ARGUMENT IN FAVOR OF MEASURE S

Vote YES on Measure S

Keep abandoned and inoperable vehicles off our streets and out of our neighborhoods. For more than **30 years**, the **Amador County Vehicle Abatement Authority (AVA)** has helped protect our communities by removing abandoned and inoperable vehicles that create blight, reduce property values, pose environmental hazards, and negatively impact the quality of life in Amador County.

A YES vote on Measure S will continue funding this important local program through an annual fee of **$1 per vehicle registered with the DMV** (**$3 for certain commercial vehicles**). By law, these funds may only be used for vehicle abatement activities and must be spent annually to support the program or risk suspension.

Since **1992**, the AVA has removed approximately **4,902 abandoned vehicles** throughout Amador County. During **Fiscal Years 2022–2024**, the Authority successfully abated **180 abandoned vehicles**. If Measure S is approved, the AVA estimates it will remove approximately **100 additional abandoned vehicles** during the coming fiscal year.

If Measure S does **not** pass, the AVA's remaining funding reserves will eventually be exhausted, resulting in the loss of this valuable local program and limiting our community's ability to address abandoned and inoperable vehicles.

Measure S is supported by:

- Amador County Board of Supervisors
- City of Amador City
- City of Ione
- City of Jackson
- City of Plymouth
- City of Sutter Creek

A **YES vote on Measure S** helps keep our neighborhoods cleaner, safer, and more attractive by ensuring local governments have the resources needed to remove abandoned and inoperable vehicles from our communities.

Vote YES on Measure S because clean, safe communities matter.

/s/ Patrick Crew, Chairman, Amador County Board of Supervisors
