/or acquire and install Career Technical Education classrooms and labs.
- Reconfigure, renovate, repair, resurface, improve and/or expand parking lots and related areas, including ingress and egress areas, student pick-up/drop-off areas, and parking areas.
- Construct, reconfigure, modify and/or acquire and install school facilities and improvements to school grounds to create innovative indoor and outdoor learning areas and spaces, including outdoor learning areas, shade structures, and walkways.
- Repair or replace roofs.
- Renovate, replace, upgrade, expand, and/or install walls, gates, fencing, and landscaping.
- Construct, replace, improve, renovate and/or acquire and install auditoriums and performing arts classrooms, centers and related facilities.
- Replace portable classrooms with permanent, modular or portable classrooms.
- Construct, replace, improve, renovate and/or acquire and install custodial and storage facilities.
- Construct, replace, improve, renovate and/or acquire and install restrooms.
- Modernize, upgrade, renovate, rehabilitate, re-configure, expand and/or upgrade classrooms. classroom buildings, restrooms, common areas and school support facilities (including lab, library, multipurpose room/auditorium, food storage, preparation and service, cafeteria and office/staff support facilities), whether permanent, portable or modular, including interior and exterior (as applicable) doors, windows, door and window hardware, roofs, rain gutters and downspouts, pillars, structural supports, walls, ceilings and floors and finishes, paint, siding, insulation, casework, surfaces, cabinets, secured storage, carpets, drapes, window coverings, infrastructure, lighting, sinks, drinking fountains, fixtures, signage, furniture and equipment.
- Construct, replace, improve, renovate and/or acquire and install physical education facilities and grounds, including gymnasiums, locker rooms, fields, courts, turf, outside instructional areas, paved and other hard surfaces, and replace, acquire and/or install furniture, equipment and fixtures in such facilities and areas.
- Construct, replace, improve, renovate and/or acquire and install warming kitchens.
- Remove, repair, and refinish building and site areas damaged by dry rot, water, termites, etc.
- Erosion mitigation improvements to grounds and buildings.
- Construct, replace, improve, renovate and/or acquire and install Early Learning Centers and construct, improve and/or expand Transitional Kindergarten facilities and learning spaces.
- Make energy-efficiency upgrades and acquire and install energy efficient equipment and systems to reduce carbon footprint, to promote energy efficiency, reduce maintenance costs and promote climate resiliency and sustainability, including sustainable building improvements (e.g., solar systems, windows, lighting, electrical systems panel, HVAC, water systems, distribution and storage systems, battery systems, energy efficiency/management monitoring systems, networks, fixtures, equipment and controls, etc.).
- Construct, replace, improve, renovate and/or acquire and install playgrounds, playfields and other play spaces, including replacing turf and installing new irrigation and drainage systems, and acquire, improve, replace and/or upgrade playground equipment and fixtures.
- Wildfire hardening and prevention improvements to school facilities and grounds.
- Renovate, re-configure, modify and/or improve existing school facilities and grounds, and equip and furnish such school facilities, to enable such school facilities to serve a dual use as an emergency shelter and community gathering center and/or emergency operations center.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the California Education

Code (or any successor provision).

CONSTRUCTION OF A NEW SCHOOL

Acquisition and construction of a school and related facilities (an elementary, middle, or high school, or combination thereof, based on projected student demographics), designed to meet student housing needs and reduce student overcrowding, including:

- Acquisition of land and any rights-of-way and easements made necessary by construction of such facilities.
- Planning, designing and constructing the school and related facilities.
- Associated onsite and offsite development and other improvements made necessary by construction of such facilities.
- Acquisition and installation of furnishings and equipment related to the newly constructed facilities.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the California Education Code (or any successor provision).

MISCELLANEOUS

All listed bond projects include the following as needed:

- Planning and designing necessary for listed bond projects.
- The inspection, sampling and analysis of grounds, buildings and building materials to determine the presence of hazardous materials or substances, including asbestos, lead, etc., and the encapsulation, removal, disposal and other remediation or control of such hazardous materials and substances.
- Seismic and historical evaluations, site surveys (including topographic, geological and utility surveys), and infrastructure analyses.
- Necessary onsite and offsite preparation or restoration in connection with new construction, renovation or remodeling, or installation or removal of relocatable buildings or other temporary buildings, including demolition of structures; removing, replacing, or installing irrigation, drainage, utility lines (gas, water, sewer, electrical, data and voice, etc.), trees and landscaping; and relocating fire access roads or ingress/egress pathways.
- Address other unforeseen conditions revealed by construction, renovation or modernization (including plumbing or gas line breaks, dry rot, seismic and structural deficiencies, etc.).
- Acquire or construct other improvements required to comply with building codes, including seismic safety requirements, the Field Act, and access requirements.
- Acquisition of any rights-of-way, easements, licenses and/or real property made necessary by listed bond projects, or lease of real property made necessary by the listed bond projects.
- Acquire or construct storage facilities and other space on an interim basis, as needed to accommodate construction materials, equipment, and personnel.
- Furnishing and equipping of classrooms and other school facilities; furnishing and equipping shall include initial purchases, and scheduled and necessary replacements, upgrades and updating of technology.
- All other costs and work necessary or incidental to the listed bond projects.

