Measure S is a SCAM!

Measure S is a 30-year, multibillion-dollar public transportation tax scam that creates more problems than it solves. It will leave Fresno County with more congestion, deteriorating roads, and not fix all the neighborhood streets and roads that taxpayers want. It is full of promises that will never be kept.

Fresno County residents are in desperate need of road repairs and want the basics: fix our roads, reduce congestion, improve safety, and keep traffic moving. Measure S will not do that.

Instead of making road repair and maintenance the clear priority, Measure S directs hundreds of millions of dollars toward public transportation and 120 miles of bike lanes while our streets and rural roads continue to deteriorate.

Worse, Measure S will increase traffic congestion and restricts roadway expansion. As Fresno County grows, more vehicles could be forced onto an already strained road network.

More traffic on roads that aren't adequately maintained means greater wear and tear, faster deterioration, more potholes, and more expensive repairs.

And taxpayers would be locked into this plan for 30 years, an entire generation.

Don't be fooled by claims that Measure S continues Measure C-it doesn't.

It lacks accountability to our taxpayers and will make travelling across Fresno County more miserable while fattening the pockets of the people who crafted this scam.

More congestion. Faster road deterioration. Billions in taxes. Thirty years.

Fresno County needs a real transportation plan that puts roads, safety, and congestion relief first.

Vote NO on Measure S.
