RESOLUTION NO. 2526/20

RESOLUTION OF THE BOARD OF TRUSTEES OF THE RIO ELEMENTARY SCHOOL DISTRICT ORDERING A SCHOOL BOND ELECTION, ESTABLISHING SPECIFICATIONS OF THE ELECTION ORDER, AND REQUESTING CONSOLIDATION WITH OTHER ELECTIONS OCCURRING ON NOVEMBER 3, 2026

WHEREAS, the Rio Elementary School District (the "District") is an elementary school district, serving transitional kindergarten through 8th grade, duly organized under the laws of the State of California;

WHEREAS, the Board of Trustees of the District (the "Board") is authorized, upon a two-thirds vote of the Board, to pursue the approval and issuance of bonds by a 55% vote of the electorate on the question of whether bonds of the District (the "Bonds") shall be issued and sold for specified purposes, under Article XIIIA Section 1 paragraph (b) of the California Constitution ("Article XIIIA") and under the Strict Accountability in Local School Construction Bonds Act of 2000 at Education Code Section 15264 et seq. (the "Strict Accountability Act");

WHEREAS, under the Strict Accountability Act, a general obligation bond election may be ordered at a primary or general election, a regularly scheduled local election, or statewide special edition;

WHEREAS, under Section 10403 et seq. of the California Elections Code, it is appropriate for the Board to request consolidation of the election with any and all other elections to be held on November 3, 2026, and to request the Ventura County Registrar of Voters (the "County Registrar") to perform certain election services for the District; and

WHEREAS, the Board deems it necessary and advisable to call a general obligation bond election to seek authorization from the electors of the District to sell and issue bonds for the purpose of raising money for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities of the District, consistent with Article XIIIA and the Strict Accountability Act, and in particular to improve the quality of education in local Rio schools and to protect the health, safety, and welfare of students of the District.

NOW, THEREFORE, the Board does hereby resolve, determine, and order as follows:

Section 1. **Election Order.** The Board hereby orders an election and submits to the electors of the District the question of whether general obligation bonds of the District shall be issued and sold in the principal amount of $78,000,000 for the purposes described in the ballot measure approved under Section 3 and attached hereto as Exhibit A and Exhibit B, and paying costs incident thereto. The Bonds proposed to be sold and issued shall bear interest at a rate not exceeding the statutory limit, and the number of years any Bonds are to run shall not exceed twenty-five (25) years from the date of the Bonds or the date of any series thereof in the event the Bonds are issued pursuant to Education Code section 15144, and shall not exceed forty (40) years

from the date of the Bonds or the date of any series thereof in the event the Bonds are issued pursuant to Government Code section 54400. This Resolution, including the exhibits attached hereto, constitutes the order of the District to call such election and shall constitute the "specifications of the election order" pursuant to Education Code section 5322.

Section 2. Authority for the Election; Election Date. Pursuant to Education Code Sections 5304 and 5322, the Strict Accountability Act, and Article XVI, Section 18(b) of the California Constitution, an election shall be held within the boundaries of the District on November 3, 2026.

Section 3. Purpose of Election; Ballot Measure. The purpose of the election shall be for the voters in the District to vote on a measure, a full copy of which is attached hereto as Exhibit A and marked "Exhibit A, Ballot Measure, Full Text of the Measure" (the "Full Text of the Measure"), seeking authorization from the voters of the District to sell and issue Bonds of the District for the purposes stated therein, together with the accountability requirements of Article XIIIA and the requirements of Section 15272 of the Strict Accountability Act. The Full Text of the Measure, which commences with the heading "Ballot Measure, Full Text of the Measure" and includes all of the text thereafter on Exhibit A, shall be printed in the voter information pamphlet provided to voters, with such measure designation as is assigned to the measure. As required by Elections Code section 13247 and Education Code section 5322, the abbreviated form of the measure to appear on the ballot is attached hereto as Exhibit B and is marked as "Exhibit B, Abbreviated Ballot Measure" (the "Abbreviated Ballot Measure"). The Superintendent or Interim Superintendent and the Assistant Superintendent of Business Services, or their designee, are hereby authorized and directed to make any changes to the text of the measure (i.e., Full Text of the Measure and/or Abbreviated Ballot Measure) as required to conform to any requirements of Article XIIIA, the Strict Accountability Act, the Elections Code, the County Registrar, the Office of the Ventura County Counsel, or the District's bond counsel.

