==========

Of everything we share as a community, isn't it clear that safe, well-kept roads are one of the basics?

The last attempt to renew Measure C failed in 2024. If the Mayor and City Council believe that Fresno's road are at risk without Measure C funding, then why haven't they made this a priority in their regular budget in the past 2 years? Clearly, safe roads are not actually their greatest concern.

So if everyone agrees roads are important, why isn't the city taking care of them with the millions it already collects?

This money goes into the general fund and there is no guarantee that it will be spent to actually do what is promised. They even threw in "public safety" services to pull at your heart strings. More money won't make them more responsible with YOUR money. Some city officials love to shower public-union employees with benefits and spend money on pet programs that help only a few and buy votes.

Meanwhile, inflation is already going through the roof. Interest rates are skyrocketing right along with housing and gas prices. And gas already includes taxes for roads. Should you have to pay even more so that "essential" city employees can live high on the hog while you're struggling to put food on the table?

The entire system is rigged to pass taxes. That's not just our opinion. http://lpfresno.org/GrandJury2021 http://bit.ly/ElectionCheating

Vote HELL NO! on Measure D ($650,000,000 [that's million] tax).
