R City of Oroville – Resolution 9465 – Charter Amendment: Removing City Treasurer Position

Shall the City of Oroville Charter be amended to delete the vacant and no longer needed City Treasurer position, saving the City approximately $65,000 annually? Yes or No

IMPARTIAL ANALYSIS OF MEASURE R

The Oroville City Council placed Measure R on the ballot. Measure R would amend the Oroville City Charter provisions concerning the City Treasurer.

The Charter currently lists the City Treasurer as a City officer, requires the Treasurer to be elected for a four-year term, and assigns the Treasurer specified financial duties. Those duties include collecting City-assessed taxes; receiving and safeguarding City money and securities; paying City funds only on warrants signed by the proper officials, including payments on City bonds; and depositing funds within 48 hours with a responsible banking institution in the City, with collateral as provided by law.

The Charter separately establishes a Director of Finance appointed by the City Council. The Director of Finance is assigned substantially overlapping duties to receive and safeguard City money and securities and to pay City funds only on properly signed warrants, including payments on City bonds. Other Charter and Municipal Code provisions assign fiscal administration, budgeting, financial reporting, and related responsibilities to the Director of Finance, City Administrator, City Council, and other City staff.

Measure R would delete Article IX, Section 7, which establishes the Treasurer and states the Treasurer's duties. It would also delete the sentence in Article VI, Section 1 requiring the Treasurer to be elected and to serve a four-year term, and other references to the elected City Treasurer where needed to give effect to this Measure. Voters would no longer elect a City Treasurer, and the measure would not create an appointed Treasurer position.

The City's financial functions would continue to be performed under the remaining Charter, Municipal Code, state law, and City fiscal policies, principally through the appointed Director of Finance and other designated staff. The specific Treasurer duties deleted from the Charter would no longer operate as

independent Charter requirements, although similar requirements imposed by other applicable law or policy would remain.

The City's estimate is that eliminating the position would save approximately $65,000 annually. Actual savings would depend on the compensation/benefit costs that otherwise would have been incurred for the Treasurer position.

A "yes" vote is a vote to eliminate the City Treasurer position as described above. A "no" vote is a vote to retain the existing Charter provisions. Measure R requires a majority of votes cast on the measure to pass.

s/Scott E. Huber, City Attorney, City of Oroville, CA

ARGUMENT IN FAVOR OF MEASURE R

No argument in favor was filed.

ARGUMENT AGAINST MEASURE R

No argument against was filed.