Section 4. Use of Bond Proceeds.

(a) Proceeds from the sale of the Bonds may be used only for the purposes specified in Article XIII A, Section 1(b)(3) of the California Constitution.

(b) The projects that may be funded from proceeds from the sale of Bonds (the "Projects") are listed in the Full Text of the Measure, attached as Exhibit A hereto.

Section 5. Accountability Requirements.

(a) Pursuant to Article XIIIA, Section 1(b)(3) of the California Constitution, the Board hereby certifies that it has evaluated health, safety, and welfare, class size reduction, information technology needs, and educational program requirements in developing the list of Projects.

(b) Pursuant to Article XIIIA, Section 1(b)(3) of the California Constitution, the Board shall conduct an annual, independent performance audit to ensure that the Bond funds have been expended only on the specific Projects listed in the Full Text of the Measure.

c. Pursuant to Article XIIIA, Section 1(b)(3) of the California Constitution, the Board shall conduct an annual, independent financial audit of the proceeds from the sale of the Bonds until all of the proceeds have been expended for the Projects listed in the Full Text of the Measure.

d. As required by Government Code section 53410, (1) the specific purpose of the Bonds is set forth in the Full Text of the Measure, (2) the proceeds from the sale of the Bonds will be used only for the purposes specified in the Districts' Bond measure, (3) the proceeds of the Bonds, when and if issued, will be deposited and held with the Ventura County Treasurer, and (4) an annual report shall be filed with the Board as set forth in subsection (e) below.

e. Pursuant to Government Code section 53411, the Assistant Superintendent of Business Services of the District shall file an annual report to the Board containing the amount of funds collected and expended as well as the status of the Projects authorized in the Full Text of the Measure. The District's adopted budget or audit report will suffice for this purpose.

f. Pursuant to the Strict Accountability Act, if a citizens' oversight committee has not already been established for the Bonds, within 60 days of the date the Board enters the election results on its minutes, the Board will appoint a citizens' oversight committee to review and report on the proper expenditure of taxpayers' money for school construction.

Section 6. **Vote Required.** Pursuant to Section 18(b) of Article XVI and Section 1 of Article XIII A of the California Constitution, the Bond measure shall become effective only upon affirmative vote of fifty-five percent (55%) of those voters voting on the measure.

Section 7. **Delivery of this Resolution; County Registrar of Voters to Call and Conduct Election.** The District's administrative staff is hereby directed to deliver a copy of this Resolution, along with the tax rate statement (described in Elections Code section 9401) (the "Tax Rate Statement") and attached hereto as Exhibit C, to (1) the County Registrar, (2) the Superintendent of Schools of Ventura County, and (3) the Clerk of the Board of Supervisors of Ventura County, by no later than June 26, 2026, or such other date as is acceptable to each party.

Pursuant to Section 5303 of the Education Code, the County Registrar is hereby requested to take all steps to prepare for and hold the election within the boundaries of the District in accordance with law and these specifications.

Section 8. **Consolidation with Other Elections.** Pursuant to Sections 5342, 15121, and 15266 of the Education Code and Part 3 (commencing with Section 10400) of Division 10 of the Elections Code, the County Registrar and the Board of Supervisors of Ventura County (the "Board of Supervisors") are hereby requested to consolidate the election ordered hereby with any and all other elections to be held on November 3, 2026 within the District. Pursuant to Section 10403 of the Elections Code, the Board hereby acknowledges that the consolidated election will be held and conducted in the manner prescribed by Section 10418 of the Elections Code.

