EMPLOYEES OR VENDORS ARE ALLOWED TO SERVE ON THE CITIZENS' OVERSIGHT COMMITTEE.

No Teacher or Administrator Salaries: Proceeds from the sale of the bonds authorized by this proposition shall be used only for the acquisition, construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and not for any other purpose, including teacher and school administrator salaries and other operating expenses. Bond funds shall not be temporarily transferred to the District's general fund for administrative purposes.

TAX RATE STATEMENT

An election will be held in the Meadows Union Elementary School District (the "District") on November 3, 2026 to authorize the sale of up to $2,260,000 in general obligation bonds. If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of *ad valorem* tax levies made upon the taxable property in the District. The following information is submitted in compliance with Sections 9400-9406 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

The following information is provided pursuant to Elections Code Section 9401:

1. The best estimate of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is $25.00 per $100,000 (2.5¢ per $100) of assessed valuation. It is currently expected that the tax will be collected until fiscal year 2050-51.
2. The best estimate of the highest tax rate that would be required to be levied to fund this bond issue, for each year that bonds are outstanding, based on estimated assessed valuations available at the time of filing this statement, is $25.00 per $100,000 (2.5¢ per $100) of assessed valuation, which is projected to be the same in every fiscal year the bonds remain outstanding.
3. The best estimate of total debt service, including principal and interest, that would be required to be repaid if all the bonds are issued and sold will be approximately $3,952,662.

Voters should note that these estimates are based on projections derived from information obtained from official sources, and are based on the assessed value (not market value) of taxable property on the County's official tax rolls. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and

durations and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary depending on the timing of bond sales, the par amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Keila Rodriguez
Superintendent
Meadows Union Elementary School District

COUNTY COUNSEL'S IMPARTIAL ANALYSIS OF BOND MEASURE Q

This measure was placed on the ballot by the governing board of Meadows Union Elementary School District ("District"). This measure, if approved by 55% of votes cast on the measure, will authorize the District to issue and sell up to $2,260,000 in general obligations bonds. The sale of these bonds by the District represents a debt of the District.

The District proposes to issue bonded indebtedness for the purpose of constructing a gymnasium and improving field lighting of athletic facilities; upgrading facilities for energy efficiencies, electrical generation and financial savings, including photovoltaic/solar installations; and upgrading and repairing parking lots. Proceeds from the sale of the bonds authorized by this measure can only be used for the stated purpose. The California Constitution provides that proceeds of school district bond measures cannot be used for teacher or administrator salaries or other operating expenses.

If at least 55% of the votes cast vote in favor of the measure, the District will be authorized to incur debt by issuing general obligation bonds to provide financing for projects listed in Measure Q. The maximum principal amount of the proposed bonds is not to exceed $2,260,000. The District's stated best estimate in its tax rate statement of the average annual tax rate required to fund the bonds is $25 per $100,000 of assessed value. The final fiscal year in which the tax is anticipated to be collected is fiscal year 2050-2051. The best estimate of the total debt service, including principal and interest, required to be repaid if all bonds are issued and sold is $3,952,662. The interest rate and maturity date on any bond shall not exceed the maximums allowed by law. If the measure is not approved by at least 55% of the voters of the District who vote on the measure, the measure will fail and the bonds will not be issued.

An independent Citizens' Oversight Committee will actively review expenditure of bond revenues. An independent financial audit of the proceeds and an independent performance audit of the specific projects will be performed annually. An annual report

will be prepared, indicating the amount of funds collected and expended, and the status of any projects listed in the measure.

A “yes” vote is a vote to authorize the issuance and sale of the general obligation bonds in an amount not-to-exceed the principal amount $2,260,000. A “no” vote is a vote not to authorize the District to issue and sell said bonds.

The above statement is an impartial analysis of Measure Q. If you desire a complete copy of the measure, please call the Election Official’s Office at (442) 265-1060 and a copy will be mailed at no cost to you.
