COUNTY COUNSEL'S IMPARTIAL ANALYSIS OF: MEASURE "C"

Proposal by the Shasta-Tehama-Trinity Joint Community College District (the "District") to issue up to $129,630,000 in general obligation bonds provided the measure passes with at least 55% voter approval. The District estimates an average annual levy of $7.76 per $100,000 of assessed value.

The District estimates that the total amount repayable during the life of the bonds, including principal and interest, will be approximately $264,800,000. The highest estimated tax rate is $15.29 per $100,000 of assessed value estimated to be levied in fiscal years 2031-32 through 2042-43. No funds would be used for teacher salaries, administrator salaries, or operating expenses.

The proposed bond measure would fund prior, current, and future costs associated with the construction, reconstruction, rehabilitation, replacement, furnishing, and equipping of college facilities, including the acquisition or lease of real property for school facilities, serving students, veterans, and residents throughout the District which includes portions of Shasta, Tehama, Trinity, Lassen, Humboldt, and Modoc Counties. The specific types of improvements are more fully described in the full text of the measure. As required by law, the District's Board of Trustees certified it evaluated safety, enrollment growth, and information technology needs in developing the project list.

The proposed tax levies under the bond measure would be ad valorem property taxes on the assessed value of taxable property within the District. The District estimates the income generated from the bond measure would average approximately $7,800,000 annually while the bonds are outstanding. The funds generated from the bond measure will be subject to transparency and accountability provisions, such as annual independent performance and financial audits, annual collection and expenditure reports, and the establishment of an Independent Citizens' Oversight Committee following voter approval of the measure.

Approval of this measure does not guarantee that all proposed projects to be improved with bond proceeds will be funded beyond the local revenues generated by the measure. The District's proposal for the projects assumes the receipt of matching state funds, which, if available, could be subject to appropriation by the Legislature or approval of a statewide bond measure.

Pursuant to Education Code section 15264, on May 13, 2026, by Resolution No. 2025-26-18, the District's Board of Trustees adopted a resolution authorizing and requesting consolidation with other elections to be held on November 3, 2026, and for the submittal of this bond measure to the voters.

A "yes" vote would approve the bond measure and authorize the District to issue up to $129,630,000 in general obligation bonds for the described college facilities improvements, resulting in an estimated average annual levy of $7.76 per $100,000 of assessed value, with higher rates in certain years, for improvements to Shasta-Tehama-Trinity Joint Community College District facilities.

A "no" vote would disapprove the bond measure, and any such property tax levies for improvements to Shasta-Tehama-Trinity Joint Community College District facilities.

The above statement is an impartial analysis of Measure C. If you desire a copy of the measure, please call the elections official's office at (530) 251-8217 and a copy will be mailed at no cost to you. You may also view the full text of Measure C at: https://www.lassencounty.gov/194/Elections.

ARGUMENT IN FAVOR OF: SHASTA-TEHAMA-TRINITY JOINT COMMUNITY COLLEGE DISTRICT BOND MEASURE "C"

Shasta College is an important asset to our North State communities and should be a top priority. A quality college is important because it provides training and education for better paying jobs, is good for the local economy, and improves the quality of our community. Our instructors and staff do a great job educating local students, but many classrooms and facilities in the Shasta-Tehama-Trinity Joint Community College District are outdated or inadequate to provide students with the facilities they need to succeed.

Although classrooms, labs, and facilities have been well maintained over the years, aging buildings must be upgraded since many do not meet 21st century standards. Shasta College's main campus has classrooms that are almost 60 years old. By investing in Shasta College, we can meet today's technological and educational standards and provide better job-training services to improve our communities for years to come.

Approving Measure C will improve our campuses without increasing tax rates.

Measure C will provide funding to make improvements throughout the District including:

- Constructing a new training facility in Tehama County for welding and agriculture jobs
- Expanding Emergency Medical Services (EMS) and Certified Nursing Assistant (CNA) labs and facilities
- Upgrading inadequate building systems
- Modernizing science and math labs
- Making improvements for students and visitors with disabilities

Measure C makes financial sense and protects taxpayers.

- Will not increase tax rates.
- By law, spending must be annually audited and reviewed by an independent citizens' oversight committee.
- All bond funds must be spent locally and cannot be taken by the State.
- Funds are required to be spent only on local college facilities, not for administrator or instructor salaries.
- Without increasing taxes, Measure C upgrades and renovates old and inadequate buildings and provides training and education for better paying jobs. That's something we can all support. Please join us and VOTE YES ON MEASURE C!

