SUNOL GLEN UNIFIED SCHOOL DISTRICT BOND MEASURE K

K To improve the quality of local education; complete the Main Building retrofit and renovation; replace deteriorating plumbing, electrical, sewer, heating and ventilation systems; and modernize and upgrade old classrooms and restrooms; shall Sunol Glen Unified School District's measure be adopted authorizing $6,100,000 of bonds at legal rates, generating on average $431,700 annually while bonds are outstanding at approximate rates of $35 per $100,000 assessed value, with audits, citizens' oversight, no money for salaries and funds staying local?	**BONDS YES** **BONDS NO**

COUNTY COUNSEL'S IMPARTIAL ANALYSIS OF BOND MEASURE K

ANALYSIS BY THE COUNTY COUNSEL FOR THE COUNTY OF ALAMEDA OF A SUNOL GLEN UNIFIED SCHOOL DISTRICT BOND MEASURE

Measure K ("Measure") seeks voter approval to authorize the Sunol Glen Unified School District ("District") to issue and sell bonds of up to $6,100,000 in aggregate principal amount at interest rates within the legal limits.

If 55% of those who vote on the Measure vote "yes," the District will be authorized to issue bonds in the amount noted above. Approval of this Measure will authorize a levy on the assessed value of taxable property within the District by an amount needed to pay the principal and interest on these bonds in each year that the bonds are outstanding.

The District's best estimate of the average annual tax rate necessary to fund the bond issue is $33.54 per $100,000 of the assessed valuation of a taxed property. The final fiscal year in which the tax is anticipated to be collected at the estimated average rate is 2058-59. The District's best estimate of the highest tax is $35.00 per $100,000 of assessed valuation of a taxed property. The final fiscal year anticipated to collect the tax at the estimated highest rate is 2056-57. The District's best estimate of total debt service to repay the bonds (including principal and interest) is approximately $13,815,000. The District estimates the tax would generate on average approximately $431,700 annually while bonds are outstanding.

California Education Code Section 15100 restricts the use of proceeds from bond sales to items such as building school buildings, improving school grounds, and supplying school buildings and grounds with equipment. Proceeds may only be used for the projects listed in the Measure and not for any other purpose, such as teacher and administrator salaries.

This Measure provides that the bond proceeds will fund authorized projects, which are generally described in the District's 2026 Five Year Facilities Master Plan and the full text of the Measure printed in the voter information guide, examples of which include, among others: the Main Building retrofit and renovation; replacing building systems such as plumbing, electrical, sewer, heating and ventilation; and upgrading classrooms and restrooms.

The Measure includes a required disclosure that approval of the Measure does not guarantee completion of all projects, some of which might require funding from the State that is subject to appropriation by the Legislature.

Certain accountability measures apply, such as establishing a separate account to deposit the proceeds from the sale of the bonds. To ensure that the proceeds are spent only for the types of projects listed in the Measure, it provides for an independent citizens' oversight committee, an annual performance audit, an annual financial audit, and an annual report by the District's chief fiscal officer to the District's governing board, stating the amount of bond proceeds received and expended and the status of any project funded from the proceeds.

This Measure is placed on the ballot by the governing board of the District.

s/ ANDREA L. WEDDLE
Interim County Counsel

The above statement is an impartial analysis of Measure K, which is printed in full in this sample ballot pamphlet. If you desire an additional copy of the measure, please call the Elections Official's office at (510) 272-6933 and a copy will be mailed at no cost to you. You may also access the full text of the measure on the Alameda County website at the following address: www.acvote.org.

TAX RATE STATEMENT OF BOND MEASURE K

TAX RATE STATEMENT REGARDING PROPOSED SUNOL GLEN UNIFIED SCHOOL DISTRICT GENERAL OBLIGATION BONDS

An election will be held in the Sunol Glen Unified School District (the "District") of Alameda County, California, on November 3, 2026, to authorize the sale of up to $6,100,000 in bonds of the District to finance school facility improvements as described in the measure. If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of *ad valorem* property tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400-9404 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

Based upon the foregoing and projections of the District's assessed valuation, the following information is provided:

1. The best estimate of the average annual tax rate which would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on a projection of assessed valuations available at the time of filing of this statement, is $33.54 per $100,000 of assessed value. The final fiscal year in which the tax is anticipated to be collected is 2058-59.
2. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on a projection of assessed valuations available at the time of filing of this statement, is $35.00 per $100,000 of assessed value. It is estimated that such rate would be levied in fiscal years 2027-28 through 2056-57.
3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is approximately $13,815,000.

