**POLICY FRAMEWORK:** The action is pursuant to California Elections Code sections 10002 and 10400 et seq., and California Education Code sections 5300-5363.

**EQUITY IMPACT SUMMARY:** Pursuant to Elections Code sections 10002 and 10400 et seq., and Education Code sections 5300–5363, this action consolidates the listed school and special district elections with the statewide election. Consolidation is intended to have a positive equity impact, as off-cycle standalone elections typically produce lower and less representative turnout, whereas participation in statewide elections is broader across age, income, and demographic groups. Consolidation further reduces administrative costs to the affected districts. As consolidated ballots grow longer, some level of voter roll-off on down-ballot contests is possible. The Elections Department will continue its voter outreach activities and offer translated voter materials to support full ballot completion.

**COMMUNICATIONS & COMMUNITY ENGAGEMENT:** All contests, including ballot measures, have been publicly noticed. Ballot measures and contests going to ballot will be included in the County Voter Information Guide.

**PERFORMANCE MEASURES:** There are no performance measures associated with this item.

**CONTRACT RENEWALS / PERFORMANCE OUTCOMES:** This item does not include any contracts or performance-related outcomes.

**CONTRACT RISKS:** There are no contract risks associated with this item.

**CEQA ANALYSIS:** This action does not constitute a “project” under the California Environmental Quality Act (CEQA) pursuant to Public Resources Code § 21065 and CEQA Guidelines §§ 15060(c) and 15378. Therefore, it is not subject to environmental review, documentation, or public notice requirements under CEQA. All individual projects will continue to follow applicable review.

**FISCAL, FACILITY & STAFFING ANALYSIS:** The consolidating jurisdictions will reimburse the Marin County Elections Department for their share of the election services provided. Our office produces invoices for all districts after the election is concluded, reflecting the costs of the services provided.

**ALTERNATIVES:** The only alternative is for City/Town Clerks and district secretaries to conduct their own elections. All have opted to have the County perform election services.