Section 9. **Services of County Registrar of Voters.** Pursuant to Section 5303 of the Education Code and Section 10002 of the Elections Code, the Board of Supervisors is requested to permit the County Registrar to render all services incident to the preparation for and holding of the election, for which services the District agrees to reimburse Ventura County (the "County") in full from District funds upon presentation of a bill from the County, such services to include the publication of a formal notice of school bond election and the mailing of the Full Text of the Measure, the Abbreviated Ballot Measure, and the Tax Rate Statement. The Board hereby requests the County Registrar to publish in the ballot materials, the Full Text of the Measure, the Abbreviated Ballot Measure, and the Tax Rate Statement attached hereto as Exhibits A, B and C, respectively, and to designate the measure on the ballot by a letter printed on the left margin of the square containing the Abbreviated Ballot Measure as provided in Section 13116 of the Elections Code. Further, the Board hereby requests the County Registrar to submit a copy of the Full Text of the Measure and the Abbreviated Ballot Measure to the Ventura County Counsel.

Section 10. **Canvass of Returns.** The Board of Supervisors is authorized to canvass the returns of the election pursuant to Section 10411 of the Elections Code.

Section 11. **Ballot Arguments and List of Supporters; Tax Rate Statement.** Any and all members of this Board are hereby authorized to act as an author of any ballot argument prepared in connection with the election, including a rebuttal argument. The members of the Board, the Superintendent or Interim Superintendent, and the Assistant Superintendent of Business Services are hereby authorized to prepare and submit a list of supporters of the Bond measure. The Board hereby approves the form of the Tax Rate Statement. The President of the Board, the Superintendent or Interim Superintendent, the Assistant Superintendent of Business Services, or any designee of the foregoing, are hereby authorized to execute and deliver the attached Tax Rate Statement or other document and to perform all acts necessary to place the Bond measure on the ballot.

Section 12. **Estimates Included in Ballot Materials**. The Bond measure authorized by this Resolution may include certain information which is based upon reasonable assumptions and current expectations, which may include information with respect to the amount of money required to repay the Bonds, the estimated rate of the approved tax per $100 of assessed valuation, and the period through which the proposed tax supporting repayment of the Bonds will be levied and collected. Any such estimates have been provided by the District in good faith based upon information currently available to the District. Such estimates depend on numerous variables which are subject to variation and change over the term of the District's facilities and Bond programs. The estimates and projections set forth in the District's Bond measure, including the Tax Rate Statement published in the voter information pamphlet by the County Registrar, shall not be a restriction on the tax imposed in accordance with the Bond measure and applicable law. Such estimates and projections are not intended by the Board to be restrictions on the District's Bond program, and other than the total principal amount of Bonds authorized by the Bond measure, shall not represent legal maximums or additional limitations on the issuance of the Bonds.

Section 13. **State Matching Funds; Completion of Projects.** Some of the Projects may require state matching funds for completion. Approval of the District's Bond measure does not guarantee that the proposed Projects will be funded beyond the local revenues generated by such Bond measure. The District's completion of some of the Projects may assume receipt of State

matching funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

Completion of Projects authorized by the District's Bond measure may also require other sources of funding such as developer fees. The District is eligible to collect statutory fees from developers to mitigate their impacts on the District's facilities. If there is not enough funding from Bond proceeds and other sources to complete the Projects, to reduce Project costs, the District may also consider deductive alternates proposed by contractors for the Projects.

Section 14. Encumbrance of Bond Funds. For the purpose of making Bond funds unavailable as rent within the meaning of Education Code section 17032, the Board hereby encumbers all funds to be generated by the sale of the Bonds in order to pay for the construction, reconstruction, modernization, or acquisition of the Projects authorized by the ballot measure.

Section 15. Official Intent to Reimburse Expenditures. The District intends to undertake the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities (as set forth in Article XIIIA), as the Projects are more specifically described in the Full Text of the Measure. The District intends to use the proceeds of its Bonds described in this Resolution to finance the Projects. The District may pay certain capital expenditures (the "Reimbursement Expenditures") in connection with the Projects prior to the issuance of the Bonds. The Bonds, in the amount of $78,000,000, will be issued for the purpose of financing the Projects on a long-term basis and certain of the proceeds of such debt obligations may be used to reimburse the District for the Reimbursement Expenditures.

