The passage of Measure X will sustain our county's efforts to build a strong local economy and provide vital public services throughout Yolo County.

Measure X would raise our Transient Occupancy Tax (TOT) from 8% to 12% of the cost of a hotel room, lodging or short-term rental. This proposed TOT increase only applies to the hotels, lodging and short-term rentals in the unincorporated areas of Yolo County.
The TOT is tax paid for by tourists and visitors who stay in our hotels, motels or short-term rentals; Yolo County residents do not pay this tax unless they stay in one of these local lodging options.

Visitors use our roads, parks and emergency services as they enjoy all that Yolo County has to offer; from our vibrant Farmers Markets, to parks, wineries, shops and galleries throughout our county. Raising the TOT represents a direct and fair way to recover the increased costs associated with visitor stays in Yolo County.

In Fiscal Year 2024-2025, the TOT in Yolo County generated $250,000 in revenue for the County. A 4% increase in the TOT currently amounts to an additional increase of $250,000 annually.
Also, a 4% TOT increase does not place Yolo County out of market for the region as most local jurisdictions are already at 12%.

The proposed increase achieves an important balance between maintaining our competitiveness for tourism dollars, while providing an opportunity to fund critical county activities.
The Board of Supervisors has pledged that Measure X revenues will help fund critical services, and because none of the money can be taken away by the State, all Measure X revenue will support services in Yolo County.

Please join us in voting YES on Measure X, and help our county build a stronger local economy and protect important county services.