PROJECTS INVOLVING RENOVATION, REHABILITATION OR REPAIR

For any project involving renovation, rehabilitation or repair of a building or the major portion of a building, the District shall be authorized to proceed with new replacement construction instead (including any necessary demolition) if the Board determines that replacement new construction is more practical than renovation, rehabilitation or repair, considering the building's age, condition, expected remaining life, comparative cost and other relevant factors.

GENERAL PROVISIONS

Interpretation. The terms of this bond measure and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this measure within the authority provided by law, including Article XIIIA, Section 1(b)(3) of the California Constitution, California Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. Without limiting the generality of the foregoing, such words as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used in the Bond Project List to describe school facilities projects in plain English and are not intended to expand the nature of such projects beyond, or have an effect on, and shall be interpreted to only permit, what is authorized under Article XIIIA, Section 1(b)(3) of the California Constitution, California Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. In this regard, the Bond Project List does not authorize, and shall not be interpreted to authorize, expending proceeds of the sale of bonds authorized by this measure for current maintenance, operations or repairs. The school facilities projects on the Bond Project List only authorize capital expenditures.

Estimated Ballot Information. The Board hereby declares, and the voters by approving this bond measure concur, that the information included in the statement of the bond measure to be voted on pursuant to Section 13119 of the California Elections Code is based upon the District's projections and estimates only and is not binding upon the District. The amount of money to be raised annually and the rate and duration of the tax to be levied for the bonds may vary from those presently estimated due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for project funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Headings. The headings or titles of the sections of the bond measure, including any headings or titles included in the Bond Project List, are solely for convenience of reference and shall not affect the meaning, construction or effect of the bond measure.

Severability. The Board and the voters hereby declare that every portion, section, subdivision, paragraph, clause, sentence, phrase, word, application and individual project (individually referred to as "Part" and collectively as "Parts"), of this bond measure has independent value, and the Board and the voters would have adopted each Part hereof regardless of whether any other Part of this bond measure would be subsequently declared invalid. Upon approval of this bond measure by the voters, should any Part of this bond measure be found by a court of competent jurisdiction to be invalid for any reason, all remaining Parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the Parts of this bond measure are severable.

State Matching Funds - Education Code 15122.5 - "Approval of Measure I does not guarantee that the proposed project or projects in the Hemet Unified School District that are the subject of bonds under Measure I will be funded beyond the local revenues generated by Measure I. The District's proposal for the project or projects may assume the receipt of matching State funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure."

MEASURE "I"- HEMET UNIFIED SCHOOL DISTRICT

TAX INFORMATION STATEMENT

An election will be held in the Hemet Unified School District (the "District'') on November 3, 2026, to authorize the sale of up to $225,000,000 in bonds of the District to finance school facilities as described in the measure. If the bond measure is approved by at least 55% of the voters of the District voting on the bond measure, the District expects to issue the bonds in multiple series over time. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400 through 9405 of the California Elections Code.

1. The best estimate of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of filing this statement, is $49.00 per $100,000 of assessed valuation. The final fiscal year in which the tax to be levied to fund this bond issue is anticipated to be collected is fiscal year 2051-52.

2. The best estimate of the highest tax rate that would be required to be levied to fund this bond issue, based on estimated assessed valuations available at the time of filing this statement, is $60.00 per $100,000 of assessed valuation in fiscal year 2038-39.

3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all of the bonds are issued and sold is approximately $381,687,947.

Voters should note that estimated tax rates are based on the *ASSESSED VALUE* of taxable property on the County's official tax rolls, ***not*** on the property's market value, which could be more or less than the assessed value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon the District's projections and estimates only, which are not binding upon the District. The average annual tax rate, the highest tax rate, the final fiscal year in which the tax is anticipated to be collected and the year or years in which they will apply, and the actual total debt service, may vary from those presently estimated for a variety of reasons, including, without limitation, due to variations in the timing of bond sales, the amount or amortization of bonds sold, market conditions at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount or amortization of bonds sold at any given time will be determined by the District based on need for project funds and other factors, including the legal limitations on bonds approved by a 55% affirmative vote. Market conditions, including, without limitation, interest rates, are affected by economic and other factors beyond the control of the District and will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process. The growth or decline in assessed valuation is the result of a number of economic and other factors outside the control of the District.

