IMPARTIAL ANALYSIS OF MEASURE G

Start

On June 22, 2026, the City Council unanimously voted to place Measure G on the November 3, 2026, general municipal election ballot. If approved by a majority of San Carlos voters, Measure G would authorize a one-half cent general retail transactions and use (sales) tax within the City of San Carlos ("Proposed Tax"). 12 12 12 8

A one-half cent rate equates to an extra $0.50 per $100 purchased. The City estimates that the Proposed Tax will provide an additional $6,000,000 in annual revenue. Revenues raised from the Proposed Tax would go into the City's general fund to pay for any lawful City program, improvement, or service including those identified in the ballot question. The Proposed Tax would be imposed starting on April 1, 2027 and remain in effect for fourteen (14) years until March 31, 2041 unless extended by a majority of San Carlos voters voting at a subsequent election. The Proposed Tax would be paid in addition to the existing 9.375% sales tax, for a total sales tax rate of 9.875% in the City of San Carlos. 17 13 17 12 14 14 15 13

The Proposed Tax would be collected at the same time and in the same manner as existing sales taxes and there would be no change to exemptions such as groceries, prescription medications and diapers. Unlike the existing sales tax, all revenues raised by the Proposed Tax would remain in the City and would not be shared with the State, County or any other agency. By placing Measure G on the ballot, the City complies with California Revenue and Taxation Code section 7285.9 and Article XIII C of the California Constitution (Proposition 218), both of which require the Proposed Tax to be approved by a majority of the voters voting in the election. 17 14 14 18 14 13 16 4

A "yes" vote on Measure G is a vote in favor of the Proposed Tax. A "no" vote on Measure G is a vote against the Proposed Tax. The above statement is an impartial analysis of Measure G.
