IMPARTIAL ANALYSIS OF

MEASURE I2026

CITY OF CARPINTERIA

On June 22, 2026, the City Council voted to place Measure I2026, also known as the Carpinteria Public Safety, City Services Measure, on the November 3, 2026 general municipal election ballot. If approved by a majority of Carpinteria voters, this Measure would increase the City's transactions and use tax rate by one-quarter of one percent (0.25%), from 1.25% to 1.50%, which would increase the total combined sales tax rate charged on taxable transactions within the City from 9.00% to 9.25%.

A quarter of one percent (0.25%) increase in the transactions and use tax rate would add a quarter (1/4) cent tax for every dollar spent on taxable purchases within the City. For example, for every $100 spent on taxable purchases, the tax would increase by 25 cents. The tax would be collected at the same time and in the same manner as the existing transactions and use tax. Certain items are exempt from the tax, such as groceries, prescription medicine, and certain medical devices.

The proposed transactions and use tax measure is a general tax placed on the ballot by the City Council of the City of Carpinteria. Measure I2026 is projected to generate approximately $700,000 in additional annual general fund revenue, which may be used for any lawful governmental purpose at the discretion of the City Council. Such purposes may include, but are not limited to: repairing streets, potholes, and sidewalks; preparing for and responding to wildfires, floods, and other emergencies and natural disasters; keeping public areas and parks safe and clean; maintaining sheriff's services and response, and property crime and theft prevention efforts; addressing homelessness; supporting youth and senior programs; and other general governmental purposes necessary to protect the public health, safety, and welfare. The proceeds of the tax would be for City use and would not be shared with the State, County, or any other agency.

The revenues and expenditures generated by the tax would be subject to annual independent audits, to be completed no later than December 31 of each year, and the City would be required to publicly disclose how such revenues are spent. This Measure will be adopted if it is approved by a majority of voters voting on the ballot measure. If approved, the proposed increase would become operative on or about April 1, 2027 and would continue until repealed by voters.

A "yes" vote on the Measure authorizes the quarter-cent transactions and use tax.

A "no" vote on the Measure will not authorize the quarter-cent transactions and use tax.

ARGUMENT IN FAVOR OF MEASURE I2026 CITY OF CARPINTERIA

If you live in Carpinteria, VOTING YES on Measure I may be the most important local vote you cast this year.

Carpinteria is a special community, and Measure I is essential to keeping it that way. A YES vote supports the things that matter most: streets, reliable emergency and sheriff response, emergency preparedness, and clean parks and beaches.

The City has created efficiencies, reduced program and service levels, and continues to do so each budget cycle. But persistent inflation, increasing cost of law enforcement, construction, and other essential services mean that without Measure I, deeper cuts are unavoidable. Measure I will help protect services that residents depend on.

A recent independent study rated over 64% of streets as "fair," "poor," or "failed." **Carpinteria residents deserve better.** Measure I is critical to sustain ongoing maintenance, pothole repairs, and reduce further deterioration.

Vote Yes on Measure I to help:

- **REPAIR** streets / fill potholes
- **PREPARE** for emergencies, such as wildfires and floods
- **PROVIDE** public safety / keep our parks and neighborhoods safe
- **MAINTAIN** clean parks, public spaces, and beaches
- **SUPPORT** recreation programs that over 1,000 Carpinteria children, teens, and seniors rely on

Measure I will keep this quarter-cent sales tax revenue here in Carpinteria, and generate $700,000 annually to safeguard the services that protect our quality of life, and keep Carpinteria a desirable place to live.

Measure I requires strict fiscal accountability, transparency, and local control:

- **ALL funds stay in Carpinteria. The State cannot touch one cent.**
- Oversight, independent financial audits and yearly reports are **required**

Basic necessities like groceries and prescription medications WON'T be taxed. Visitors to Carpinteria will pay their fair share, so residents won't shoulder the entire cost.

Join civic leaders and residents across Carpinteria. Vote YES on Measure I to support maintenance of our streets, keep our neighborhoods safe, and our tax dollars right here in Carpinteria.
