City Attorney's Impartial Analysis of Measure P

The American Canyon City Council placed Measure P on the ballot. If approved, Measure P would impose a 1% transactions and use tax, more commonly known as a local sales tax, within the City of American Canyon.

The Measure P tax would be the only sales tax imposed by the City itself, for the benefit of American Canyon. It would be in addition to existing statewide and county sales taxes, and would not apply to purchases that are exempt from those other sales taxes, such as prescription drugs and most food. All revenues from Measure P would belong to the City, and would be placed into the City's general fund to be used for any lawful purpose, including for public safety, wildfire prevention, street repairs, park maintenance, and other City services. The City estimates that Measure P will generate approximately $3.7 million in new local revenue per year. All Measure P revenues will be locally controlled by the City Council and subject to annual audits.

Measure P must be approved by a simple majority (50% plus one) of the City's voters. If approved, the tax will remain in effect until repealed by the American Canyon City Council or the voters.

A "yes" vote is to permit the City to impose the proposed one percent sales tax.

A "no" vote is to prohibit the City from imposing the proposed one percent sales tax.

The above statement is an impartial analysis of Measure P. If you desire a copy of the measure, please call the City Clerk at 707-647-4369 and a copy will be mailed at no cost to you.
