Charter Amendment Measure E

E Limitation on Exercise of Eminent Domain

Ballot Question

Shall Measure E (Adding to the Shasta County Charter) be adopted? This measure adds a subsection to the Shasta County Charter. The proposed addition would restrict the County's authority to exercise eminent domain to acquire property from any private owner, without such owner's consent, when the purpose of the acquisition is to convey the property acquired to any private party.

Yes	No
If approved by a majority of the qualified electors, the Ordinance would provide that the County Board of Supervisors cannot authorize the County to use its power of eminent domain for the purpose of acquiring property from any private Owner thereof, without the Owner's consent, when the County's purpose in acquiring the property is to convey the property to another private party.	A "No" Vote on this measure means the County Board of Supervisors will keep its current ability to authorize the County to use its power of eminent domain for the purpose of acquiring property from any private owner thereof without the owner's consent even though the County's purpose in acquiring the property is to convey the property to some other private party which the County Board of Supervisors has determined will put the property to a more economically beneficial use.