Voters should note the estimated tax rate is based on the assessed value (not market value) of taxable property on the Alameda County's official tax rolls. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary from those used to provide the estimates set forth above, due to factors such as variations in the timing of bond sales, the par amount of bonds sold and market interest rates available at the time of each sale, actual assessed valuations over the term of the bonds, and other factors. The date and amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. The actual interest rates at which the bonds will be sold will depend on conditions in the bond market at the time of sale. Actual future assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Superintendent, Sunol Glen Unified School District

ARGUMENT IN FAVOR OF BOND MEASURE K

Sunol Glen Unified School District

Vote Yes on Measure "K"! Let's protect our investment and finish improving Sunol Glen School!

Sunol Glen School is the center of our community. Our school has served our community for over 100 years, maintaining high academic standards within a positive and nurturing learning environment. It has also built strong community partnerships. For this reason, many generations of families continue to be part of our rich academic and cultural experience. However, while our teachers and staff focus on student success, our aging facilities remain a challenge.

Faced with deteriorating facilities, our community approved a school improvement funding measure in 2022 to renovate our historic Main Building. Built in 1925, the Building required major seismic retrofitting, including removing hazardous materials. Although many critical repairs were completed, and funds stretched as far as possible, additional needs remain today.

Why Measure "K" is Urgently Needed:

- **Finish Main Building retrofit**: Requires final phases of structural and infrastructure repairs, including window and door replacements, electrical, fencing, site work, and classroom upgrades.
- **Aging classrooms**: Modernize and renovate our learning environments to ensure they meet today's safety and quality standards.
- **Replace old infrastructure** – Address critical items such as roofs, electrical and HVAC systems, playgrounds, safety and security improvements.

Measure "K" is a smart investment:

- **Maintains low tax rates**: Tax rates are estimated to remain amongst the lowest compared to area school districts.
- **100% local funds:** Dollars stay local, benefiting our entire community.
- **Strong accountability:** By law, funds may be spent only on voter-approved projects and will be audited annually with independent citizen oversight.

Without this investment, aging facilities will continue to deteriorate, resulting in costly emergency repairs in the future. Measure "K" ensures we have a safe and quality learning environment for generations to come.

Join us in VOTING YES ON MEASURE K!

FULL TEXT OF BOND MEASURE K

SUNOL GLEN UNIFIED SCHOOL DISTRICT MEASURE K

BOND AUTHORIZATION

By approval of this measure by at least 55 percent of the registered voters voting on the measure, the Sunol Glen Unified School District (the "District") will be authorized to issue and sell bonds of up to $6,100,000 in aggregate principal amount at interest rates not to exceed legal limits and to provide financing for the specific school facilities projects listed under the heading "Bond Project List" below, subject to all the accountability requirements specified below.

ACCOUNTABILITY REQUIREMENTS

Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIIIA, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following.). If this measure is successful, the following terms apply.

Evaluation of Needs. The School Board hereby certifies in accordance with State law that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Bond Project List shown below.

Independent Citizens' Oversight Committee. Following approval of this measure, the School Board will establish an Independent Citizens' Oversight Committee to this measure, pursuant to Education Code Sections 15278 and following, to ensure bond proceeds are expended only on the types of school facilities projects listed below. Oversight duties may be added to the duties of the District's existing Independent Citizens' Oversight Committee.

Performance Audits. The School Board will conduct annual, independent performance audits to ensure that the bond proceeds have been expended only on the school facilities projects listed below.

Financial Audits. The School Board will conduct annual, independent financial audits of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed below.

Government Code Accountability Requirements. As required by Section 53410 of the Government Code, (1) the specific purpose of the bonds is set forth in this Full Text of the Measure, (2) the proceeds from the sale of the bonds will be used only for the purposes specified in this measure, and not for any other purpose, (3) the proceeds of the bonds, when and if issued, will be deposited into a building fund to be held by the Alameda County Treasurer, as required by the California Education Code, and (4) the Superintendent of the District shall cause an annual report to be filed with the School Board each year, which report shall contain pertinent information regarding the amount of funds collected and expended, as well as the status of the projects listed in this measure, as required by Sections 53410 and 53411 of the Government Code.

