CITY OF WEED
CITY ATTORNEY'S IMPARTIAL ANALYSIS OF MEASURE K

The Weed City Council unanimously approved placing Measure K on the ballot. Measure K would adopt a general transactions and use tax in the City of Weed at the rate of one and one-half percent (1.5%).

This kind of tax is often called a "sales" tax. It would only apply to purchases subject to sales taxes. For example, purchases of prescription drugs and most food would not be taxed.

The money from this tax would go into the City's general fund and could be used for any lawful City purpose such as maintaining streets, sidewalks, and City infrastructure; maintaining services such as 911 emergency services, fire protection and wildfire prevention services, snow removal services, and other City expenses and services as determined by the City Council.

This tax would be in addition to existing state and local sales taxes. It would add one and one-half cents ($0.015) to each dollar ($1.00) of taxable sales. All revenues raised by Measure K will belong to the City and not to the State or other governmental entities. If approved, the tax will remain in effect until amended or repealed by the voters.

A "Yes" vote is a vote to impose the transactions and use tax.

A "No" vote is a vote not to impose the transactions and use tax.

Measure K will be approved if it receives a simple majority of "yes" votes (50% plus 1).
