FULL TEXT OF MEASURE R

RESOLUTION NO. 2026-06

GOLDEN WEST COMMUNITY SERVICES DISTRICT

A Resolution to Call a Ballot Measure to a Vote of the District on November 3, 2026

WHEREAS, Section 53722 of the Government Code provides that no local government or district may impose any special tax unless and until such special tax is submitted to the electorate of the local government, or district and approved by a two-thirds vote of the voters voting in an election on the issue, and,

WHEREAS, the electorate of the District approved, by a vote of 217 ("yes") to 14 ("no"), a Special Tax in the amount of $120 per year per parcel to fund road maintenance activities in an election held on August 7, 1984, and,

WHEREAS, the Special Tax amount has not been increased since its approval in 1984, and,

WHEREAS, the costs of road maintenance materiel and services have increased significantly since 1984;

NOW THEREFORE, IT IS HEREBY RESOLVED, that the Golden West Community Services District Board of Directors approves calling a Ballot Measure to a vote of the District electorate in the Gubernatorial General Election on November 3, 2026, and that the said Ballot Measure shall read as presented in Attachment 1 hereto, and,

IT IS FURTHER RESOLVED that this Resolution supersedes Resolution 2026-05 in all manner of form, substance, effect, weight and authority, and,

IT IS FURTHER RESOLVED that the District President and Secretary comply with requirements set forth on the Measure Calendar provided by Elections Department of the County of El Dorado for the General Election to be held on November 3, 2026.

> **"**Shall the measure to enact an annual Special Tax in the amount of $300.00, adjusted annually per the Engineering News Record Construction Cost Index, on each parcel of land within the Golden West Community Services District, commencing fiscal year 2027-2028 and continuing for an unlimited duration, to be used only for road maintenance and improvements and generating an annual revenue of approximately $135,300.00, to replace the current Special Tax of $120.00, be adopted?"

ARGUMENT IN FAVOR OF MEASURE R

In 1984, residents of our Golden West Community Services District voted to levy a Special Tax of $120 per year on each parcel to maintain and improve our District's public roads. Over the years, we have used those revenues to provide safe, well-maintained roadways for our community. While we have succeeded so far – witness the superior condition of our roads relative to local roads maintained by the County – we face two major challenges from costs that have increased dramatically since 2020.

First, the $120 annual Special Tax buys much less roadway than when it was passed in 1984. Our 2020 asphalt re-paving project cost $35 per foot of roadway. Today, the cost is $94 per foot. That's an average 18% increase per year, compared to the general inflation rate of about 4.3%!

Second, deferred maintenance means higher costs in the future. If costs and revenues continue on their present trajectories, our next major project – resurfacing District roads on the east side of Highway 49 – is project to be completed in 2042 at a cost of $2.5 million. If this Measure passes, completion advances to 2035 at a cost of $1.7 million. If this Measure passes AND inflation comes down, completion can occur even earlier at even lower cost.

A vote for this measure will save us time and money (at least 7 years and ¾ million dollars), keep our roads on both sides of Highway 49 in good condition, and allow us to devote more effort, sooner, to renewing private-road encroachments and replacing aging drainage facilities.

A vote against this measure will delay our road and drainage work, allow the condition of our roads to deteriorate, and result in higher costs to repair and maintain them.

****NO ARGUMENTS AGAINST THIS MEASURE WERE SUBMITTED****

IMPARTIAL ANALYSIS OF MEASURE R

Measure R (the "Measure"), if approved by two-thirds of the voters voting thereon, would authorize the levy of an increased special parcel tax at the rate of $300 per parcel per year within the Golden West Community Services District (the "District"). This Measure was placed on the ballot by the Board of Directors of the District pursuant to Resolution No. 2026-06, which was passed at an official meeting of the Board of Directors on June 29, 2026.

If approved, the increased special parcel tax authorized by this Measure will be used solely for the purpose of road improvements and maintenance services within the District. The amount of the special parcel tax may be adjusted annually in accordance with the Engineering News Record Construction Cost Index. The special parcel tax authorized by this Measure would remain in effect until modified or repealed by the voters. The special parcel tax authorized by this Measure is expected to generate revenue of approximately $135,300 per year. If the Measure is approved, the special parcel tax would replace an existing special tax of $120 per parcel. If the Measure is not approved, the existing special tax of $120 per parcel will remain in effect.

State law requires the proceeds from the special tax be applied only to the identified purposes and that an annual report be made indicating the amount of funds collected and expended and the status of any project required or authorized to be funded by the proceeds.

The special tax authorized by this Measure will be listed as a separate item on the county property tax bill for each affected parcel of land and will be collected in the same manner as the general property tax. All laws applicable to the levy, collection, and enforcement of county property taxes, including the provisions for penalties and the procedures for sale of the property in case of delinquency, shall also apply to the special tax.

A "YES" vote is a vote to authorize the levy of the increased annual special tax in an amount of $300 per parcel, as provided in the Measure.

A "NO" vote is a vote against the levy of the increased annual special tax.
