REBUTTAL TO ARGUMENT AGAINST MEASURE F

Firebaugh residents deserve to hear from the people who live here, not outside political activists telling our community how to fund essential services. **Measure F opponents do not live here, and they do not have the same stake Firebaugh residents have in keeping our community safe, maintaining essential services and protecting Firebaugh's future.**

75% of 9-1-1 calls to Firebaugh Fire Department are medical emergencies, including heart attacks and strokes, when seconds count and response times can mean the difference between life and death. **But, because Firebaugh firefighters are volunteers, we do not always have responders on duty, and 911 wait times are longer than they should be.**

That's why Measure F is on the ballot. **Measure F provides dedicated funding allowing our Fire Department to provide around-the-clock emergency response to Firebaugh residents.**

Without Measure F, Firebaugh will continue relying on volunteer firefighters who may not be available when a 911 call comes in, putting longer response times and our community's safety at risk.

Every Measure F penny will stay here to support Firebaugh's emergency services.

Measure F includes strong taxpayer accountability. **Independent community oversight, annual audits and public reporting** ensure residents can see exactly how funds are spent.

The choice is straightforward: Continue hoping Firebaugh's volunteer emergency responders are available when needed OR provide dedicated local funding to ensure that they are.

That's why Firebaugh public safety, education, medical and business leaders all SUPPORT Measure F.

Vote YES on Measure F for Firebaugh's safety and Firebaugh's future.
