Argument in Favor of Measure E

The Board of Supervisors of Shasta County desire to exercise their authority, pursuant to California Government Code Section 23711, and propose an addition to the Shasta County Charter to the electorate, for their consideration.

The proposed addition would limit the authority of Shasta County to exercise eminent domain, specifically restraining the acquisition of property from a private owner to be conveyed to another private party, without the owner's consent.

The Board of Supervisors proposes this addition to the Charter to protect local, private property owners. All other laws, ordinances, and regulations, including the general laws of the State of California, would remain in full force and effect, if this addition to the Charter is approved.

If approved by a majority of the electorate, the addition would be considered ratified, and take effect on November 3, 2026, after certification of the vote. It would then become operative on January 1, 2027, and must be accepted and filed by the California Secretary of State.