FULL TEXT OF SHASTA-TEHAMA-TRINITY JOINT COMMUNITY COLLEGE DISTRICT BOND MEASURE "C"

BOND AUTHORIZATION

By approval of this measure by at least 55 percent of the registered voters voting on the measure, the Shasta-Tehama-Trinity Joint Community College District (the "District") will be authorized to issue and sell bonds of up to $129,630,000 in aggregate principal amount at interest rates not to exceed legal limits and to provide financing for the specific school facilities projects listed under the heading "Bond Project List" below, subject to all the accountability requirements specified below.

ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in this measure in order that the voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIIIA, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following.)

Evaluation of Needs. The District Board of Trustees (the "District Board") has identified detailed facilities needs of the District and has determined which projects to finance from a local bond. The District Board hereby certifies that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Bond Project List shown below.

Independent Citizens' Oversight Committee. Following approval of this measure, the District Board will establish an Independent Citizens' Oversight Committee, under Education Code Sections 15278 and following, to ensure bond proceeds are expended only on the types of school facilities projects listed below. The committee will be established within 60 days of the date when the results of the election appear in the minutes of the District Board.

Performance Audits. The Board will conduct annual, independent performance audits to ensure that the bond proceeds have been expended only on the school facilities projects listed below.

Financial Audits. The District Board will conduct annual, independent financial audits of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed below.

Government Code Accountability Requirements. As required by Section 53410 of the Government Code, (1) the specific purpose of the bonds is set forth in this Full Text of the Measure, (2) the proceeds from the sale of the bonds will be used only for the purposes specified in this measure, and not for any other purpose, (3) the proceeds of the bonds, when and if issued, will be deposited into a building fund to be held by the Shasta County Treasurer, as required by the California Education Code, and (4) the Superintendent/President of the District shall cause an annual report to be filed with the District Board not later than January 1 of each year, which report shall contain pertinent information regarding the amount of funds collected and expended, as well as the status of the projects listed in this measure, as required by Sections 53410 and 53411 of the Government Code.

NO TEACHER OR ADMINISTRATOR SALARIES

Proceeds from the sale of bonds authorized by this measure shall be used only for the purposes specified in Article XIII A, Section 1(b)(3), specifically the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and the acquisition or lease of school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

STATE MATCHING FUNDS

The following statement is included in this measure pursuant to Education Code Section 15122.5: Approval of this measure does not guarantee that the proposed project or projects that are the

FULL TEXT OF SHASTA-TEHAMA-TRINITY JOINT COMMUNITY COLLEGE DISTRICT BOND MEASURE "C" CONTINUED

subject of bonds under this measure will be funded beyond the local revenues generated by this measure. The District's proposal for the project or projects described below may assume the receipt of matching state funds, which, if available, could be subject to appropriation by the Legislature or approval of a statewide bond measure.

INFORMATION ABOUT ESTIMATES AND PROJECTIONS INCLUDED IN BALLOT

Voters are informed that any estimates or projections in the bond measure or ballot materials, including relating to estimated rates of ad valorem property taxes, the duration of issued bonds and related levies and collections of ad valorem property taxes are provided as informational only and are not binding on the District. Such amounts are estimates and are not maximum amounts or limitations on the terms of the bonds, the rate or the duration of the tax supporting repayment of issued bonds. Such estimates depend on numerous variables which are subject to variation and change over the term of the District's overall facilities and bond financing plan, including but not limited to the amount of bonds issued and outstanding at any one time, the interest rates applicable to issued bonds, market conditions at the time of sale of the bonds, when bonds mature, timing of project needs and changes in assessed valuations in the District. While such estimates and approximations are provided based on information currently available to the District and its current expectations, such estimates and approximations are not limitations and are not binding upon the District. In addition, the abbreviated and condensed statement of the bond measure presented to voters which is subject to a word count limitation imposed by State law does not limit the scope and complete meaning of the measure provided in this Full Text of Bond Measure and related ballot materials.

BOND PROJECT LIST

Scope of Projects. Bond proceeds will be expended on the construction, reconstruction, rehabilitation, or replacement of school facilities of the Shasta-Tehama-Trinity Joint Community College District, including furnishing and equipping, and the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries or other school operating expenses, all in compliance with California Constitution Article XIIIA, Section 1(b)(3).

This measure authorizes bond projects to be undertaken at all current and future District properties, sites and campuses, and includes real property acquisition.

Specific School Facility Project List. The items presented on the following list provide the specific school facilities projects authorized to be financed with voter-approved bond proceeds. Examples provided in each category does not limit the broader meaning of the type of project authorized. Authorized projects are:

- Upgrade, expand and construct facilities for career training supporting successful careers and transfer to universities.
- Construct classrooms and training facilities including all related improvements supporting career technical education, including careers in welding, public safety, agriculture and nursing.
- Develop through new construction and/or facilities modernization a regional training center to support community education and regional educational collaboratives.
- Provide new science and math labs and expand College facilities providing instruction in Science, Technology, Engineering and Math (STEM).
- Expand, modernize and construct simulation and specialized labs for career training and preparation including careers in public safety and medicine.
- Expand and modernize the Regional Public Safety Training Center and related facilities to provide needed educational programs for fire, law enforcement and emergency medical training.

