ARGUMENTS IN SUPPORT OF OR IN OPPOSITION TO THE PROPOSED LAWS ARE THE OPINIONS OF THE AUTHORS.

ARGUMENT AGAINST MEASURE B

We've carefully analyzed Measure B and strongly urge you to VOTE NO! It will cost you and all County taxpayers more money with too much uncertainty and unclear oversight.

- In a time of rising gas and food prices, Measure B will raise the average San Diego household's taxes by **hundreds of dollars** every year.
- Measure B contains **no sunset clause** that allows voters to reauthorize it based on how well politicians spend the new money. If approved, **we will pay the new tax forever** unless voters gather signatures to repeal it.
- Measure B creates a supposed citizens' oversight committee that seems designed to specifically exclude any taxpayer advocacy representatives. However, direct recipients of the new taxes are given spots on this committee to oversee money they receive themselves! This is a **huge conflict of interest!**
- Measure B contains **no year-over-year performance targets** that would allow citizens to measure and track results.
- Measure B adds a permanent new revenue stream onto a fiscal structure the Taxpayers Association has already identified as **unsustainable** on its current path.
- Local media reports that County officials **refuse to say** whether Measure B would reopen one or more County labor contracts to increase employee salaries & benefits, creating **uncertainty for voters** in how the money will truly be spent.

It doesn't add up.

VOTE NO on Measure B!

President & CEO San Diego County Taxpayers Association

REBUTTAL TO THE ARGUMENT AGAINST MEASURE B

THE OPPONENTS HAVE THEIR FACTS WRONG…

Measure B's strict taxpayer protections require our money be used to protect San Diego County's public safety and health. It prevents wasteful spending by corrupt politicians and bureaucrats.

San Diego County Firefighters, Doctors, Nurses and The Middle Class Taxpayers Association ALL SUPPORT Measure B.

MEASURE B HAS THE TOUGHEST TAXPAYER PROTECTIONS

- Every dollar stays in San Diego County – no exceptions
- Washington and Sacramento can't touch our money
- Public Expenditure reports track how Measure B funds are spent
- Annual independent audits account for every penny
- Strict citizen oversight reviews all expenditures
- Prohibits funds for politician salaries, lobbyist contracts
- Mandatory DA investigations/prosecutions for fraud/abuse
- Politicians can't divert the money - by law, funds must be used for 911 emergency services, fire protection, healthcare and water safety.

YES ON B PUTS PUBLIC SAFETY FIRST. Without Measure B, budget shortfalls threaten layoffs to first responders and slower 911 response times. Measure B protects San Diego County from growing wildfire threats by adding firefighters, brush clearing and firefighting helicopters. Measure B hires and retains police and paramedics to respond fast to emergencies across San Diego County.

YES ON B COMBATS THE HEALTHCARE EMERGENCY. Washington's cuts are stripping coverage from local families and kids, and forcing layoffs at hospitals and ERs. Measure B prevents the most disastrous cuts to keep hospitals staffed, preserve healthcare for tens of thousands of local families and fight the Tijuana River toxic sewage crisis poisoning our clean water and air.

The real risk is allowing deep cuts to gut services essential to San Diego County's health and safety.

Vote YES on B | Protect Taxpayers | Protect San Diego County's Safety & Health
