Rebuttal to Argument Against Measure ___

The argument against Measure ___ misses the point.

Measure ___ is not about regional politics, expanding government, or an anti-tax talking point. Measure __ is about investing in San Carlos.

That's why Measure ___ is supported by San Carlos residents who are former public safety officials, parks and recreation leaders, youth sports leaders, small business owners, parents and seniors, who know this community and rely on its services every day.

San Carlos residents understand that safe streets, sidewalks, storm drains, parks, community facilities, and emergency response do not maintain themselves. Potholes don't get smaller with time. Cracked sidewalks don't become safer by waiting. Aging storm drains and public facilities don't become cheaper to fix later.

No one likes paying more. But Measure ___ is a modest, locally controlled way to invest in the basics that San Carlos residents rely on.

The No argument calls Measure ___ a "blank check." That's false. Measure ___ includes independent audits, public disclosure, and local control. Funds stay in San Carlos and can't be taken by the State or the County.

Voters will see several tax measures on the ballot. Look carefully at each. Measure ___ is the one focused on San Carlos streets, San Carlos parks, San Carlos sidewalks, San Carlos storm drains, San Carlos community facilities, and San Carlos emergency response.

Vote with the San Carlos families, small businesses, seniors, parks and youth sports leaders, and former public safety leaders who are invested in San Carlos.

Vote YES on Measure