Dated 7-28, 2026.

Christi Barrett
Superintendent
Hemet Unified School District

IMPARTIAL ANALYSIS OF MEASURE "I"

Hemet Unified School District Bonds

The purpose of Measure I is to enable voters to authorize or reject the Hemet Unified School District (hereinafter, "the District") issuing and selling Bonds to provide financing for school facilities projects. The Governing Board of the District, by adopting Resolution No. 4183 ("Resolution"), elected to call an election to place this Measure on the ballot.

Measure I would enable the District to issue and sell bonds of up to a maximum amount of two-hundred and twenty-five million dollars ($225,000,000), at legal rates, levying approximately fifty dollars ($50) per one-hundred thousand dollars ($100,000) of assessed value while the bonds are outstanding. According to the District, this Measure, if approved, will not increase current tax rates. The final year in which the tax to be levied to fund these bonds is estimated to be the fiscal year of 2051-52.

The Resolution indicates that the finances obtained through the issuance and sale of bonds shall be restricted and expended only for the listed projects in the Resolution's "Bond Project List." Bond proceeds will be expended on renovating, replacing, upgrading, acquiring, and/or installing District school facilities. This will include: construction of a new school; making safety and accessibility improvements of current facilities; constructing or acquiring additional classrooms; renovating and modernizing classrooms; supporting STEAM/STEM (science, technology, engineering, arts, and mathematics) instructional programs; and, other necessary improvements to current and future school facilities.

Proceeds for the sale of bonds authorized by Measure I shall not be used for any other purpose outside the Bond Project List, such as teacher and administrator salaries and other school operating expenses. Measure I provides for the District to establish an independent citizens' oversight committee to ensure bond proceeds are expended only on the types of school facilities projects that have been listed as part of the Resolution. The Governing Board of the District will conduct annual, independent performance and financial audits to ensure that bond proceeds have been expended only on the school facilities projects listed in the Resolution.

For this Measure to be approved, at least fifty-five percent (55%) of qualified voters within the District who vote on the Measure must vote yes.

A "YES" vote on Measure "I" is a vote to authorize the District to issue and sell bonds to provide financing of school facilities projects.

A "NO" vote on Measure "I" is a vote to reject the District from issuing and selling bonds to provide financing of school facilities projects.

By: Minh C. Tran
Riverside County Counsel

ARGUMENT IN FAVOR OF MEASURE "I"

WITHOUT raising your tax rate, VOTE YES on Measure I to continue repairing and upgrading aging Hemet USD schools and improve our local quality of education.

Today's high school graduates must be prepared to compete in a highly technical and global workforce. Especially now, we need schools with modern classrooms, labs and technology to help students prepare for college, good jobs, and career success.

While some Hemet schools have been upgraded thanks to generous past support from our community, others still need repairs and upgrades. Last year, 108 HUSD classrooms had leaky roofs. Some schools have aging AC units and limited shade structures to protect against extreme heat. **Measure I** provides a prudent plan to address these and other vital needs - **WITHOUT raising tax rates.**

Measure I will:

- **Install AC** units and shade structures, protecting students from extreme heat
- **Renovate** older schools to meet current safety codes and upgrade access for students with disabilities
- **Upgrade** classrooms for modern science, math, engineering, technology, and career training in skilled trades and public safety
- **Repair/Replace** deteriorating roofs, plumbing, gas, sewer, and electrical systems
- **Improve** student safety/security across HUSD

Measure I WON'T increase tax rates. It simply extends WITHOUT increasing the bond authorization voters approved in 2018. VOTING YES continues this locally controlled funding for Hemet USD schools, keeping your tax rate FLAT.

No other funding exists to address these needs.

Taxpayer Protections are MANDATORY. NO funds are allowed for administrators' salaries. Independent audits, citizens' oversight, and public reporting ensure proper spending. **ALL funds benefit Hemet Unified schools. Local tax rates stay flat.**

Teachers, parents, and community leaders across Hemet, Idyllwild, Anza and surrounding communities urge your support. They know, as we do, that good schools contribute to quality communities.

Please, for **our** children, for **our** community -

VOTE YES on I. Improve Hemet schools!