FULL TEXT OF SHASTA-TEHAMA-TRINITY JOINT COMMUNITY COLLEGE DISTRICT BOND MEASURE "C" CONTINUED

- Upgrade and replace existing information technology infrastructure and network systems to improve efficiency and increase capacity.
- Upgrade and modernize old restrooms and replace deteriorating plumbing and sewer systems.
- Upgrade outdated and inadequate electrical systems.
- Renovate, repair or replace outdated laboratories, classrooms, and support facilities, including all improvements such as windows, doors, flooring, roofing, lighting, security systems, instructional and learning equipment and devices.
- Improve student safety, disabled access and accommodations to meet all legal and regulatory requirements, emergency preparedness, and security systems, including security cameras, emergency mass announcement systems, keying systems, lighting, fencing, smoke detectors, fire alarms and sprinklers.
- Expand sustainability through stormwater/rainwater capture and reuse systems, solar initiatives, water reduction programs including but not limited to artificial turf installation, and wastewater facilities improvements.
- Construct new student housing and/or renovate/expand/modernize current student housing.
- Upgrade, modernize, expand and construct indoor and outdoor athletic and recreation facilities including tracks, fields, stadiums and pools and all related facilities such as changing rooms, restrooms, seating, announcement systems and scoreboards, food service and parking, including replacing outdated equipment and renovating facilities for regional competition use, and including all types of indoor and outdoor lighting.
- Construct, update and/or modernize facilities supporting performing arts including instruction and performance spaces, including for music, dance, comedy, and drama/theater, and for other community events.
- Modernize and construct student and staff meeting and gathering spaces including improvements to food service, libraries, study spaces and related areas.
- Improvements to exteriors including ensuring walkways, pathways, ramps and parking lots are repaired and safe and expanded, installing retaining walls as needed, improving grading, adding signage, parking, railings, landscaping, irrigation and exterior lighting.
- Health and safety upgrades Including all upgrades required by laws, regulations and building codes, including the Field Act, to provide a safe and healthy environments including improvements to improve air quality and seismic improvements as recommended, and includes addressing unforeseen conditions revealed in connection with construction such as dry rot or other structural issues.
- Furniture, equipment including technology equipment, and all work necessary and incidental to specific projects described above as more particularly described below.

The order in which the foregoing projects are listed does not suggest an order of priority. Project prioritization is vested in and will be determined by the District Board.

Furnishing and Equipping; Incidental Expenses. Each of the bond projects described on the above Bond Project List include the costs of furnishing and equipping such facilities, and all costs which are incidental but directly related to the types of projects described above.Examples of incidental costs include, but are not limited to: costs of design, engineering, architect and other professional services, facilities assessments and updates to master plan documents, inspections, site preparation, utilities,

FULL TEXT OF SHASTA-TEHAMA-TRINITY JOINT COMMUNITY COLLEGE DISTRICT BOND MEASURE "C" CONTINUED

landscaping, construction management and other planning and permitting, legal including litigation, accounting and similar costs; independent annual financial and performance audits; a customary construction contingency; demolition and disposal of existing structures; the costs of interim housing and storage during construction including relocation/moving costs and construction costs incurred relating to interim facilities; rental or construction of storage facilities and other space on an interim basis for materials and other equipment and furnishings displaced during construction; costs of relocating facilities and equipment as needed in connection with the projects; interim classrooms and facilities for students, administrators, and school functions, including modular and parking facilities; federal and state-mandated safety upgrades; addressing unforeseen conditions revealed by construction/modernization and other necessary improvements required to comply with existing building codes, including the Field Act; access requirements of the Americans with Disabilities Act; costs of the election; bond issuance and compliance costs; and project administration during the duration of such projects, as permitted by law.

Alterations to Scope; New Construction; Real Property Interests. The scope, nature and priority of any of the specific projects described above may be altered by the District Board. This may occur due to unforeseen conditions that may arise during the course of planning, design and construction, or due to other compelling factors which become apparent in the course of project planning and execution, for example changing project cost considerations, safety considerations including discoveries, programmatic considerations or other considerations that arise or become apparent over the several years of undertaking bond financed projects. In the event that a modernization or renovation project is determined by the Board to be more economical or otherwise in the best interests of the District to be undertaken as new construction, this bond measure authorizes land acquisition, relocation and construction at a new or alternative site, and/or demolition and reconstruction and/or repurposing on the original site, including an expanded site, and all costs relating thereto. In addition, new construction of a facility may be revised to modernization of an existing facility due to any of the factors mentioned herein, among other possible reasons. This measure authorizes the acquisition of interests in real property, including necessary rights of ways or other real property interests, required to expand District facilities, to provide access to school or other District facilities, or to provide additional school or related facilities. This measure also authorizes payment of costs related to consolidation of facilities or campuses.