The Board hereby declares the District's official intent to use a portion of the proceeds of the Bonds to reimburse the District for the Reimbursement Expenditures. The foregoing statement is a declaration of official intent that is made under and only for the purpose of establishing compliance with the requirements of Treasury Regulations section 1.150-2.

Section 16. Engagement of Professional Services. The firm of Isom Advisors, a Division of Urban Futures, Inc. is hereby appointed to serve as municipal advisor, the firm of Raymond James is appointed to provide underwriting services, and the firm of Parker & Covert LLP, a nationally recognized bond counsel firm, is hereby appointed to serve as bond counsel and disclosure counsel, each in connection with the Bond election called by way of this Resolution, and if successful, subsequent Bond issuances (the "Proposed Bonds"). Sage Realty Group is hereby appointed to continue to provide facilities finance matter planning and assistance with mitigation fee requirements and applications for State matching funds. The Board ratifies existing agreements between the District and the firms identified above and on file with the District, relating to the Proposed Bonds. The Board further authorizes the Superintendent or Interim Superintendent to execute new agreements with the firms identified above, in the forms presently on file with the District and relating to the Proposed Bonds.

Section 17. General Authorization with Respect to the Bond Measure and with Respect to this Resolution. The members of the District's Board, the Superintendent or the Interim Superintendent, and the Assistant Superintendent of Business Services are hereby authorized and directed, individually and collectively, without further review and action by the

Board, to undertake any and all actions and to modify, execute, and deliver any and all documents, and to perform or take any and all actions, deemed necessary to meet all requirements of applicable law, including any legislative changes, and to effectuate the purposes of this Resolution and its accompanying documents. Such actions on the part of the members of the Board, the Superintendent or the Interim Superintendent, and the Assistant Superintendent of Business Services, or any designee of the foregoing, may include, but are not limited to, making any changes to this Resolution, the Full Text of the Measure, the Abbreviated Ballot Measure, or the Tax Rate Statement (hereinafter the "Ballot Documents"), and drafting and submitting an argument in favor of the Bond measure, and preparing a list of supporters of the Bond measure. In the event of any such modifications to the Ballot Documents, the Superintendent or the Interim Superintendent, and the Assistant Superintendent of Business Services, or any designee of the foregoing, are hereby further authorized to supplement or replace the original versions of such documents with the versions modified pursuant hereto. Such modified versions shall thereafter be deemed to constitute the final, complete and approved version of the Ballot Documents, for all intents and purposes, including for delivery of the Ballot Documents to the County Registrar and other parties set forth in Section 7 above and for publication of the ballot materials set forth in Section 9 above. All actions heretofore taken by the members of the Board, the Superintendent or the Interim Superintendent, and the Assistant Superintendent of Business Services, or any other authorized officers or agents of the District that are in conformity with the purposes and intent of this Resolution are hereby ratified, confirmed, and approved in all respects.

Section 18. **Effective Date.** This Resolution shall take effect immediately upon its adoption.

BALLOT MEASURE
FULL TEXT OF THE MEASURE

******Start Here******

Upon the passage of Measure _____, a bond measure for school facilities construction and modernization and enhanced safety, the Rio Elementary School District (the "District") shall be authorized to issue bonds in the aggregate amount of $78,000,000, bearing interest at rates not exceeding the statutory limit, for the purpose of funding the school facilities projects listed below (the "Projects") under the heading "Bond Project List", and other authorized expenditures, at the District's school sites and properties, subject to the accountability safeguards set forth below.

Proposition 39 Bond Accountability Measures

At its June 24, 2026 meeting, the Board of Trustees (the "Board") certified that it evaluated safety, class size reduction, and information technology needs in developing the list of Projects set forth below. The proceeds of the Bonds shall be used only for the specific projects identified in the Bond Project List set forth below and any other authorized expenditures as set forth herein, and not for any other purpose (i.e., teacher and administrative salaries and other school operating expenses).

