Argument in Favor of Measure F

Argument in Favor of Adding Provisions for Filling Elected Department Head Positions in the Event of a Vacancy to the Shasta County Charter (Measure F)

The Board of Supervisors of Shasta County desire to exercise their authority, pursuant to California Government Code Section 23711, and propose an addition to the Shasta County Charter to the electorate, for their consideration.

The proposed addition would amend the Shasta County Charter to require that, whenever a vacancy occurs for a Shasta County Elected Department Head Position, the Board direct staff to fill the Vacancy by calling for an election, and consolidating it with the next regularly scheduled election, so long as that election occurs within 12 months of the vacancy. Should the next regularly scheduled election not occur within 12 months of the vacancy the Board shall, by a 4/5 vote, fill the Vacancy by appointment via open recruitment.

The Board of Supervisors proposes this addition to the Charter to provide the public the opportunity to elect those individuals to critically important elected positions throughout the County at all available opportunities, especially in the event of an unexpected vacancy. All other laws, ordinances, and regulations, including the general laws of the State of California, would remain in full force and effect, if this addition to the Charter is approved.

If approved by a majority of the electorate, the addition would be considered ratified, and take effect on November 3, 2026, after certification of the vote. It would then become operative on January 1, 2027, and must be accepted and filed by the California Secretary of State.
