Discussion

Attached is the list of agencies requesting consolidation and election services with the Statewide Presidential General Election to be held on November 3, 2026.

Elections Code section 10002 allows the County elections official to provide specified election services to any city or district at the request of its governing body and subject to approval by the Board of Supervisors. The County will be reimbursed for providing this service to requesting external jurisdictions.

Pursuant to Elections Code sections 10002 and 10402.5, the Board of Supervisors must approve requests for consolidation with a statewide election under these circumstances.