The District shall deposit the proceeds of the bonds in a separate account. The Board is bound, by California law, to conduct financial and performance audits annually to specifically account for the Bond funds and to assure that funds have only been expended on the authorized Projects. The District shall prepare and deliver an annual report to the Board containing the amount of funds collected and expended as well as the status of the construction, reconstruction, rehabilitation, modernization, replacement, and equipping of the Projects.

The Board will appoint a citizen's oversight committee (the "Committee") having a minimum of seven members and including at least one member active in a business organization representing the business community located within the District, one member active in a senior citizens' organization, one member active in a bona fide taxpayers' organization, one member who is the parent or guardian of a child enrolled in the District, and one member who is both a parent or guardian of a child enrolled in the District and active in a parent-teacher organization.

Bond Project List

This Bond Project list describes the specific Projects the District proposes to finance with the proceeds of the Bonds, as needed.

In order to meet all identified facilities needs, the District intends to complete Projects using a combination of funding sources. These sources may include joint-use funds, development impact fees, state funds, and other available funds. The District will pursue state matching funds if and when they become available, and if received, they will be used for and mainly applied to Projects on this list of authorized Projects or other high priority capital outlay expenditures as permitted in Education Code section 17070.63(c).

Furthermore, the goal of this measure is to provide equity among our classrooms and school facilities. Currently some schools have been fully modernized or are new, while others are not and remain old and inadequate. All schools will receive some funding, but a priority of funds will go to those older schools that haven't had major improvements to date. Specific Projects which may be funded by the Bonds include, without limitation, the following:

District-wide

- Make health, safety, and campus security improvements.
- Improve student access to computers and modern technology including adding classroom visual presentation systems.
- Renovate, upgrade, and modernize, and make other improvements to old and outdated classrooms to provide 21st century learning environments for students.
- Upgrade playgrounds and playfields for school and community use, as needed.
- Improvements to mitigate parking and traffic impacts at schools, as needed.
- Construction, reconstruction, and other improvements to provide for Agricultural Education.

Rio Real Elementary and Plaza Elementary School Classroom and Campus Renovation:

- Renovate, upgrade, and modernize old and outdated classrooms.
- Construct a new library.
- Renovate outdated infrastructure including plumbing and electrical systems.
- Construct classrooms and make other campus improvements to replace portables.
- Construct Multipurpose Room (MPR) and/or gymnasium.
- Renovate, upgrade, modernize, and/or expand school office/administration building.
- Construct, reconstruct, upgrade, and make other improvements to outdoor learning spaces.
- Improve student safety through a drop-off zone improvement.
- Repair or replace leaky roofs.

Additional Expenditures and Project-Related Items

In addition to the Projects listed above, authorized Projects also include:

- Abate and remove hazardous materials identified prior or during construction.
- Construction, repairs, and improvements to address unforeseen conditions revealed by construction/modernization (such as plumbing or gas line breaks, dry rot, seismic, structural, etc.), unforeseen design and construction matters, unforeseen emergencies or other circumstances or conditions, including, but not limited to, to permit the continuance of existing educational services or to avoid danger to life or property.
- Other improvements required to comply with existing building codes, the Field Act, access requirements of the Americans with Disabilities Act, and other local, State, or federal laws, codes, and regulations applicable to school district properties.
- Necessary site acquisition and preparation/restoration in connection with new construction, renovation or remodeling of student support facilities, or installation or removal of relocatable classrooms, including ingress and egress, removing, replacing, or installing irrigation, utility lines (such as gas lines, water lines, electrical lines, sewer lines, and

communication lines), trees and landscaping, relocating fire access roads, and acquiring any necessary easements, licenses, or rights of way to the property.

