IMPARTIAL ANALYSIS OF MEASURE H

The following impartial analysis of the measure was prepared by the Eureka City Attorney:

Currently, the Charter of the City of Eureka fixes the salary of the Mayor at $625 per month and that of each of the five Councilmembers at $500 per month. These levels were enacted by Charter amendment on June 7, 1988 and have not been changed since then. To change the salary provisions requires another Charter amendment, such as Measure H.

If adopted by the voters, Measure H would allow the City Council to adopt an ordinance that may initially increase the salary levels to $1250 per month for the Mayor and $1000 per month for Councilmembers. Because of the timelines for the effective date of any new ordinance, these increases could take effect in January, 2027.

Measure H would also permit future annual adjustments to the salaries by adoption of new ordinances, subject to prior review by the City's Finance Advisory Committee.

A "yes" vote on Measure H is a vote to enact a Charter amendment that would allow the Mayor's and Councilmembers' salaries to increase by ordinance new limits and thereafter to be adjusted annually following input from the Finance Advisory Committee.

A "no" vote is a vote against the enactment of the Charter amendment and to retain the current salary limits.

The above statement is an impartial analysis of Measure H. If you desire a copy of the ordinance or measure, please call the elections official's office at 707-445-7481 and a copy will be mailed at no cost to you.
