IMPARTIAL ANALYSIS OF MEASURE K

NOTICE IS HEREBY GIVEN that the following impartial analysis of Measure K was prepared by the office of the Willows City Attorney:

Voter approval of this measure would amend the Willows Municipal Code by adding a cannabis business tax within the City of Willows. The cannabis business tax would impose up to a 10% tax on gross receipts for cannabis businesses located in the City. The City Council would be permitted to impose any tax authorized by the measure at a lower rate by resolution and may establish exemptions, incentives, reductions, and interest charges for failure to pay the tax promptly, as otherwise allowed by California law.

All revenue generated from the measure would be deposited in the City's General Fund, and all revenue collected from the measure would be used by the City to pay for general City operations and services. The ballot measure proposes a "general purpose tax" which requires a majority vote (50% plus 1) of the electorate for approval.

The tax would be imposed on all commercial cannabis businesses, including, but not limited to, retail, manufacturing, cultivation, distribution, processing, storing, and delivery within the City of Willows, whether related to recreational or medicinal cannabis. The City would not construe payment of the tax as authorizing the conduct or permitting the continuation of any illegal business within the City, nor will this measure in itself permit any commercial cannabis activity. Nothing in the measure would imply or authorize activities connected with the distribution, possession, or sale of cannabis unless authorized by California law and as may be specifically permitted by the City of Willows.

A "yes" vote is a vote in favor of authorizing the transaction and use tax. A "no" vote is a vote against authorizing the transaction and use tax. The above statement is an impartial analysis of Measure K.