- Rental or construction of storage facilities and other space on an interim basis, as needed, to accommodate construction materials, equipment, and personnel, and interim classrooms (including relocatables) for students and school functions or other storage for classroom materials displaced during construction.
- Acquisition of any of the facilities on the list through temporary lease or lease-purchase arrangements, or execute purchase option under leases for any of these authorized facilities.
- For construction at an existing District site, the District is authorized to identify an alternate site and/or acquire land for such purpose and construct the approved Project at such site if the Board has determined that the existing site does not satisfy the requirements of the Division of State Architect or other local, State, or federal laws, codes, and regulations, including, but not limited to hazardous substances, applicable to school district properties.
- For any project involving rehabilitation or renovation of a building or other facilities or the major portion of a building or other facilities, the District shall be authorized to proceed with new replacement construction instead, if the Board determines that replacement and new construction is more economically practical than rehabilitation and renovation, considering the building's or facilities' age, condition, expected remaining life, and other relevant factors.
- Preparation of all facilities planning and project implementation studies, feasibility and assessment reviews, master planning, rehabilitation projects, and environmental studies (including environmental investigation, remediation, abatement, removal, and monitoring, including for hazardous materials).
- design and construction documents
- All work necessary and incidental to specific projects described above, including demolition of existing structures.
- Instructional, maintenance and operational furniture and equipment.
- Staffing and other general and administrative costs to manage and execute the Bond program, including the cost of District staff when performing work on or necessary and incidental to the Projects and other authorized Bond expenditures, such as planning and permitting, construction management, legal, accounting, and performance and financial audit costs, as set forth herein.
- Financial reserve for unforeseen or unpredictable inflation or supply demand costs.
- Program reserve for unanticipated scope costs or for unanticipated opportunities to enhance project scope or schedules consistent with authorized Projects.

Further, each Project is assumed to include its share of costs of the Bond issuance, architectural, engineering, and similar planning costs, construction management, Bond Project staff, staff training expenses associated with new Bond-funded equipment and systems, and a customary contingency for unforeseen design and construction costs.

Necessary relocation assistance, site preparation/grading/restoration, including ingress and egress, removing, replacing or installing irrigation, utility lines, trees and landscaping, relocating fire access roads, and acquiring any necessary easements, leases, licenses, or rights of way to the property, may occur in connection with new construction, reconstruction, modernization, renovation, rehabilitation or replacement, furnishing and equipping of Projects.

The budget for each Project is an estimate and may be affected by factors beyond the District's control. The final cost of each Project will be determined as plans are finalized, construction bids are awarded, and Projects are completed. Based on the final costs of each Project, certain of the Projects described above may be delayed or may not be completed. All Projects will be completed only as feasible. Demolition of existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating enhanced and operationally efficient campuses. The allocation of Bond proceeds may also be affected by the final costs of each Project.

The Projects will be completed as needed as determined by the District's Board, in compliance with competitive bidding laws or other construction delivery methods. The Projects in the Bond Project List do not imply a particular prioritization among such improvements. The District's Projects may assume receipt of state matching funds (which could be subject to appropriation by the Legislature or approval of a statewide bond measures), or the use of developer mitigation fees or other sources of funding. In the absence of state matching funds, which the District will aggressively pursue to reduce the District's share of the costs of the Projects, or other funding sources, the District may not be able to complete some of the Projects identified in the Bond Project List. If there is not enough funding from Bond proceeds and other sources to complete the Projects, to reduce Project costs, the District may also consider deductive alternates proposed by contractors for the Projects. Approval of the District's Measure ___ does not guarantee that the Projects on the Bond Project List will be completed.

Additional Specifications

Single Purpose. All of the purposes enumerated in this proposition shall be united and voted upon as on single proposition, pursuant to Section 15100 of the Education Code, and all the enumerated purposes shall constitute the specific single purpose of the Bonds and proceeds of the Bonds shall be spent only for such purpose.

Other Terms of the Bonds. When sold, the Bonds shall bear interest at an annual rate not exceeding the statutory maximum. The Bonds may be issued and sold in several series and in accordance with a plan of finance determined by the Board pursuant to the requirements of law.