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE "I"

VOTING "YES" ON **MEASURE I IS LIKE SIGNING A CREDIT-CARD AGREEMENT** that hides the full balance and interest.

The ballot question is flawed: it brands a new $225 million authorization a "no-tax-rate-increase" measure while never disclosing the $150 million Measure X debt still being repaid through at least 2043. Voters are asked to approve additional long-term debt without being shown the cumulative principal, interest, and decades-long tax burden that will remain.

Proponents urge a "Yes" vote "for our children." In reality, the debt service extends for decades. Children not yet born, and future residents who never cast a ballot in 2018 or 2026, will inherit the obligation. The current generation's "Yes" locks them into higher absolute payments as assessed values rise, even if the nominal rate stays flat. That is not protection of children; it is the quiet transfer of financial pressure onto them.
A true and impartial contract would state the full price of the redevelopment and the intergenerational cost. Measure I does not. Until the ballot language discloses the existing debt and the true long-term burden, voters cannot give informed consent.

Vote No. **SAVE YOUR CHILDREN AND GRANDCHILDREN FROM BURDENSOME TAX LIABILITIES.**

By: Sergei Vinkov,
Legal Document Assistant

ARGUMENT AGAINST MEASURE "I"

VOTE NO on this $225 million bond.

§ THIS BOND IS FINANCIALLY IRRESPONSIBLE. The District asks homeowners to shoulder this massive debt without first exhausting state grants, public-private partnerships, or fundraising alternatives. Placing a 25-year tax burden on residents without demonstrating genuine effort to secure other funding is the easy way out — not the responsible one.

§ THIS BOND TRAPS OUR MOST VULNERABLE NEIGHBORS IN POVERTY. Property taxes are based on assessed value, not income. Single-person and two-member households earning under $50,000 annually will pay the same rate as wealthier families. For them, approximately $50 per $100,000 of assessed value is not a minor expense — it is a choice between paying the tax and buying groceries, medicine, or gas. This is regressive, unfair, and indefensible.

§ THIS BOND IGNORES OUR COMMUNITY'S ECONOMIC REALITY. Families are already struggling with inflation and rising costs. The District's assumption that residents can absorb this burden is out of touch and dangerous. Passage of this measure would exploit voter apathy to impose a long-term obligation that many families simply cannot afford.

§ THIS BOND GAMBLES WITH WILDFIRE RISK. Much of our District lies in high fire hazard zones. A catastrophic fire could devastate property values — the very tax base needed to repay this debt. The District's optimistic projections ignore the real threat of climate-driven disasters over the next 25 years.

§ THIS BOND PUNISHES FUTURE RESIDENTS. New homebuyers and families moving into our community will inherit a tax bill they have never voted for, for projects they may never see completed. The District is mortgaging their future. Further young generation will pay for decisions made today without any say in the matter.

This bond is the wrong solution at the wrong time. Vote NO.

By: Sergei Vinkov

REBUTTAL TO ARGUMENT AGAINST OF MEASURE "I"

The lone opponent to Measure I disregards the current reality across Hemet Unified School District (HUSD) schools. A firsthand review of district facilities confirms that Measure I is needed and reflects a smart investment in our local schools.

Please consider <u>these</u> facts:

- Measure I is about one thing: continuing to take proactive steps to **improve the local quality of education** in Hemet Unified School District (HUSD) schools.
- **The need is REAL**, including outdated classrooms, aging AC units, leaky roofs, decades-old, deteriorated portables, and more. The longer we wait, the more expensive upgrades will be.
- <u>NO other funding currently exists to address these needs</u>. Our State and Federal governments **don't** offer grants for school facilities upgrades. Accessing State matching funds <u>REQUIRES passing a local bond first</u>.
- **Measure I <u>WON'T</u> increase tax rates**. It's the most conservative bond possible, structured to extend **WITHOUT increasing** the authorization HUSD voters approved in 2018. VOTING YES continues locally controlled funding for Hemet USD upgrades, **<u>keeping your tax rate FLAT</u>**.
- **Taxpayer protections are MANDATORY**. Citizens Oversight, independent audits and public reporting ensure proper spending. NO funds are allowed for administrator salaries.
- HUSD is known for financial prudence and conservative, responsible fiscal practices. Hemet USD has earned and continues to keep the public's trust.

These and other Measure I facts have convinced homeowners, seniors, taxpayers and voters from all parties—in addition to parents and educators – to VOTE YES.

Measure I deserves your support too.

Help improve our local quality of education, **<u>WITHOUT increasing your tax rate</u>**.

Please, VOTE YES on I.