NO TEACHER OR ADMINISTRATOR SALARIES

Proceeds from the sale of bonds authorized by this measure shall be used only for the purposes specified in Article XIII A, Section 1(b)(3), being the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and the acquisition or lease of school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

STATE MATCHING FUNDS

The following statement is included in this measure pursuant to Education Code Section 15122.5: Approval of this measure does not guarantee that the proposed project or projects that are the subject of bonds under this measure will be funded beyond the local revenues generated by this measure. The District's proposal for the project or projects described below may assume the receipt of matching state funds, which, if available, could be subject to appropriation by the Legislature or approval of a statewide bond measure.

INFORMATION ABOUT ESTIMATES AND PROJECTIONS INCLUDED IN BALLOT

Voters are informed that any estimates or projections in the bond measure or ballot materials, including relating to estimated rates of *ad valorem* property taxes, the duration of issued bonds and related levies and collections of *ad valorem* property taxes are provided as informational only and are not binding on the District. Such amounts are estimates and are not maximum amounts or limitations on the terms of the bonds, the rate or the duration of the tax supporting repayment of issued bonds. Such estimates depend on numerous variables which are subject to variation and change over the term of the District's overall facilities and bond financing plan, including but not limited to the amount of bonds issued and outstanding at any one time, the interest rates applicable to issued bonds, market conditions at the time of sale of the bonds, when bonds mature, timing of project needs and changes in assessed valuations in the District. As such, while such estimates and approximations are provided based on information currently available to the District and its current expectations, such estimates and approximations are not limitations and are not binding upon the District. In addition, the abbreviated and condensed statement of the bond measure presented to voters which is subject to a word count limitation imposed by State law does not limit the scope and complete meaning of the measure provided in this Full Text of Bond Measure and related ballot materials.

BOND PROJECT LIST

School Facility Project List. The items presented on the following list provide are the specific types of projects authorized to be financed with voter-approved bond proceeds, as generally reflected in the District's 2026 Five Year Facilities Master Plan. Examples included on this list are not intended to limit the broader types of projects described on this list and authorized by this measure. The specific projects to be addressed with bond proceeds are:

Main School Building Seismic Upgrade/Retrofit and Renovations Project: Complete all necessary improvements to the Main Building retrofit and renovation project,. Includes seismic work and renovations, improvements to interiors such as trim, casework, doors, windows, drywall and other wall finishes, theatrical lighting, improvements to exteriors including paving, landscaping, lighting, walkways, fencing, painting, new skylights, upgrade/replace all infrastructure.

200 Wing Reconfiguration, Renovation and Modernization: Construct/reconstruct/reconfigure and modernize spaces to meet State requirements for Transitional Kindergarten and Kindergarten and other District programs. Includes constructing compliant restrooms, enlarging classrooms, modernizing the interiors such as flooring, lighting, casework and wall, and exteriors such as lighting, landscaping and painting, upgrading and/or replacing all building systems and the building envelope such as electrical, lighting, communication, plumbing, life safety and fire protection, heating and ventilation, structural framework, roofs, walls, windows, control systems, upgrade/replace all infrastructure.

300 Wing Restroom Renovation and Modernization: Construct/reconstruct/reconfigure and modernize restrooms and ensure compliance with all state laws, regulations and codes including for ADA accessibility.

400 Wing Science Reconfiguration, Renovation and Modernization: Construct/reconstruct/reconfigure and modernize spaces. Includes upgrading classrooms and learning spaces such as modernizing the interiors such as flooring, lighting, casework and wall, and exteriors such as lighting, landscaping and painting, upgrading and/or replacing all building systems and the building envelope such as electrical, lighting, communication, plumbing, life safety and fire protection, heating and ventilation systems, structural framework, roofs, walls, windows, control systems, upgrade/replace all infrastructure.

Site Upgrades: Upgrades to outdoor spaces, playgrounds, fields and security fencing.

Accessibility and Legal Compliance. All upgrades to ensure compliance with all state laws, regulations and codes including for ADA accessibility.

Infrastructure Upgrades. Upgrade/replace all infrastructure serving District sites including plumbing, electrical, sewer, heating and ventilation systems.

Discoveries. Address any discoveries made during renovations and construction.

