measure does not guarantee that the proposed projects will be funded beyond the local revenues generated by the measure. The District's capital needs currently exceed the amount of bonds the voters are being asked to authorize. The order in which particular projects are listed is not intended to suggest priority for funding or completion, and itemization of projects in the list above does not guarantee that all such projects will be undertaken. Project priorities will be determined by the Board. The ability of the District to undertake and complete the listed projects is subject to numerous variables including the adequacy and availability of sufficient funding sources. The District is unable to anticipate all unforeseen circumstances which may prevent some of the projects listed above from being undertaken or completed.

Interpretation. The terms of this bond measure and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this proposition within the authority provided by law, including Article XIIIA, Section 1(b)(3) of the California Constitution, Education Code Section 15000 et seq. and the Strict Accountability in Local School Construction Bonds Act of 2000. Words used in the Bond Project List such as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used to describe school facilities projects in plain English but are not intended to expand the nature of such projects beyond what is authorized by law. As such, in accordance with legal requirements, the Bond Project List does not authorize, and shall not be interpreted to authorize, expending proceeds of the sale of bonds authorized by this proposition for current maintenance, operation or repairs.

Severability. The Board hereby declares, and the voters by approving this Bond Measure concur, that every section and part of this bond proposition has independent value, and the Board and the voters would have adopted each provision hereof regardless of every other provision hereof. Upon approval of this measure by the voters, should any part be found by a court of competent jurisdiction to be invalid for any reason, all remaining parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the provisions of this bond measure are severable.

ABBREVIATED FORM OF BOND MEASURE

To improve the quality of education; construct a new elementary school to reduce student overcrowding; and upgrade athletic fields and facilities for school and community use; shall Live Oak Unified School District's measure be adopted authorizing $33.2 million of bonds at legal rates, generating approximately $1.97 million annually while bonds are outstanding at average rates of $56 per $100,000 assessed value, with annual audits, independent citizens' oversight, NO money for salaries and all money staying local?

TAX RATE STATEMENT

An election will be held in the Live Oak Unified School District (the "District") on November 3, 2026, to authorize the sale of up to $33,200,000 in general obligation bonds. The following information is submitted in compliance with Sections 9400-9404 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

Based upon the foregoing and projections of the District's assessed valuation, the following information is provided:

1. The best estimate of the average annual tax rate that would be required to fund this bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is $55.62 per $100,000 of assessed valuation. It is currently expected that the tax will be collected until fiscal year 2060-61.

2. The best estimate of the highest tax rate that would be required to fund this bond issue,