Project Requiring State Matching Funds. Approval of the District's Measure ___ does not guarantee that the proposed District projects that are the subject of Measure ___ will be funded beyond the local revenues generated by Measure ___. Some of the District's Projects may assume the receipt of state matching funds for new construction and/or modernization, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

EXHIBIT B

ABBREVIATED BALLOT MEASURE

"To improve the quality of education and provide facility equity at all schools; make safety/ security improvements; upgrade/ modernize classrooms, restrooms and school facilities; replace leaky roofs; construct libraries and classrooms; and renovate plumbing and electrical systems, shall Rio Elementary School District's measure authorizing $78,000,000 of bonds with legal rates, raising on average $4,500,000 annually, at approximately $28.21 per $100,000 assessed value be adopted, with annual audits, independent oversight, NO money for salaries, and all funds staying local?"

YES NO

(75 words)

EXHIBIT C

TAX RATE STATEMENT

******Start Here******

TAX RATE STATEMENT
RIO ELEMENTARY SCHOOL DISTRICT

An election will be held in the Rio Elementary School District (the "District") on November 3, 2026, to authorize the sale of up to $78,000,000 in bonds of the District to continue improving the quality of education in local schools and protecting the health, safety and welfare of the students of the District. Specifically, bond proceeds shall be utilized for the purposes of construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and as set forth in the bond measure.

If the bonds are authorized and sold, debt service thereon will be payable from the proceeds of tax levies made upon the taxable property in the District. The following information is provided in compliance with sections 9400-9404 of the Elections Code of the State of California. It is anticipated that the District will sell the bonds in separate series.

1. The best estimate of the average annual tax rate that would be required to be levied to fund this Bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of filing of this statement, is $28.21 per $100,000 (2.8¢ per $100) of assessed valuation. The final fiscal year in which the tax is anticipated to be collected is 2060-2061.

2. The best estimate of the highest tax rate that would be required to be levied to fund this Bond issue, based on assessed valuations available at the time of filing of this statement, is $30.00 per $100,000 (3.0¢ per $100) of assessed valuation annually which would first occur in fiscal year 2027–2028.

3. The best estimate of total debt service, including principal and interest, that would be required to be repaid if all the Bonds are issued and sold is $158,188,000.

Voters should note that the estimated tax rates are based on the ASSESSED VALUE of taxable property on the County's official tax rolls, not on the property's market value. Property owners should consult their own property tax bills to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon the District's projections and estimates only, which are not binding upon the District. Such projections and estimates are provided for informational purposes only and are not maximum amounts or limitations on the terms of the Bonds, tax rate, or duration of the tax supporting repayment of issued Bonds. The actual tax rates, the years in which they will apply, and the final term of each series of Bonds may vary from those presently estimated, due to variations from these

estimates in the timing of Bond sales, the amount of Bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the Bonds.

The dates of sale and the amount of Bonds sold at any given time will be determined by the District based on the need for construction funds and other factors, including the legal limitations on bonds approved by a 55% vote. The actual interest rates at which the Bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

CERTIFICATION

I, Alesia Martin, Clerk of the Board of Trustees of the Rio Elementary School District, Ventura County, California, do hereby certify that the foregoing is a full, true, and correct copy of a Resolution duly approved and adopted by the Board of Trustees of the District at a regular meeting held on June __, 2026, of which meeting all the members of the Board of Trustees had due notice and at which a majority thereof were present, and that at the meeting the Resolution was adopted by the following vote:

AYES:

NOES:

ABSENT:

ABSTAIN:

An agenda for the meeting was provided at least seventy-two (72) hours before the regular meeting to all members of the Board of Trustees and to all media outlets that have requested notification. Further the agenda was posted at least seventy-two (72) hours before the regular meeting at the District at 1800 Solar Drive, Oxnard, CA 93030, a location freely accessible to members of the public, and a brief description of the Resolution appeared on the agenda.

I have carefully compared the foregoing Resolution with the original minutes of the meeting on file and of record in my office, and the foregoing is a full, true, and correct copy of the Resolution adopted at the meeting and entered in the minutes.