Project prioritization is vested in and will be determined by the District Board.

Furnishing and Equipping; Incidental Expenses. Each of the bond projects described on the above Bond Project List include the costs of furnishing and equipping such facilities, and all costs which are incidental but directly related to the types of projects described above. Examples of incidental costs include, but are not limited to: costs of design, engineering, architect and other professional services, facilities assessments and updates to master plan documents, inspections, site preparation, utilities, landscaping, construction management and other planning and permitting, legal including litigation, accounting and similar costs; independent annual financial and performance audits; a customary construction contingency; demolition and disposal of existing structures; the costs of interim housing and storage during construction including relocation and construction costs incurred relating to interim facilities; rental or construction of storage facilities and other space on an interim basis for materials and other equipment and furnishings displaced during construction; costs of relocating facilities and equipment as needed in connection with the projects; interim classrooms and facilities for students, administrators, and school functions, including modular and parking facilities; federal and state-mandated safety upgrades; addressing unforeseen conditions revealed by construction/modernization and other necessary improvements required to comply with existing building codes, including the Field Act; access requirements of the Americans with Disabilities Act; costs of the election; bond issuance and compliance costs; and project administration during the duration of such projects, as permitted by law.

Alterations to Scope; New Construction; Real Property Interests. The scope, nature and priority of any of the specific projects described above may be altered by the School Board. This may occur due to unforeseen conditions that may arise during the course of planning, design and construction, or due to other compelling factors which become apparent in the course of project planning and execution, such as changing cost considerations, safety considerations, programmatic considerations or other considerations that arise or become apparent over the several years of undertaking bond financed projects. In the event that a project is identified as a modernization or renovation project but it is determined by the Board that it would be more economical or otherwise in the best interests of the District to be undertaken as new construction, this bond measure authorizes land acquisition, relocation or expansion and construction at a new or alternative or expanded site, and/or demolition and reconstruction and/or repurposing on the original site, including an expanded site, and all costs relating thereto. In addition, this measure authorizes the acquisition of interests in real property, including necessary rights of ways or other real property interests, required to expand District facilities, to provide access to school or other District facilities, and/or to provide additional school sites, outdoor spaces, or related facilities.

Interim Financing Included; Joint Use Projects Authorized. In addition, authorized projects include reimbursements for paid project costs and paying and/or prepaying interim or previously obtained financing for the types of projects

included on the project list, such as bond anticipation notes or lease financings relating to projects and/or equipment previously financed. Finally, projects on this list may be undertaken and used as joint use projects with other public agencies.

Other Funding Sources. The Bond Project List presents more projects than are expected can be addressed with proceeds of this bond measure. The School Board will determine project prioritization. There is no guarantee that all projects will be addressed with bond funds. Additional funds for facilities projects are expected to be pursued from the State's facilities matching funds programs, if and to the extent available and qualifying, to provide additional funding to complete additional facilities projects.

Unforeseen Circumstances. Many factors which the District cannot predict or control may impact its ability to address each of the projects, including but not limited to construction cost issues, supply chain issues which can cause project delays, labor shortages, and unknown environmental factors or site conditions, among others. The District is unable to anticipate all unforeseen circumstances which may limit or prevent some of the projects listed above from being undertaken or completed.

Scope; Interpretation. Bond proceeds will be expended in accordance with State law only on the construction, reconstruction, rehabilitation, or replacement of school facilities of the District, including furnishing and equipping, and the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries or other school operating expenses, in compliance with California Constitution Article XIIIA, Section 1(b)(3). Projects are authorized to be undertaken at any District sites or properties.

The terms of this Bond Measure and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this proposition within the authority provided by law, including Article XIIIA, Section 1(b)(3) of the California Constitution, Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. Examples included on the project list are not intended to limit the broader types of projects described and authorized by this measure. Words used in the Project List such as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used to describe school facilities projects in plain English but are not intended to expand the nature of such projects beyond what is authorized by State law. The Bond Project List only authorizes capital expenditures.

Severability. The District Board hereby declares, and the voters by approving this Bond Measure concur, that every section and part of this bond proposition has independent value, and the District Board and the voters would have adopted each provision hereof regardless of every other provision hereof. Upon approval of this measure by the voters, should any part be found by a court of competent jurisdiction to be invalid for any reason, all remaining parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the provisions of this bond measure are severable.