Interim Financing Included; Joint Use Projects Authorized. In addition, authorized projects include reimbursements for paid project costs and paying and/or prepaying interim or previously obtained financing for the types of projects included on the project list, such as bond anticipation notes or lease financings relating to projects and/or equipment previously financed. Finally, projects on this list may be undertaken and used as joint use projects with other public agencies.

Other Funding Sources. Voters are advised that the Bond Project List presents more projects than are expected can be addressed with proceeds of this bond measure. The District Board will determine project prioritization and there is no representation nor guarantee that all projects will be addressed.Additional funds for facilities projects are expected to be pursued from the State's facilities matching funds program, if and to the extent available and qualifying, to provide additional funding for facilities projects.

Unforeseen Circumstances. Many factors which the District cannot predict or control may impact its ability to address each of the projects, including but not limited to construction cost issues, supply chain issues which can cause project delays, labor shortages, and unknown environmental factors or site conditions, among others. The District is unable to anticipate all unforeseen circumstances which may limit or prevent some of the projects listed above from being undertaken or completed.

FULL TEXT OF SHASTA-TEHAMA-TRINITY JOINT COMMUNITY COLLEGE DISTRICT BOND MEASURE "C" CONTINUED

Interpretation. The terms of this Bond Measure and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this proposition within the authority provided by law, including Article XIIIA, Section 1(b)(3) of the California Constitution, Education Code Section 15000 et seq. and the Strict Accountability in Local School Construction Bonds Act of 2000. Examples included on the project list are not intended to limit the broader types of projects described and authorized by this measure. Words used in the Project List such as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used to describe facilities projects in plain English but are not intended to expand the nature of such projects beyond what is authorized by State law. The Bond Project List only authorizes capital expenditures.

Severability. The District Board hereby declares, and the voters by approving this Bond Measure concur, that every section and part of this bond proposition has independent value, and the District Board and the voters would have adopted each provision hereof regardless of every other provision hereof. Upon approval of this measure by the voters, should any part be found by a court of competent jurisdiction to be invalid for any reason, all remaining parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the provisions of this bond measure are severable.

ABBREVIATED FORM OF SHASTA-TEHAMA-TRINITY JOINT COMMUNITY COLLEGE DISTRICT BOND: MEASURE "C"

To improve college facilities serving students, veterans, and residents; renovate job training spaces including welding, public safety, agriculture and nursing; make accessibility improvements for the disabled; and acquire, construct, and renovate classrooms/ buildings; shall Shasta-Tehama-Trinity Joint Community College District's measure be adopted authorizing $129,630,000 of bonds at legal rates, estimated levies averaging $7.76 per $100,000 assessed value (raising $7,800,000 annually) while bonds are outstanding with annual audits, independent citizens' oversight committee, and all funds remaining local?

Bonds—Yes

Bonds—No

TAX RATE STATEMENT REGARDING PROPOSED SHASTA-TEHAMA-TRINITY JOINT COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS: MEASURE "C"

An election will be held in the Shasta-Tehama-Trinity Joint Community College District (the "District") of the counties of Shasta, Tehama, Trinity, Lassen, Humboldt and Modoc, California, on November 3, 2026, to authorize the sale of up to $129,630,000 in bonds of the District to finance school facility improvements as described in the measure. If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of ad valorem property tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400-9404 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

Based upon the foregoing and projections of the District's assessed valuation, the following information is provided:

1. The best estimate of the average annual tax rate which would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on a projection of assessed valuations available at the time of filing of this statement, is $7.76 per $100,000 of assessed value. The final fiscal year in which the tax is anticipated to be collected is 2060-61.
2. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on a projection of assessed valuations available at the time of filing of this statement, is $15.29 per $100,000 of assessed value. It is estimated that such rate would be levied in fiscal years 2031-32 through 2042-43.
3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is approximately $264,800,000.

Voters should note the estimated tax rate is based on the assessed value (not market value) of taxable property on the applicable county's official tax rolls. In addition, taxpayers eligible for a property tax exemption such as the homeowner's exemption will have a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary from those used to provide the estimates set forth above, due to factors such as variations in the timing of bond sales, the par amount of bonds sold and market interest rates available at the time of each sale, actual assessed valuations over the term of the bonds, and other factors. The date and amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. The actual interest rates at which the bonds will be sold will depend on conditions in the bond market at the time of sale. Actual future assessed valuations will depend upon the amount and value of taxable property within the District as determined by the counties as part of the annual assessment and the equalization process.

/s/ Dr. Frank Nigro
Superintendent/President
Shasta-Tehama-Trinity Joint Community College District
