IMPARTIAL ANALYSIS BY COUNTY COUNSEL

CALIFORNIA PINES COMMUNITY SERVICES DISTRICT

MEASURE P

The Board of Directors of the California Pines Community Services District (the "District") has placed Measure P on the ballot. Measure P proposes increasing the District's special parcel tax for fire protection and prevention services from Twenty-Five dollars ($25.00) to Seventy-Five dollars ($75.00) per year for each nonexempt parcel.

The District provides fire protection and prevention services to residents and property owners. Current revenue from the existing special parcel tax is inadequate to fund these services, and without additional revenue, the District may be forced to cut services.

This measure is authorized by California Government Code Sections 61121(a) and 50075 *et seq.* The proposed tax is a special tax as defined in Article XIIIC of the California Constitution.

If approved, the increased tax of Seventy-Five dollars ($75.00) per fiscal year would take effect commencing fiscal year 2027-28 and be collected by the Modoc County Tax Collector.

The increased tax is expected to generate approximately Seven Hundred Fifty-Five Thousand dollars ($755,000.00) in additional annual revenue, which would be placed in a special fund and applied only for fire protection and prevention services.

The chief fiscal officer must file an annual report with the Board of Directors regarding revenue collected and expended. Independent auditors shall conduct an annual compliance audit, commencing December 31, 2027, to review whether tax revenues are collected, managed, and expended in accordance with the ordinance.

The tax shall remain in effect unless a later ordinance approved by two-thirds of District voters repeals or terminates it. The Board may not increase the tax without two-thirds voter approval.

Approval requires at least two-thirds of votes cast, as required by Article XIIIC, Section 2(d) of the California Constitution. If the measure fails, the existing tax of Twenty-Five dollars ($25.00) per year remains in effect.

A "yes" vote is a vote in favor of increasing the District's special parcel tax from Twenty-Five dollars ($25.00) to Seventy-Five dollars ($75.00) per year for each nonexempt parcel.

A "no" vote is a vote against increasing the District's special parcel tax, and in favor of retaining the existing tax of Twenty-Five dollars ($25.00) per year for each nonexempt parcel.

This Impartial Analysis is hereby submitted to the Elections Officials in conformance with Section 9313 of the Elections Code of the State of California.
