Bond Measure D

Argument in Favor of Measure D
Columbia Elementary School District

Our schools are the most important assets in our community and should be our number one priority. High-quality schools improve student achievement, increase property values, prepare children for a productive future, and create greater neighborhood safety. Although our teachers and staff provide a great education, many classrooms and buildings in the Columbia Elementary School District are outdated and inadequate to provide students with the school facilities they need to succeed.

Local voters have supported us by passing school improvement measures in 1995 and 2014 to help improve our campuses. Now that the 1995 measure has been paid off, it is time to again invest in our schools that have old and aging classrooms and facilities. Columbia Elementary, our oldest school, was constructed in 1955, over 65 years ago. Mountain View Middle School is now 26 years old, requiring modernization.

To maintain the quality of education provided to local children, we need major classroom and infrastructure improvements. By investing in our schools, we can meet today's safety, technological, and educational standards as well as better our community.

If passed, Measure D will fund facility improvements to our local elementary schools by:

- Replacing deteriorating plumbing and sewer systems
- Replacing outdated heating, ventilation and air-conditioning systems
- Making safety and security improvements
- Upgrading inadequate electrical systems
- Modernizing outdated classrooms and restrooms

Measure D makes financial sense and protects taxpayers.

- By law, spending must be reviewed and annually audited by an independent citizens' oversight committee.
- All bond funds must be spent locally and cannot be taken by the State.
- Funds are required to be spent only on schools, not for administrator or teacher salaries.

Measure D upgrades and renovates old and inadequate classrooms, improves the education of local children, and maintains the quality of our community. That's something we can all support. Please join us and **VOTE YES ON MEASURE D!**
